

## Edge-weight distribution

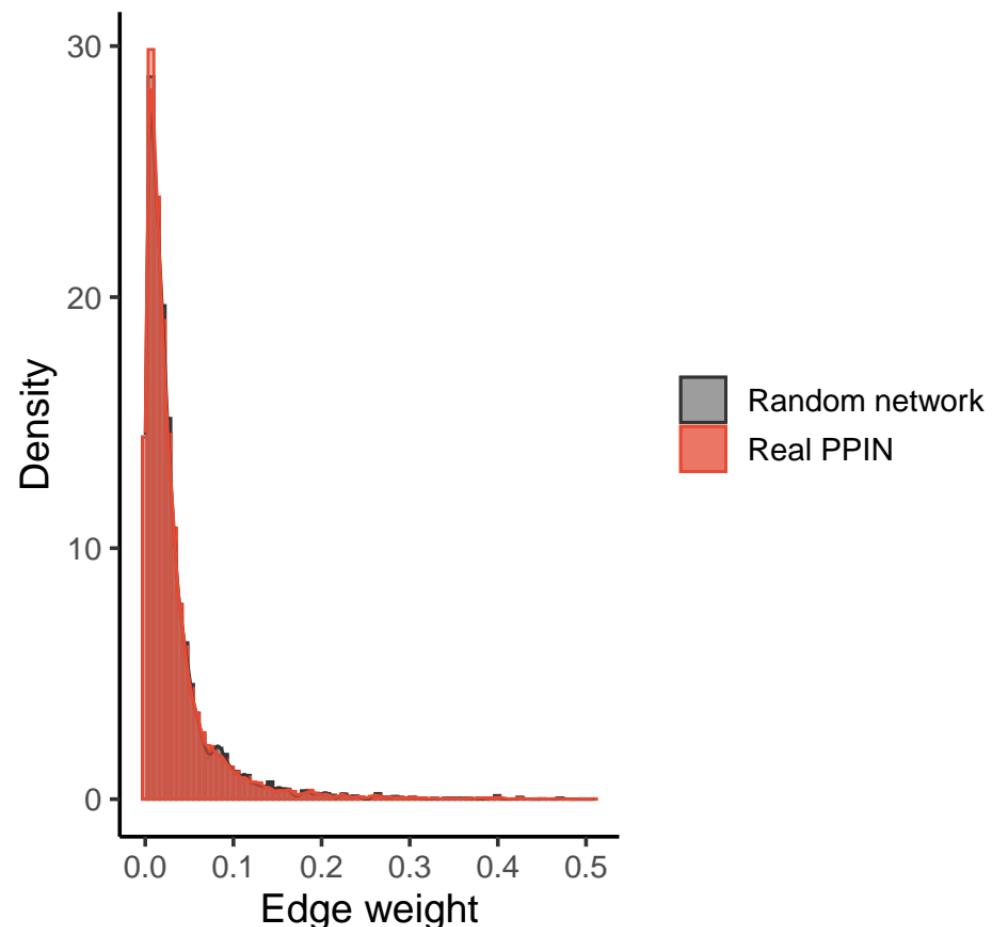

## HiG\_1 fragmentation under targeted-node attack

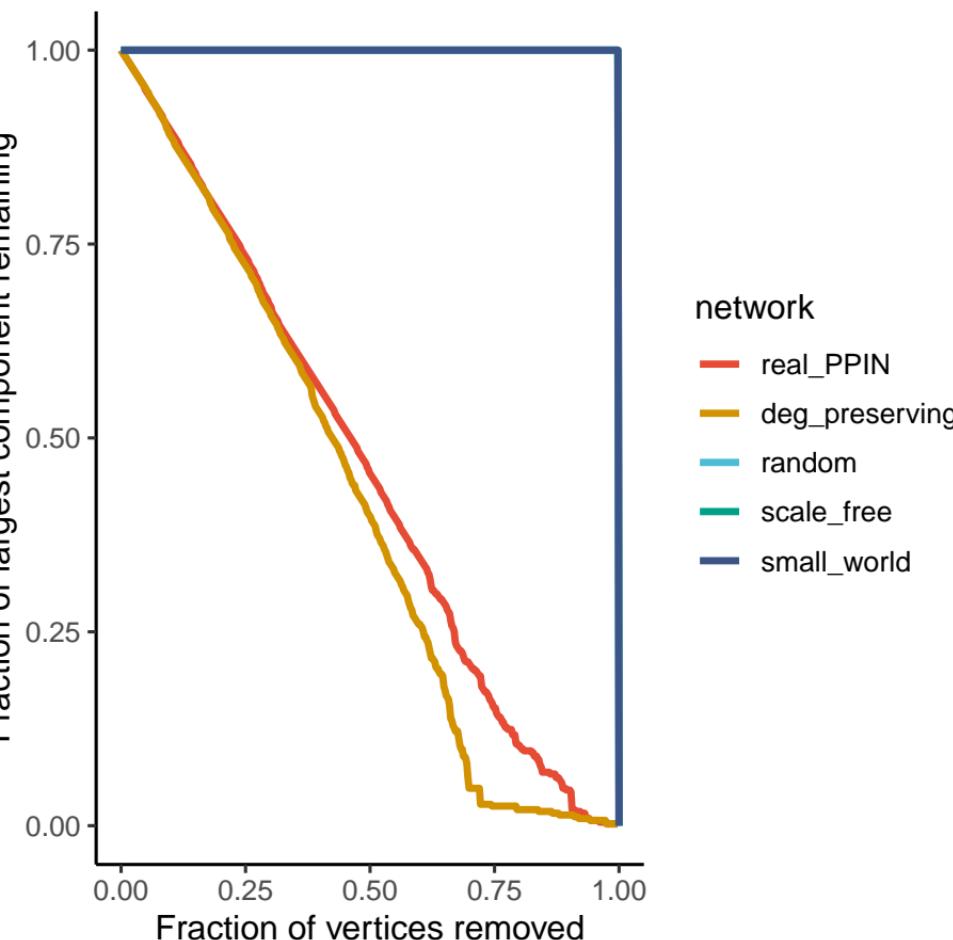

## HiG\_1 resilience (AUC of fragmentation curve)

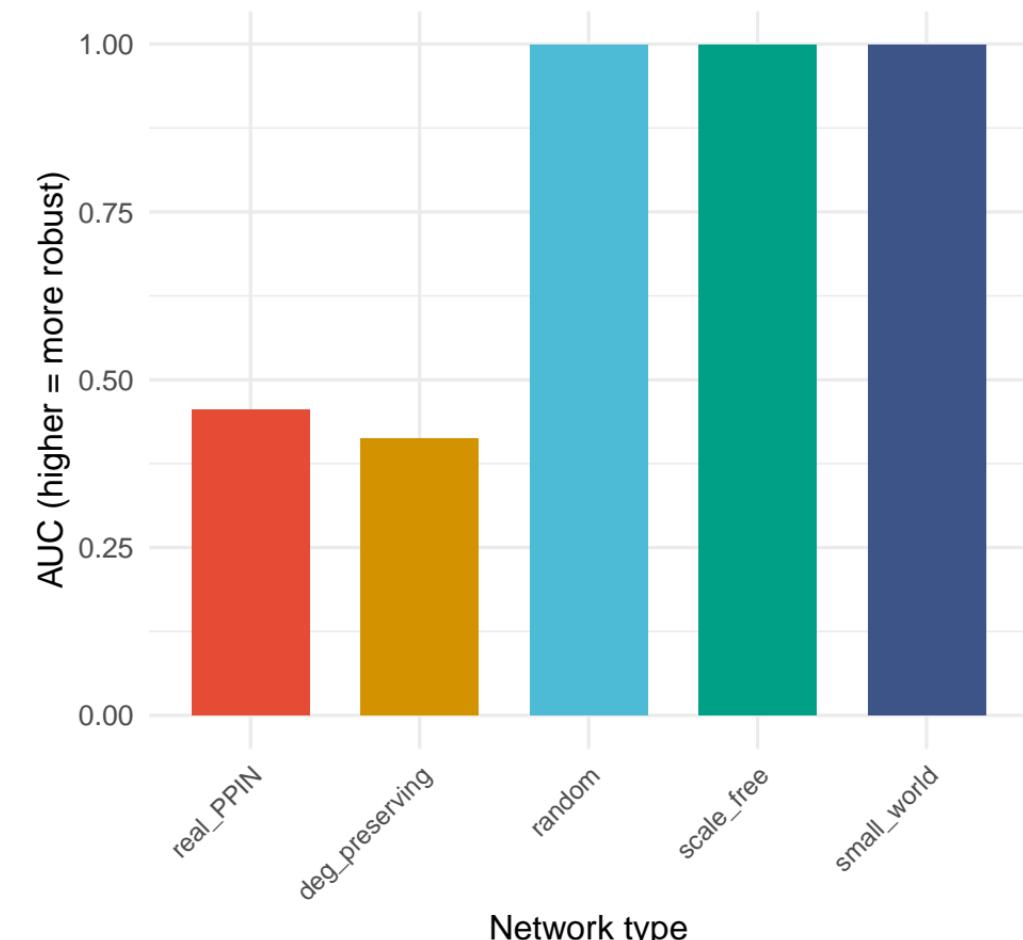

## Edge-weight distribution

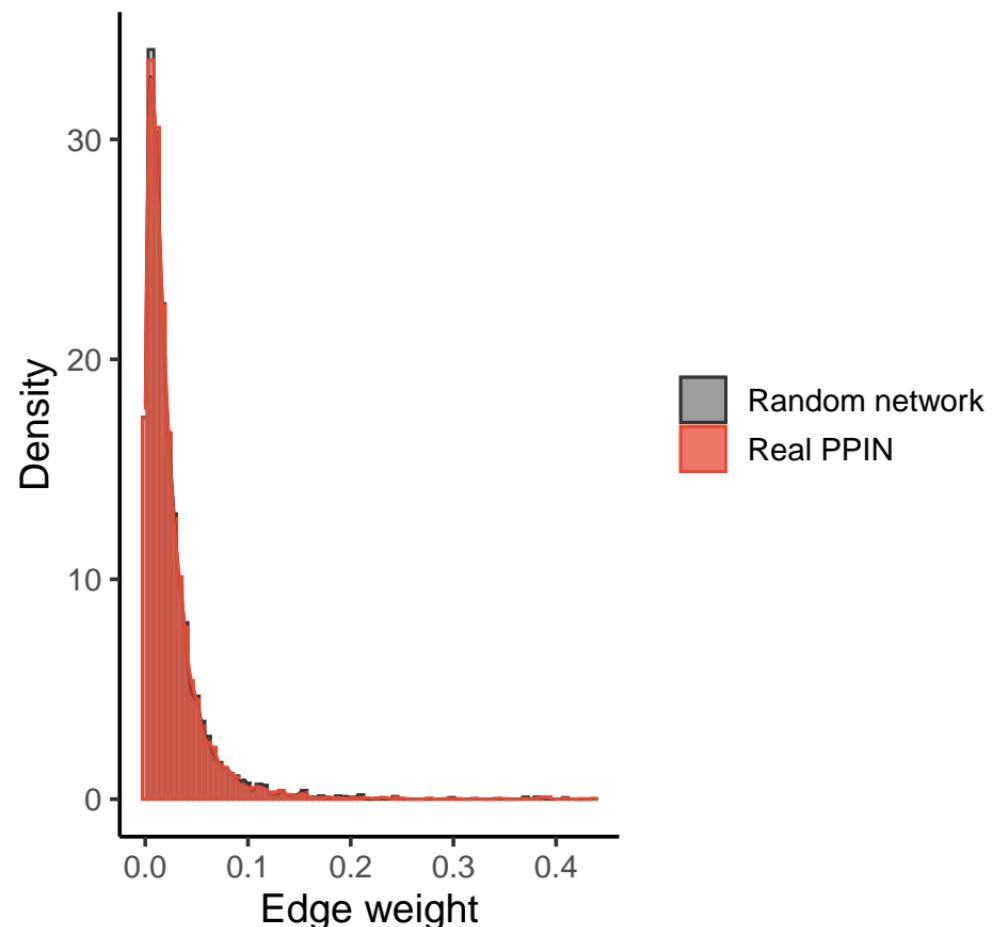

## HiG\_2 fragmentation under targeted-node attack

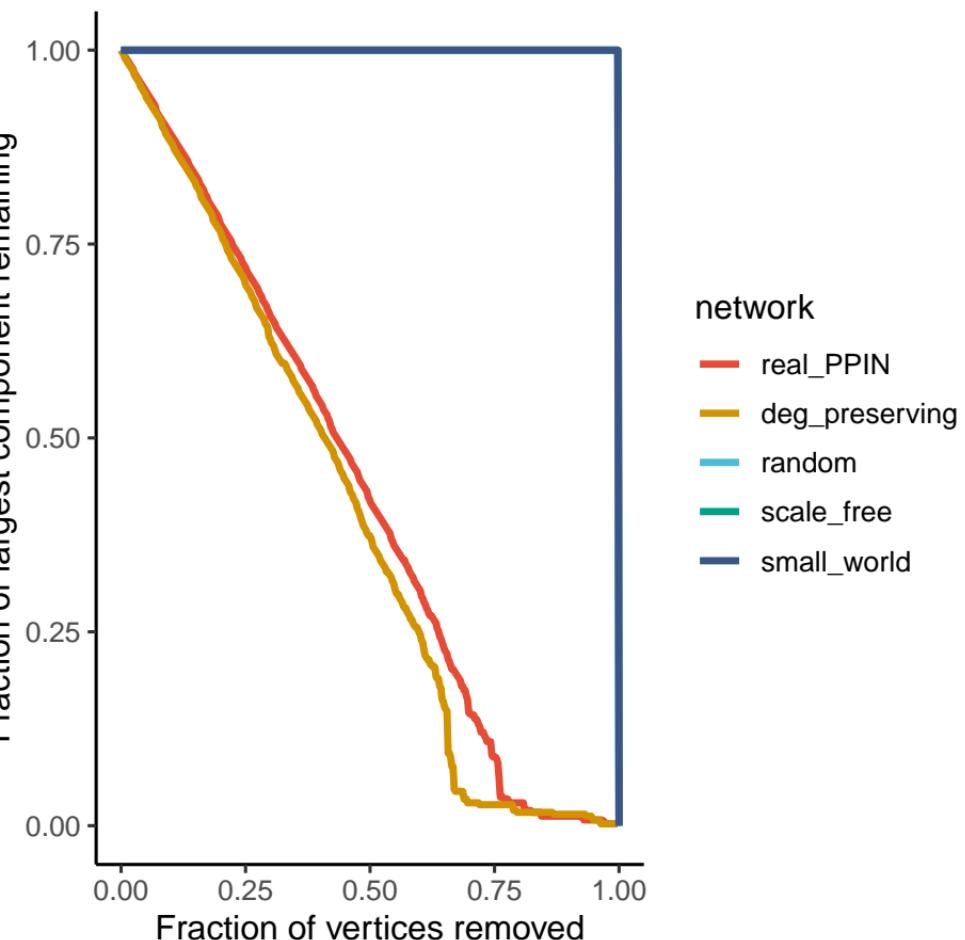

## HiG\_2 resilience (AUC of fragmentation curve)

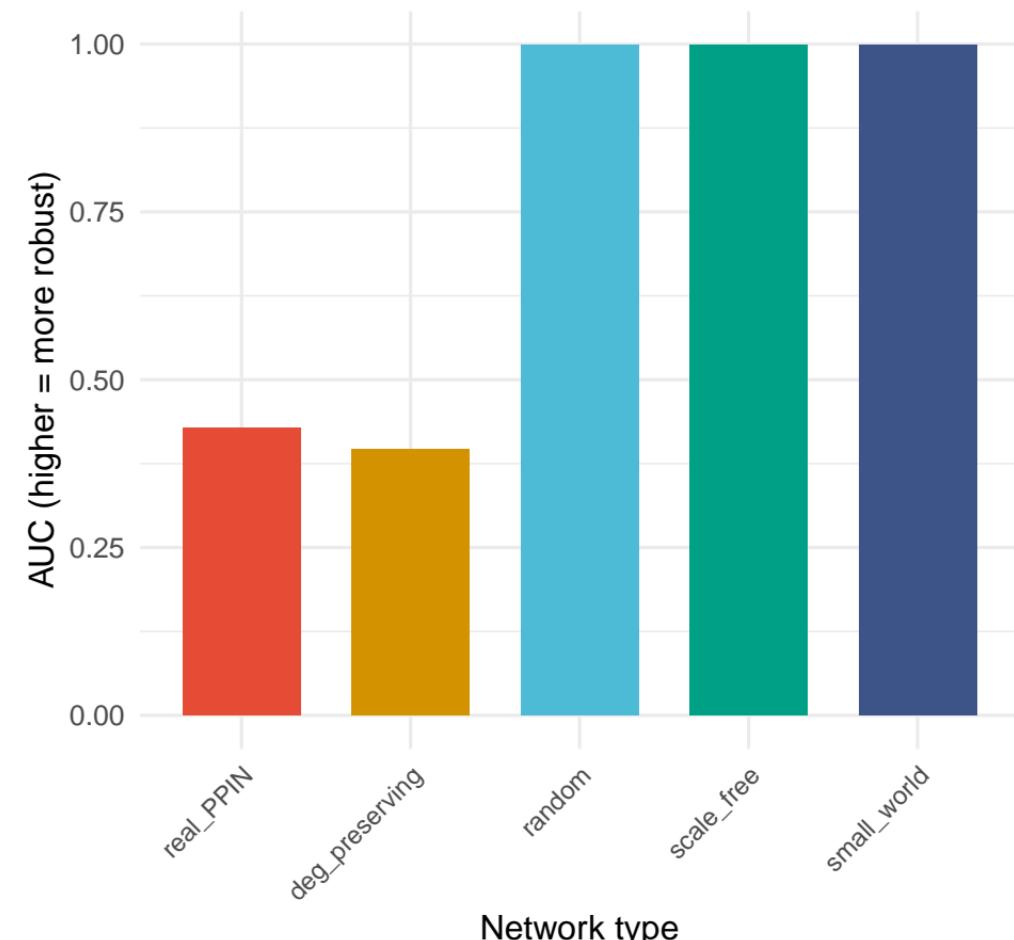

## Edge-weight distribution

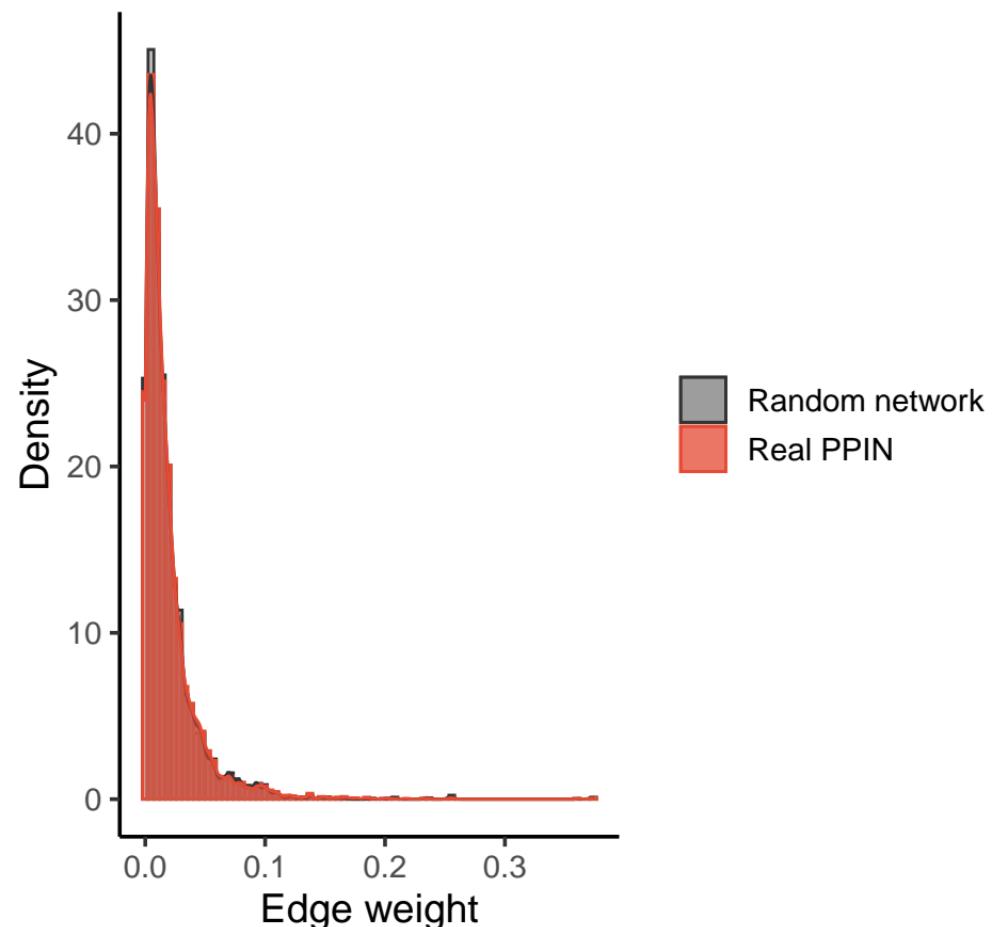

## HiG\_3 fragmentation under targeted-node attack

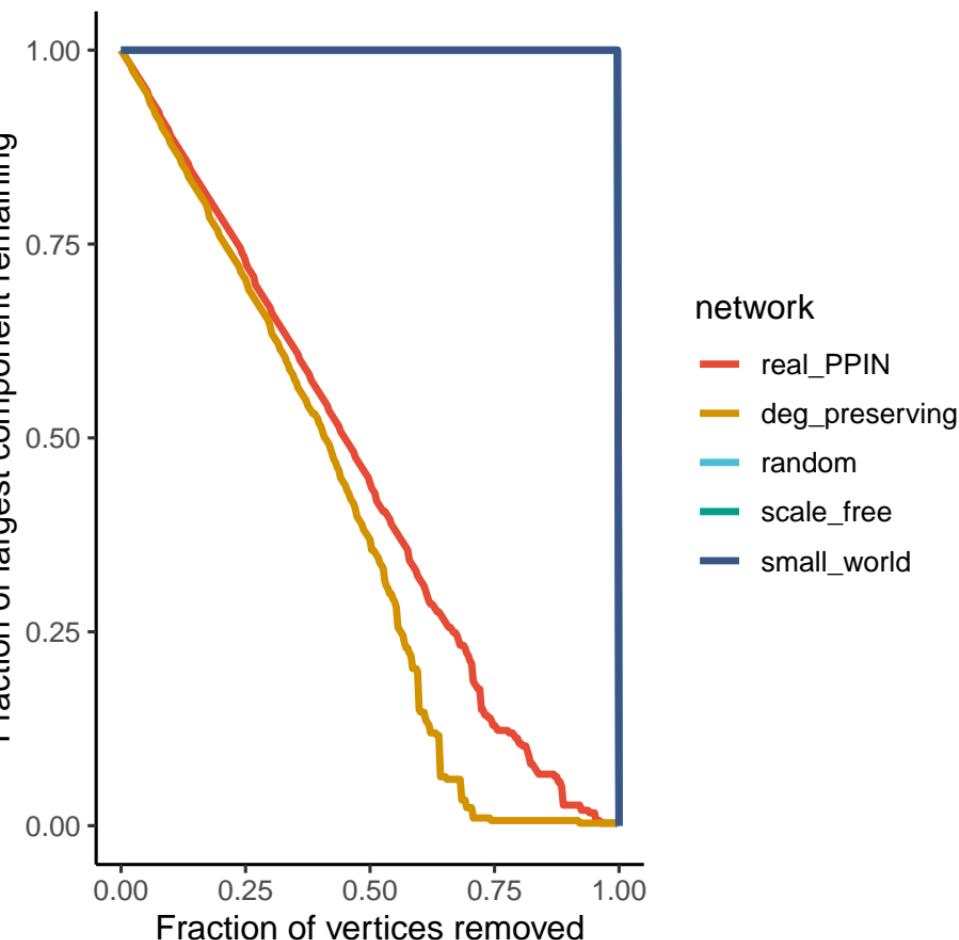

## HiG\_3 resilience (AUC of fragmentation curve)

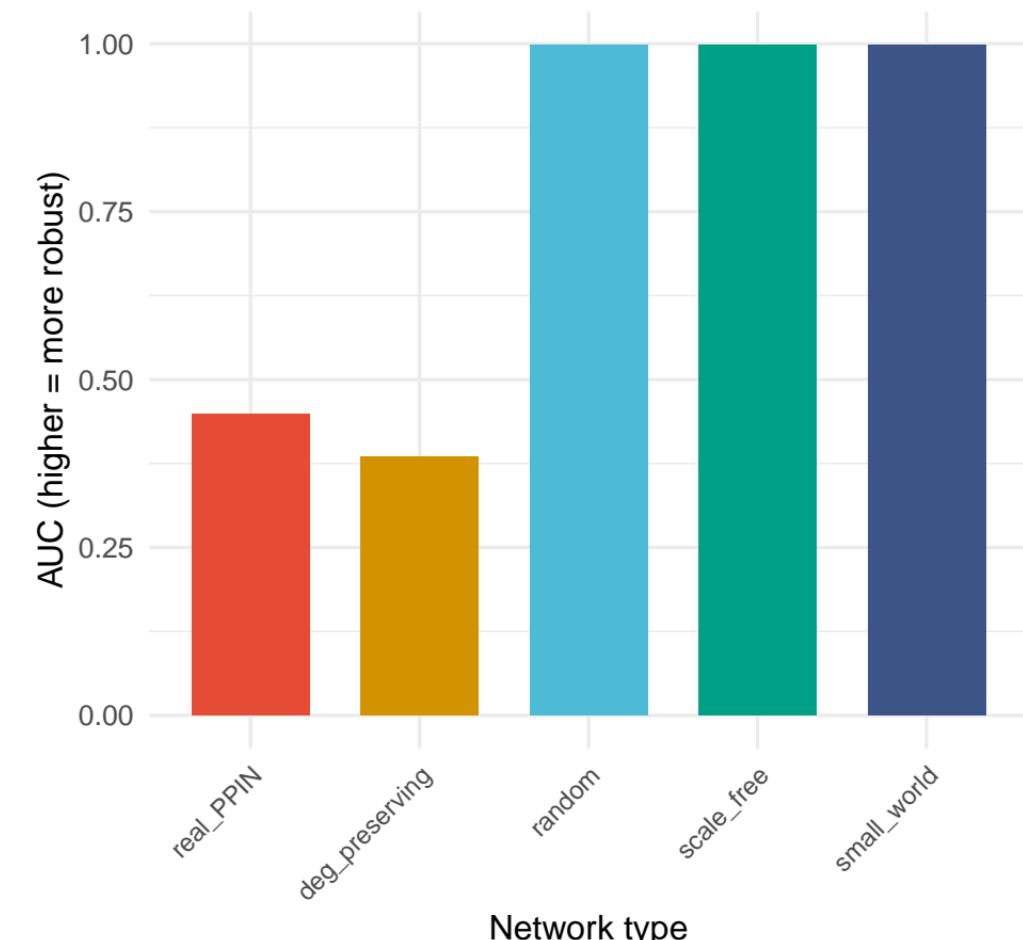

## Edge-weight distribution

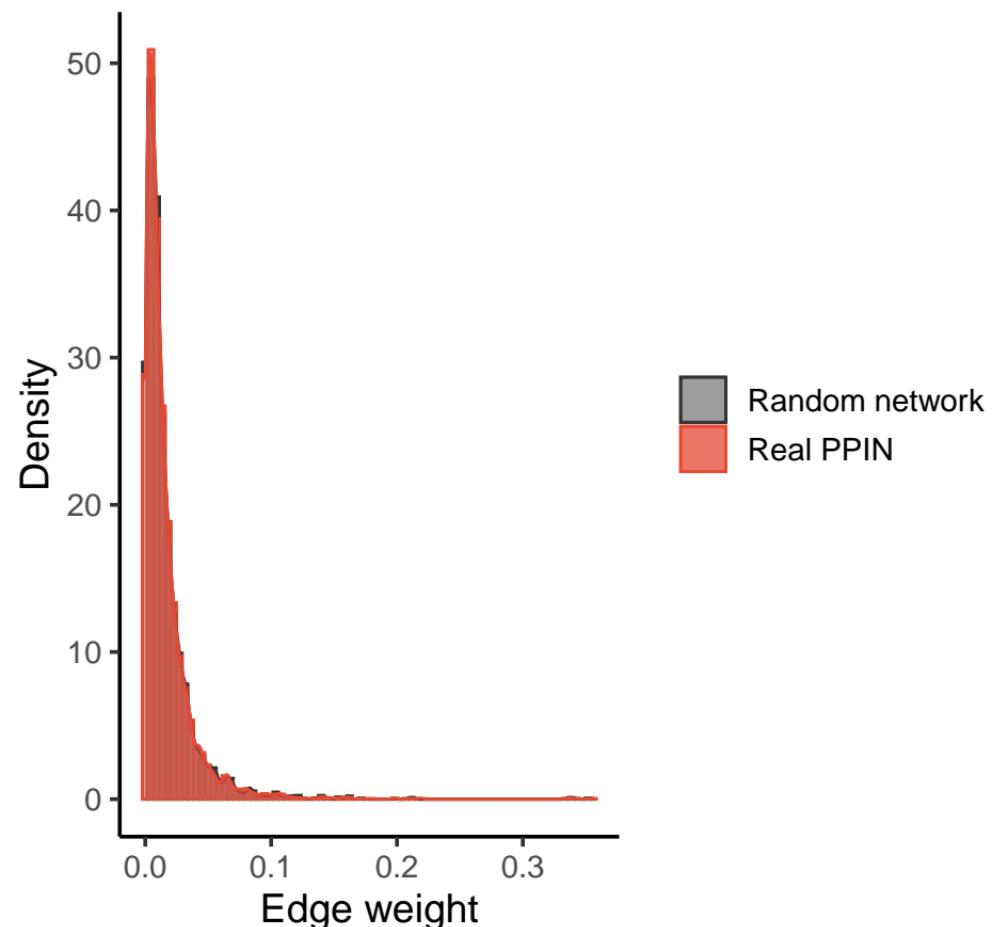

## HiG\_4 fragmentation under targeted-node attack

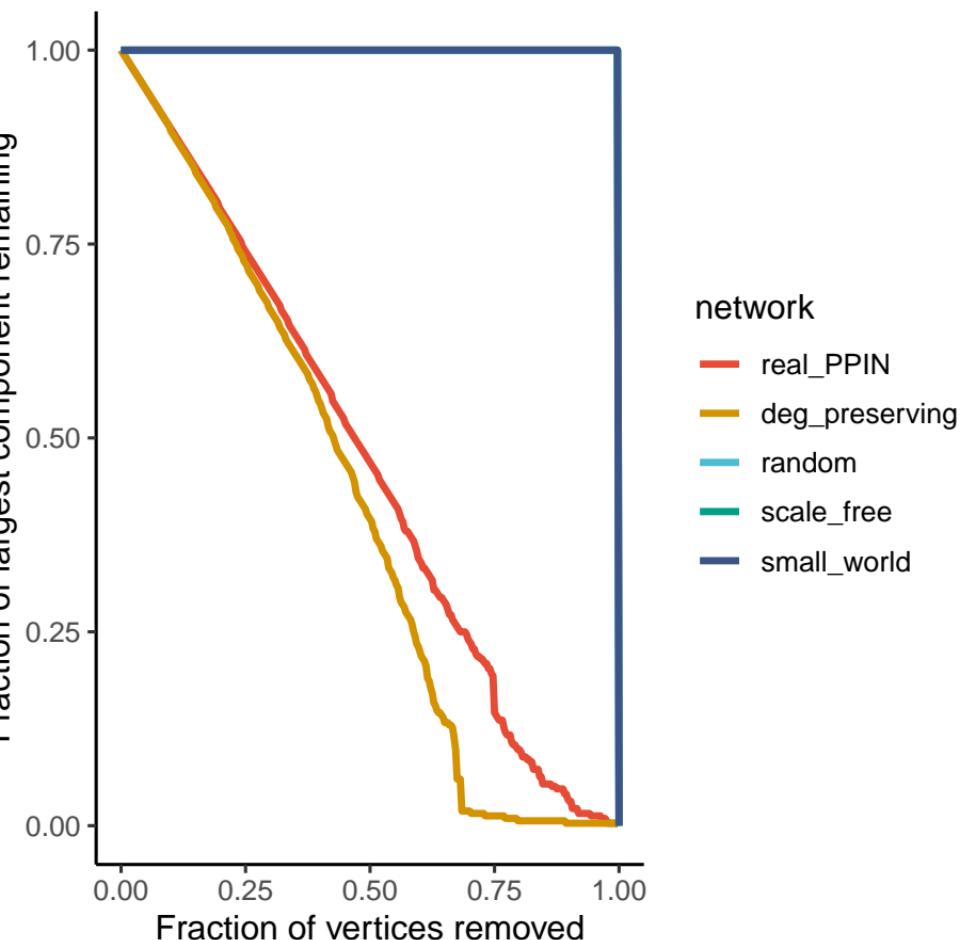

## HiG\_4 resilience (AUC of fragmentation curve)

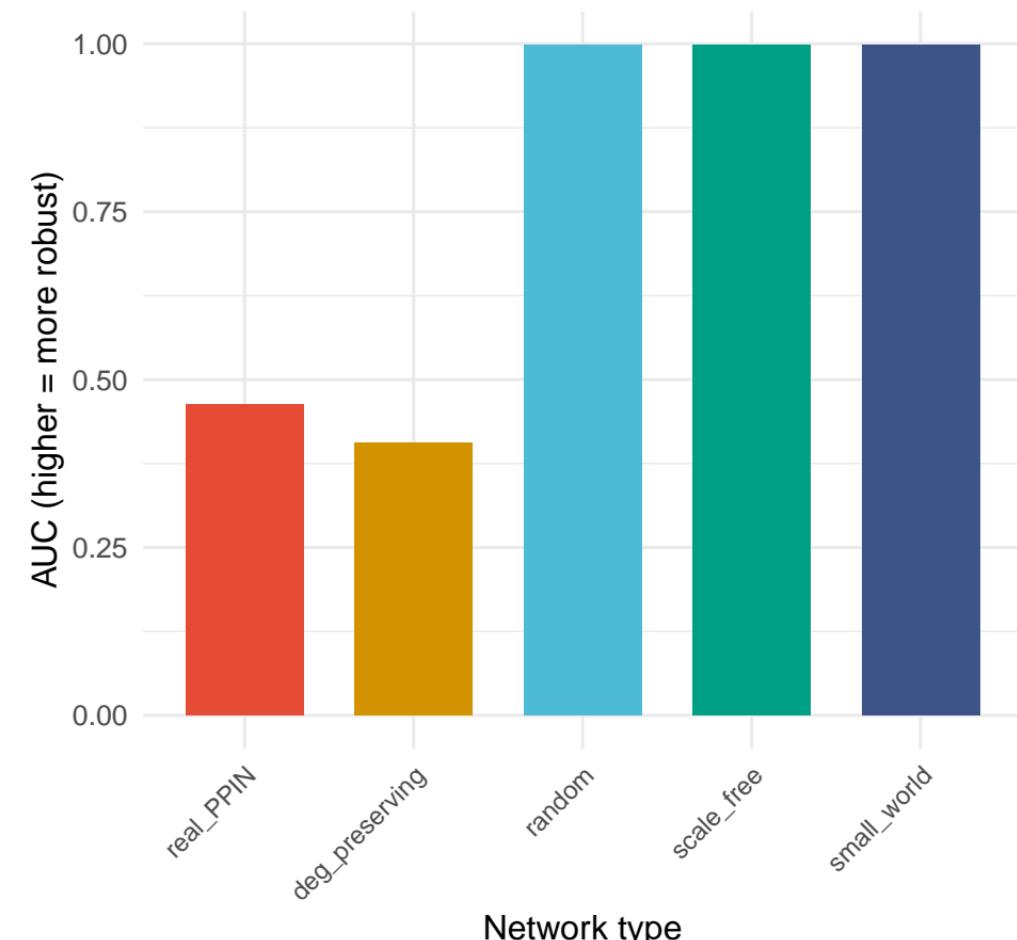

## Edge-weight distribution

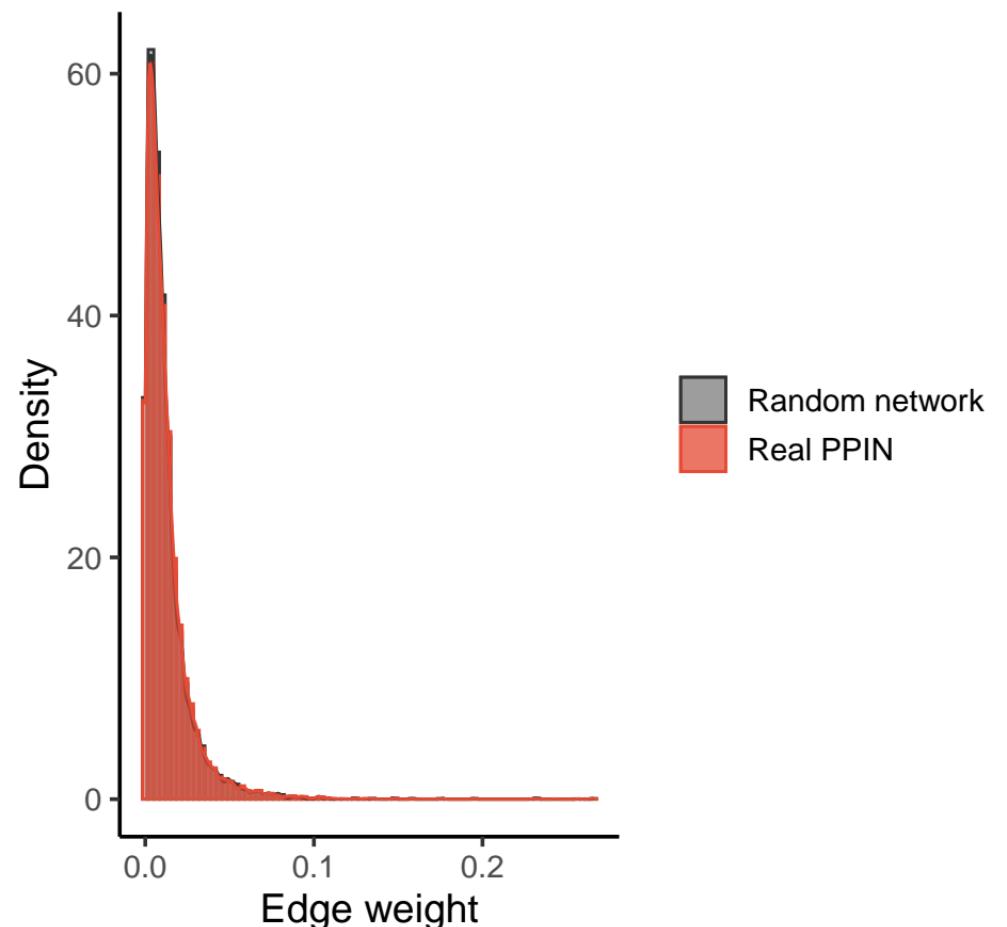

## HiG\_5 fragmentation under targeted-node attack

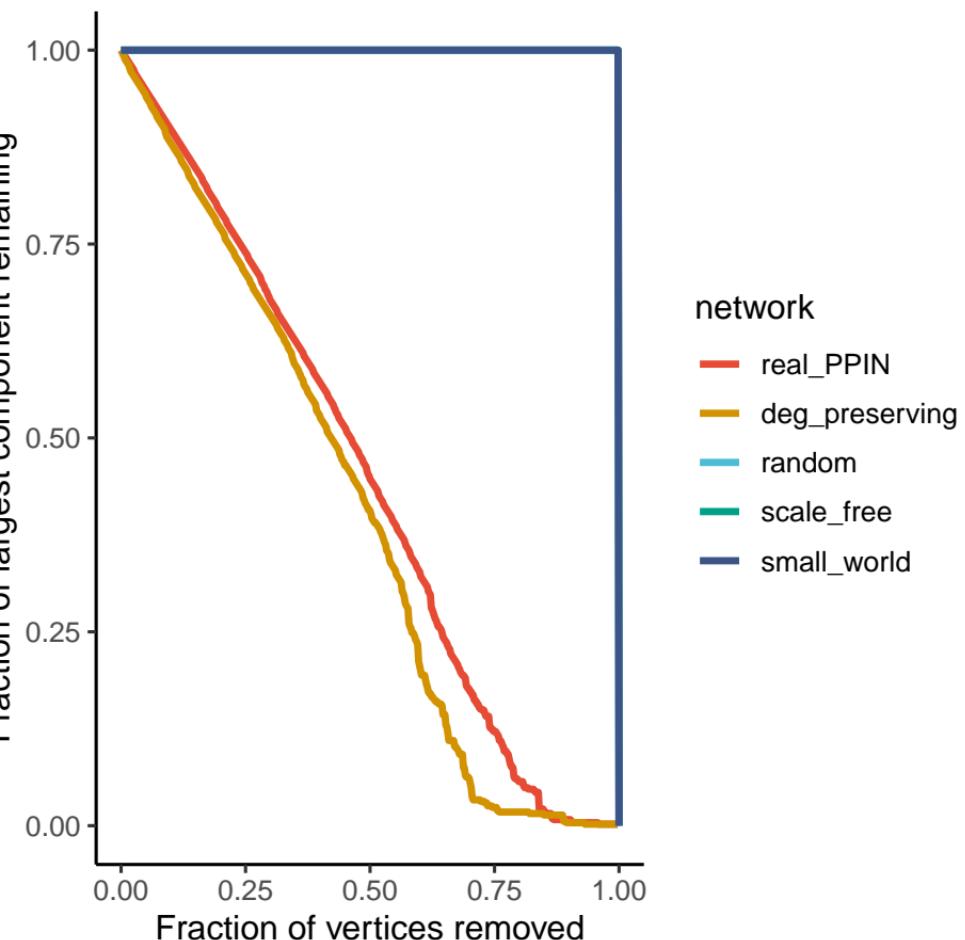

## HiG\_5 resilience (AUC of fragmentation curve)

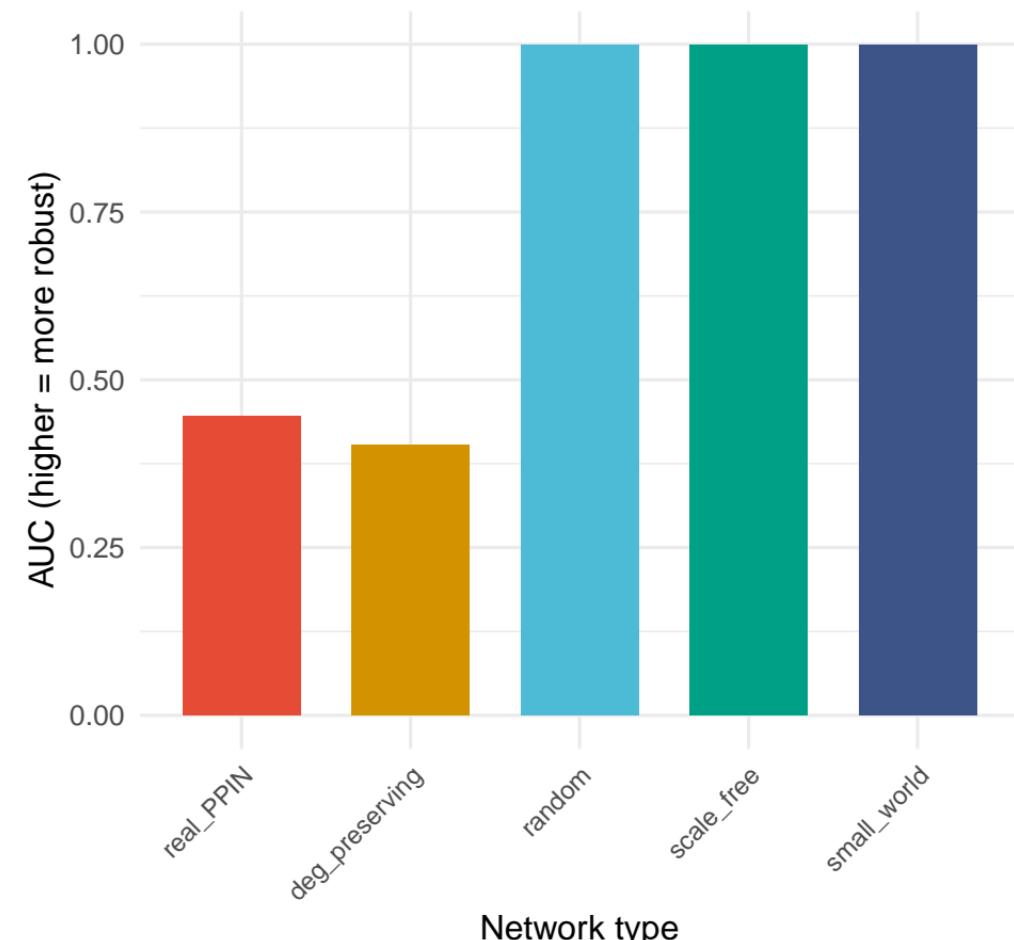

## Edge-weight distribution

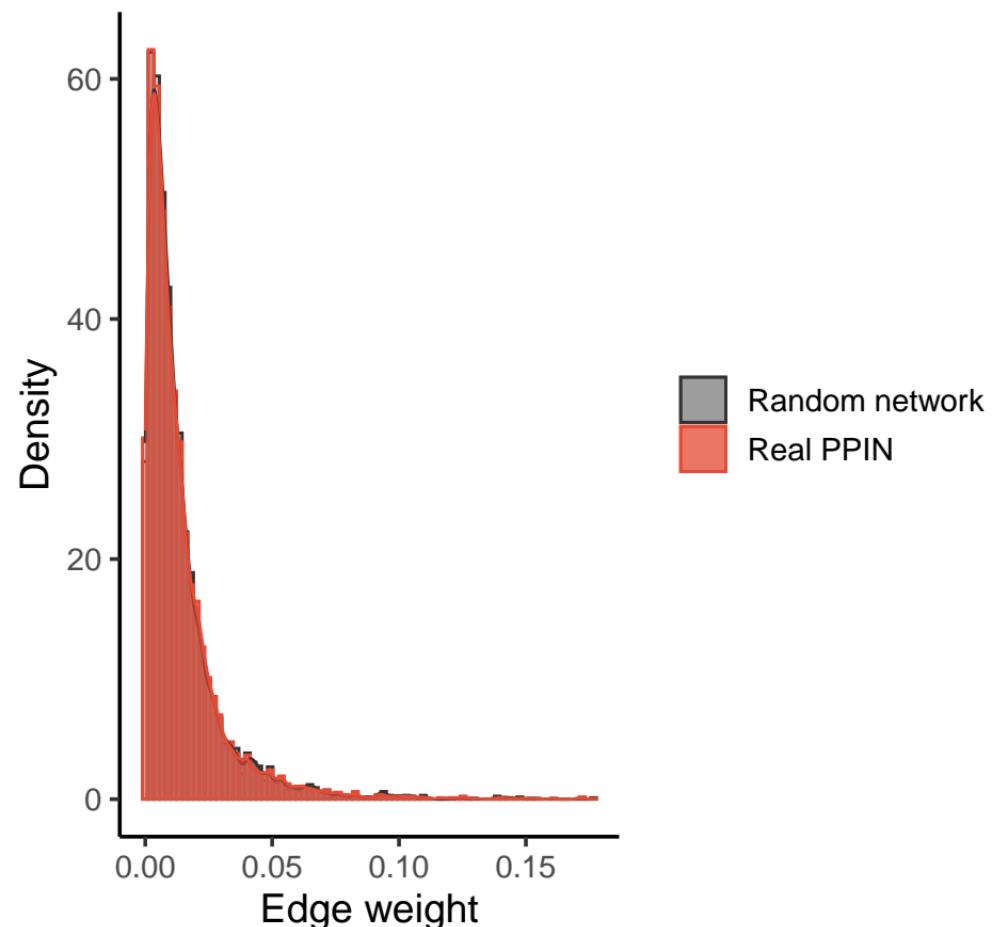

## HiG\_6 fragmentation under targeted-node attack

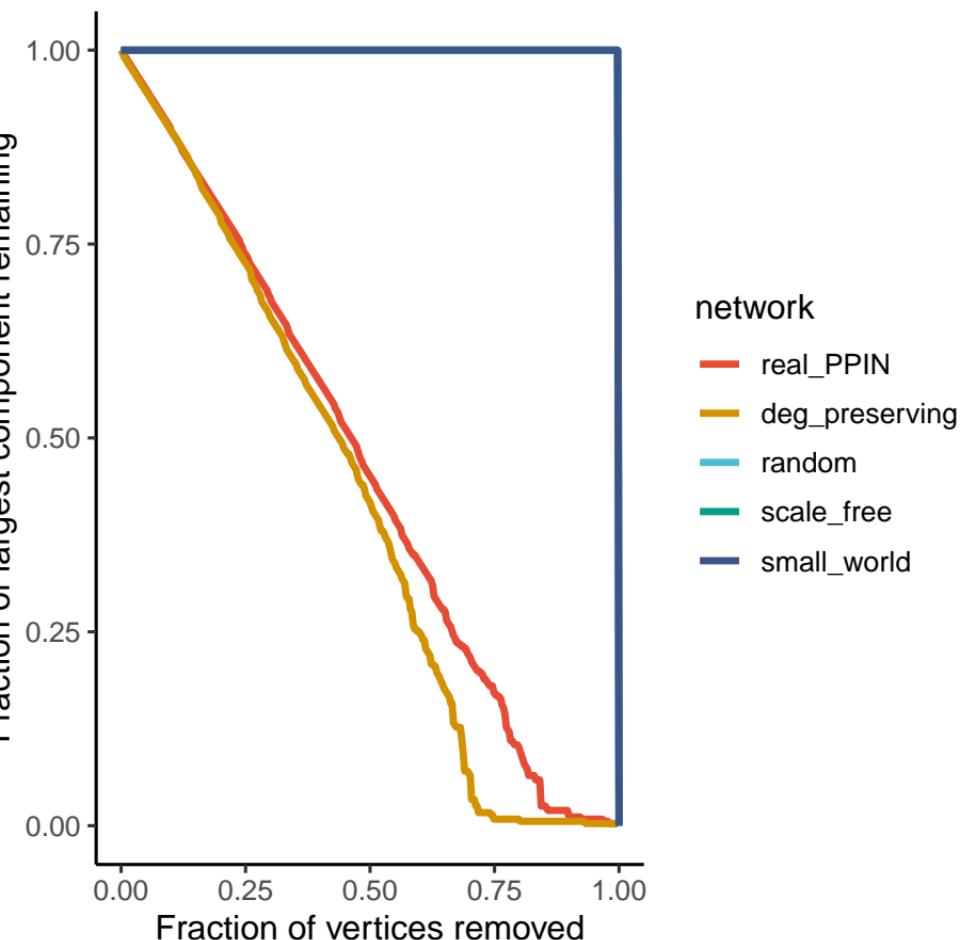

## HiG\_6 resilience (AUC of fragmentation curve)

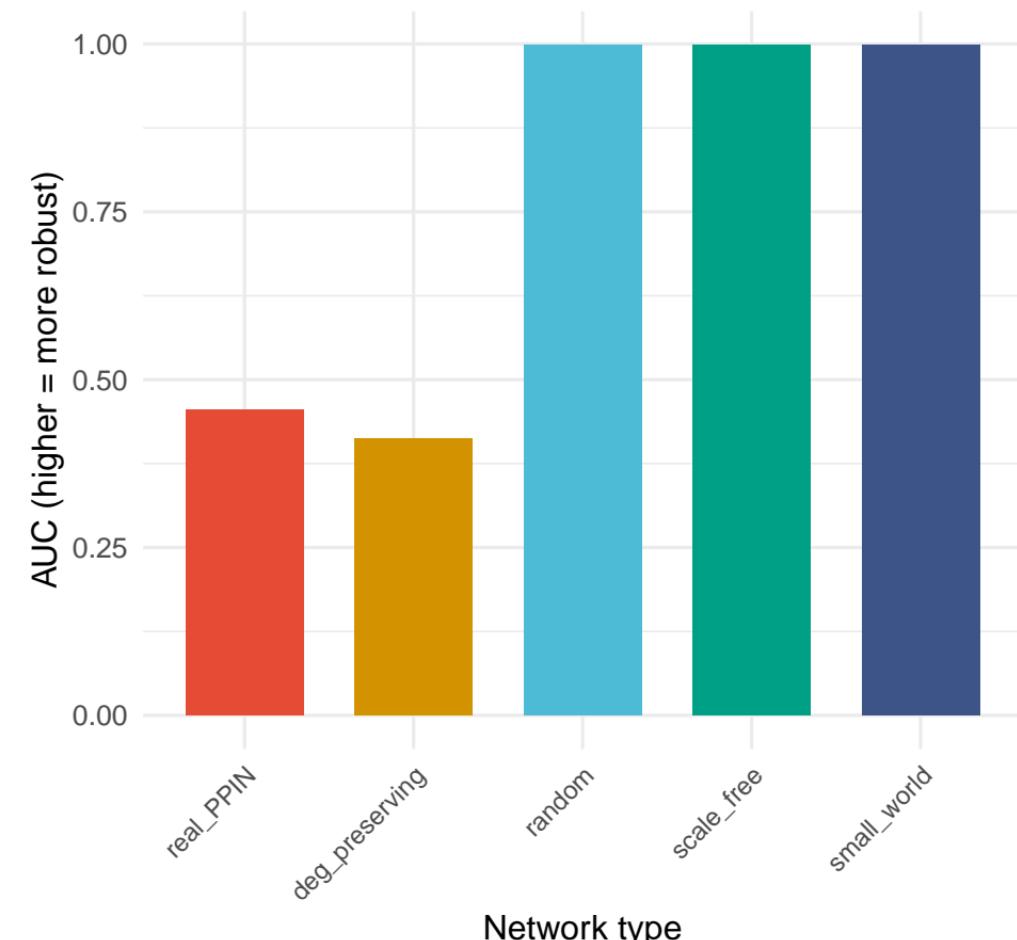

## Edge-weight distribution

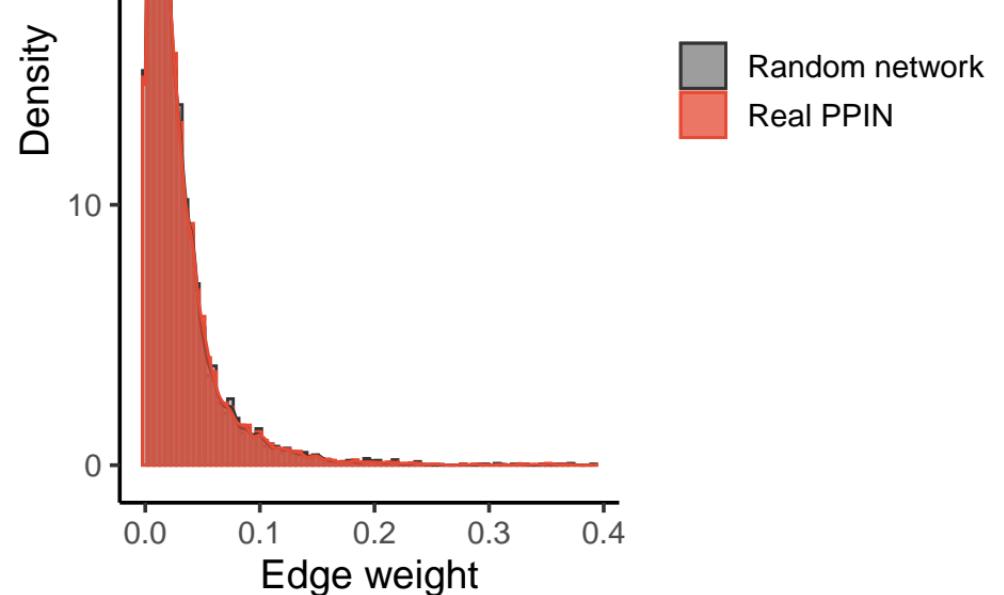

## HiG\_9 fragmentation under targeted-node attack

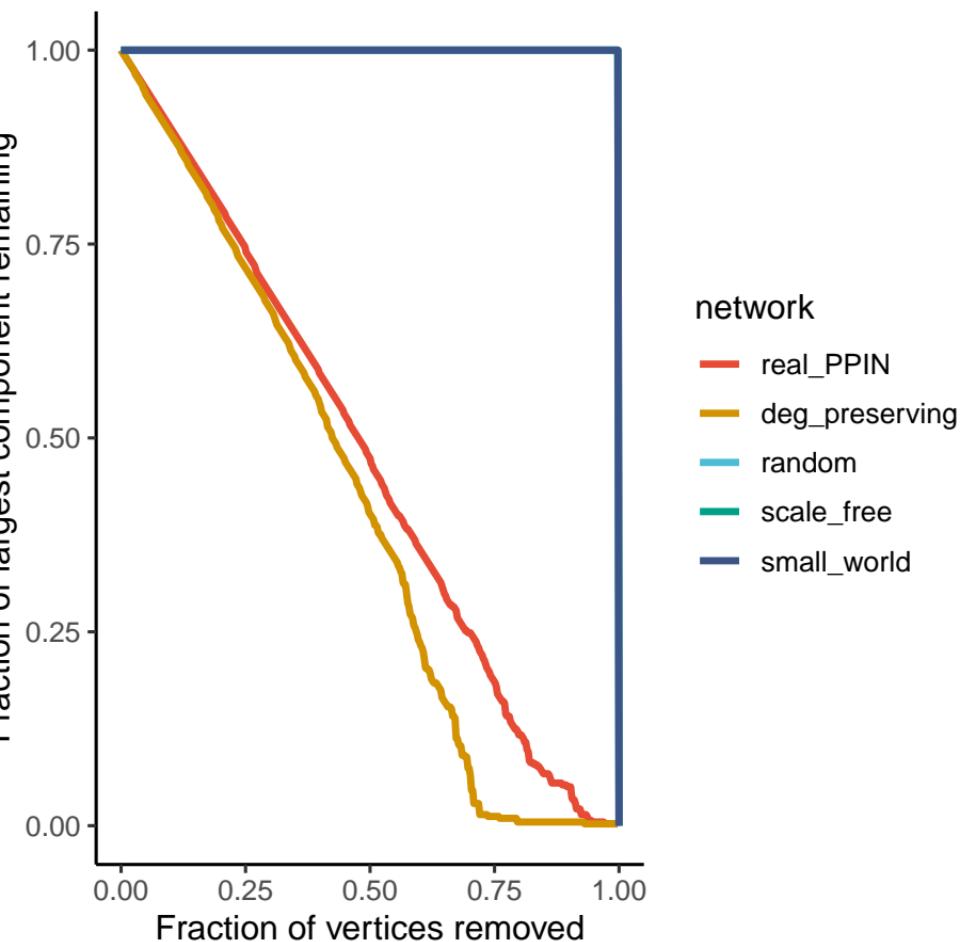

## HiG\_9 resilience (AUC of fragmentation curve)

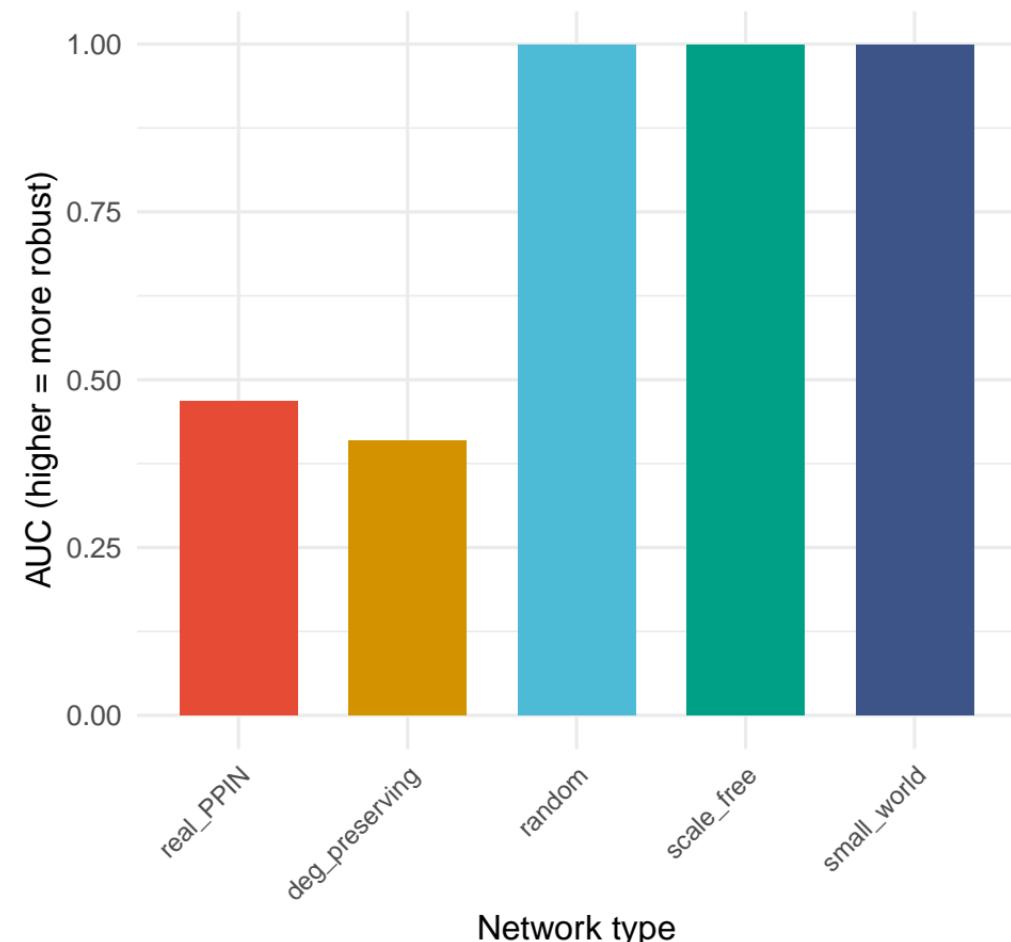

## Edge-weight distribution

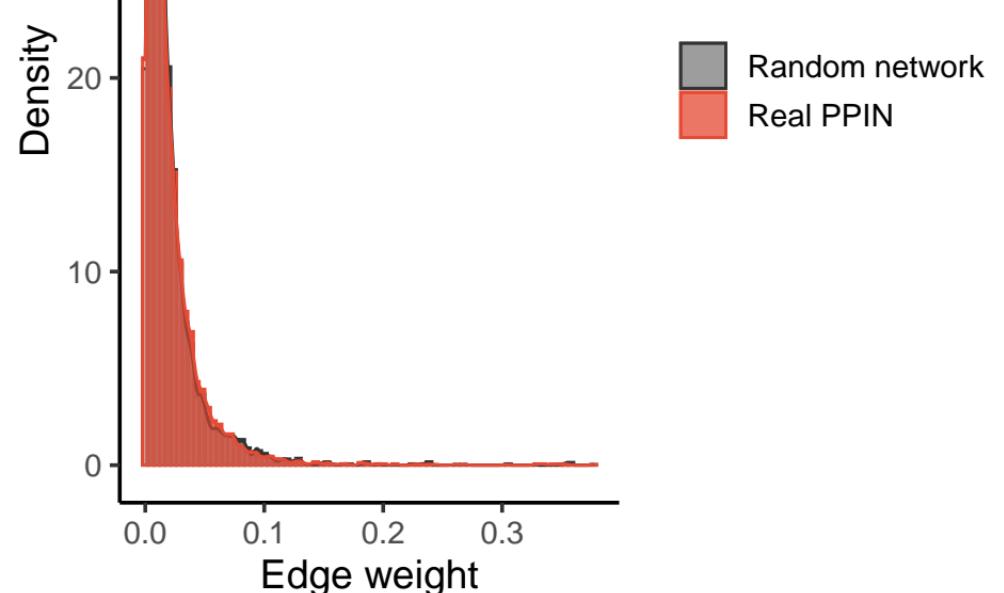

## HiG\_10 fragmentation under targeted-node attack

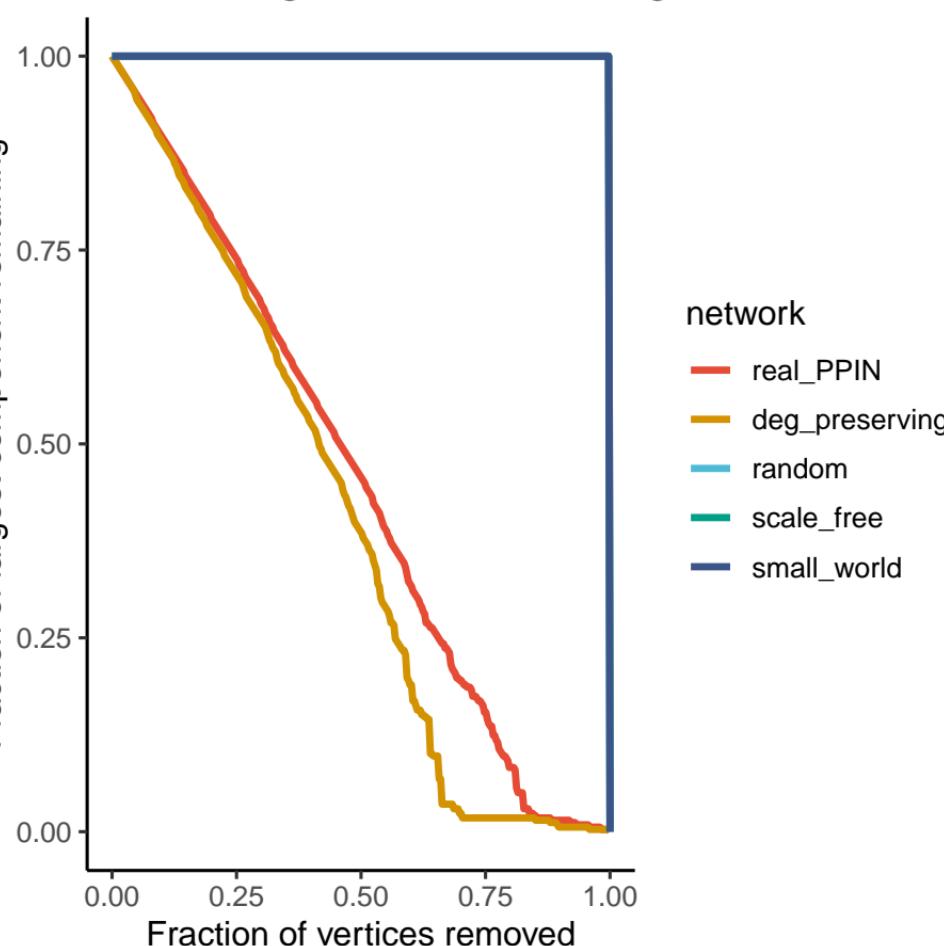

## HiG\_10 resilience (AUC of fragmentation curve)

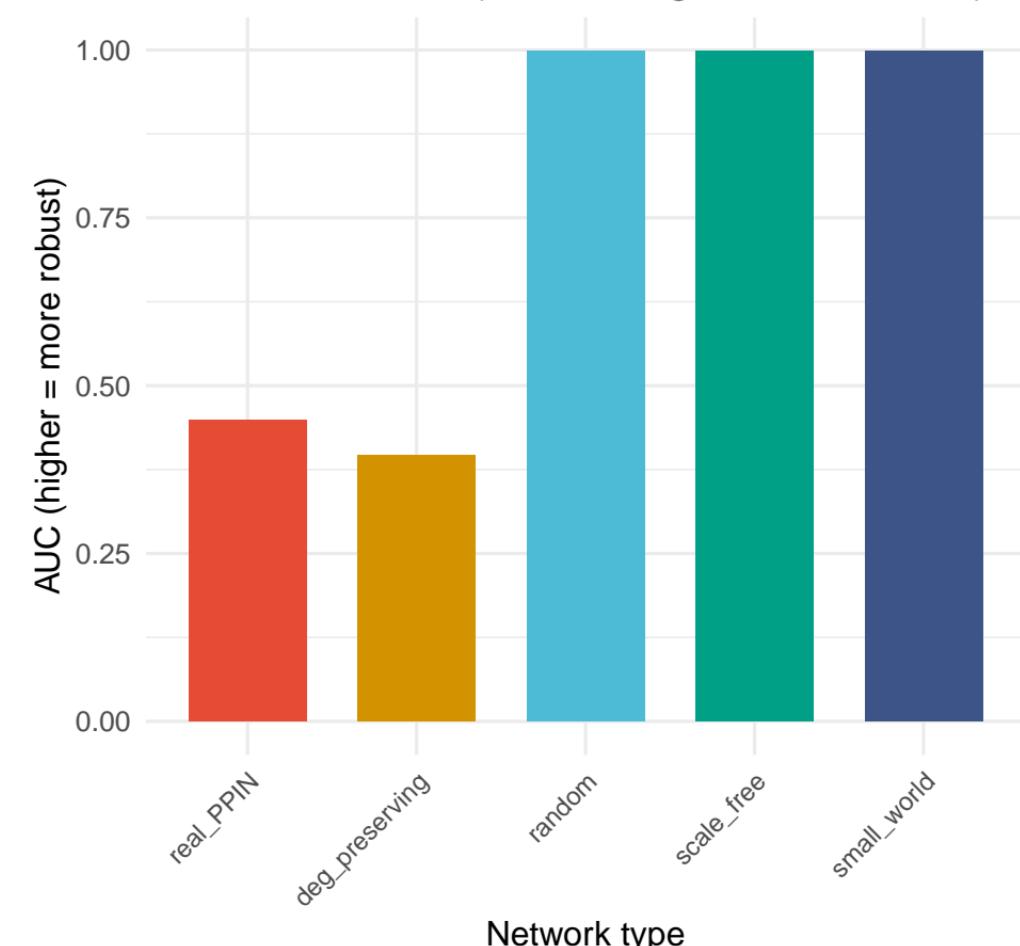

## Edge-weight distribution

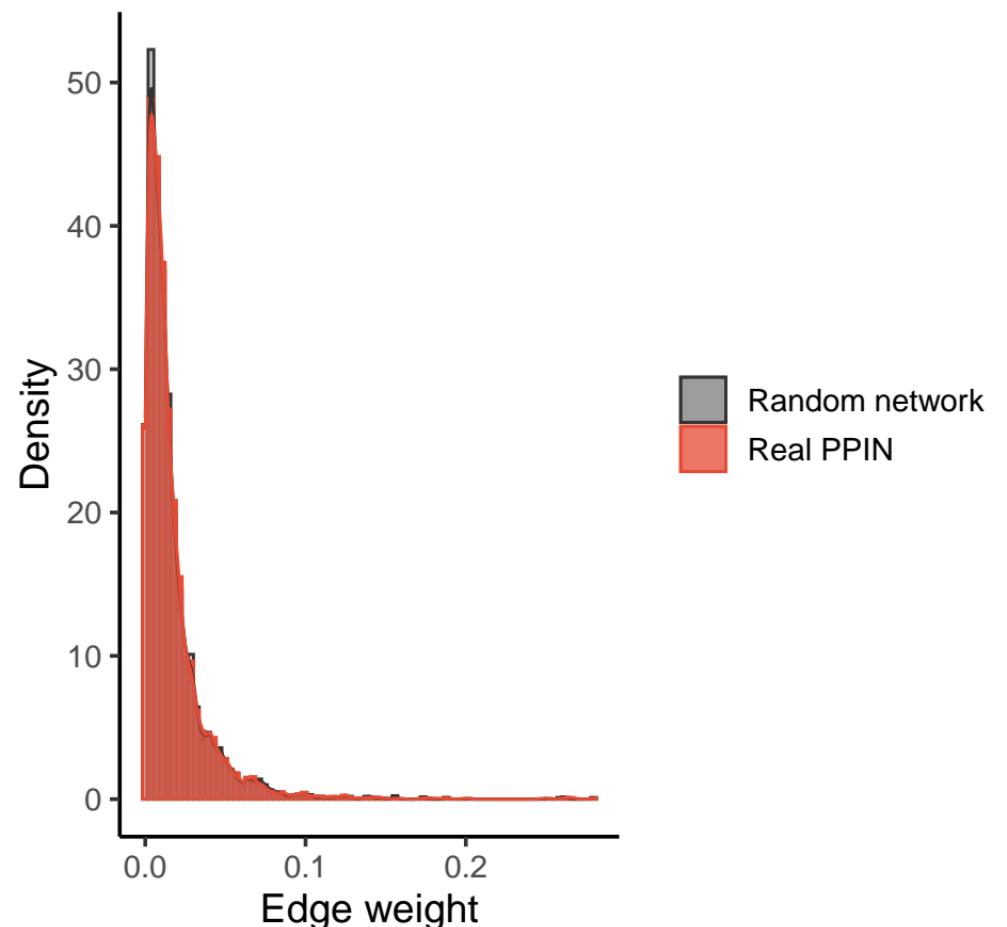

## HiG\_12 fragmentation under targeted-node attack

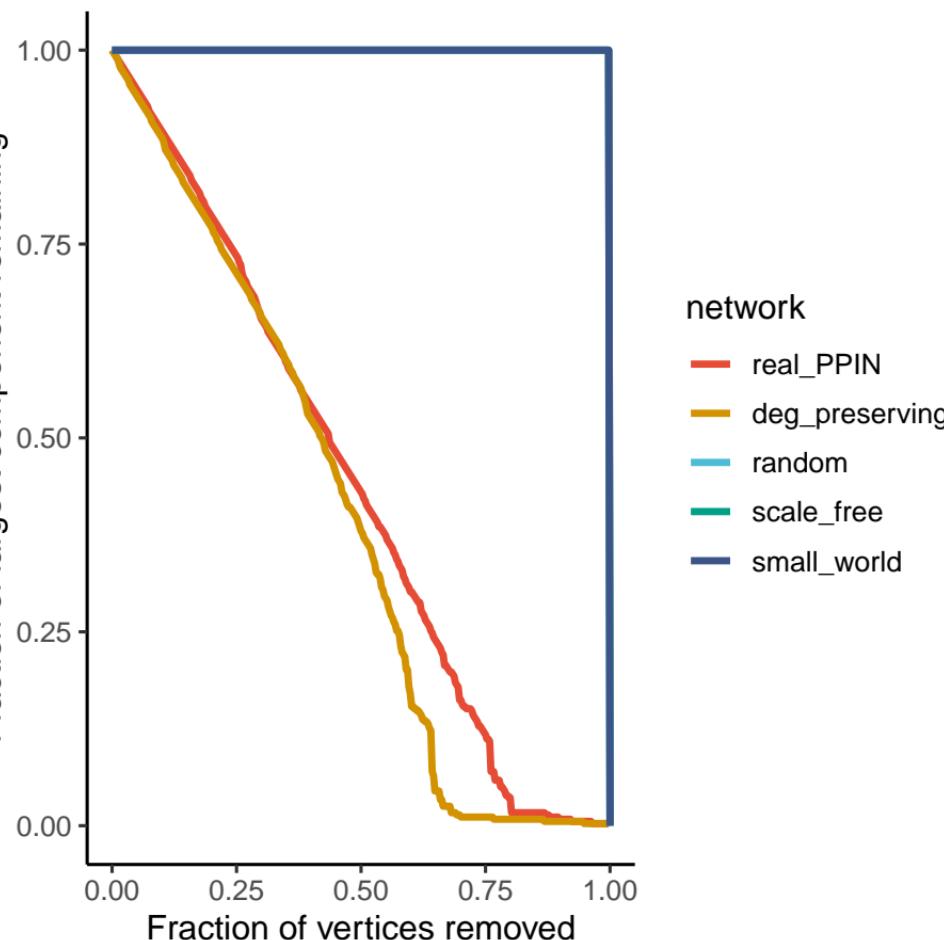

## HiG\_12 resilience (AUC of fragmentation curve)

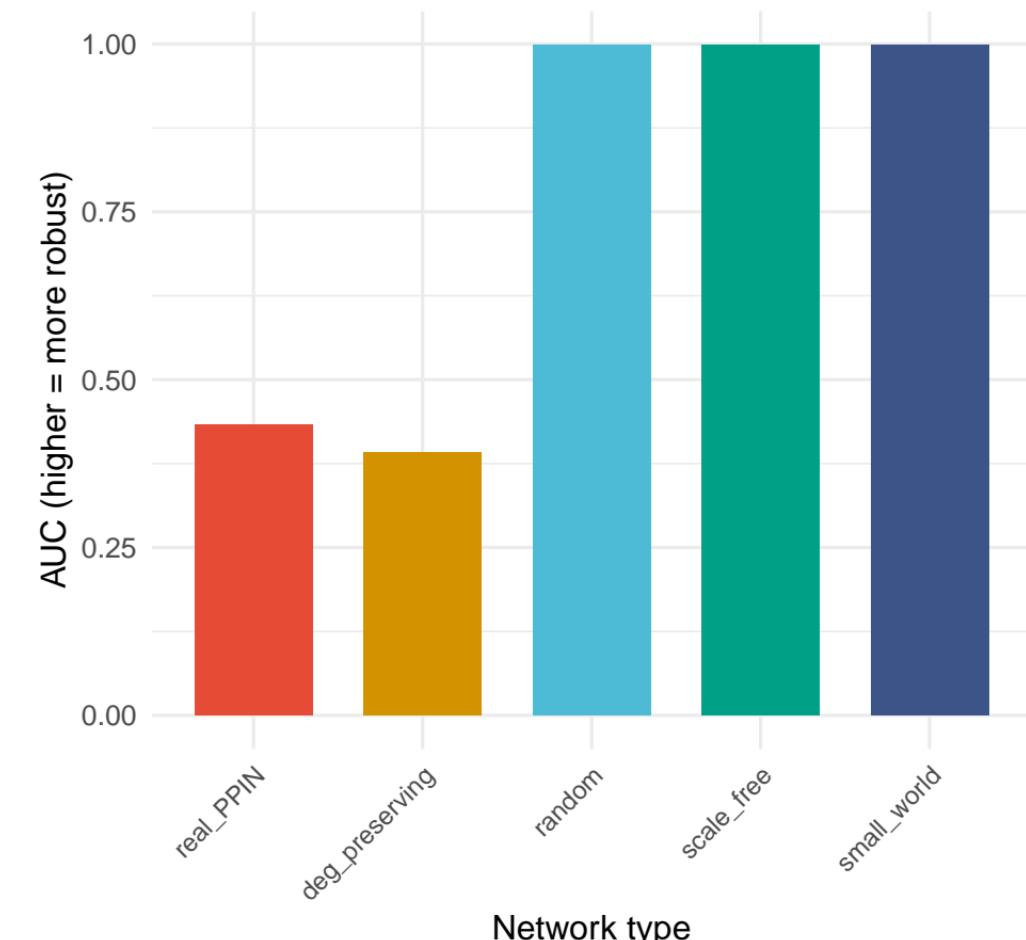

## Edge-weight distribution

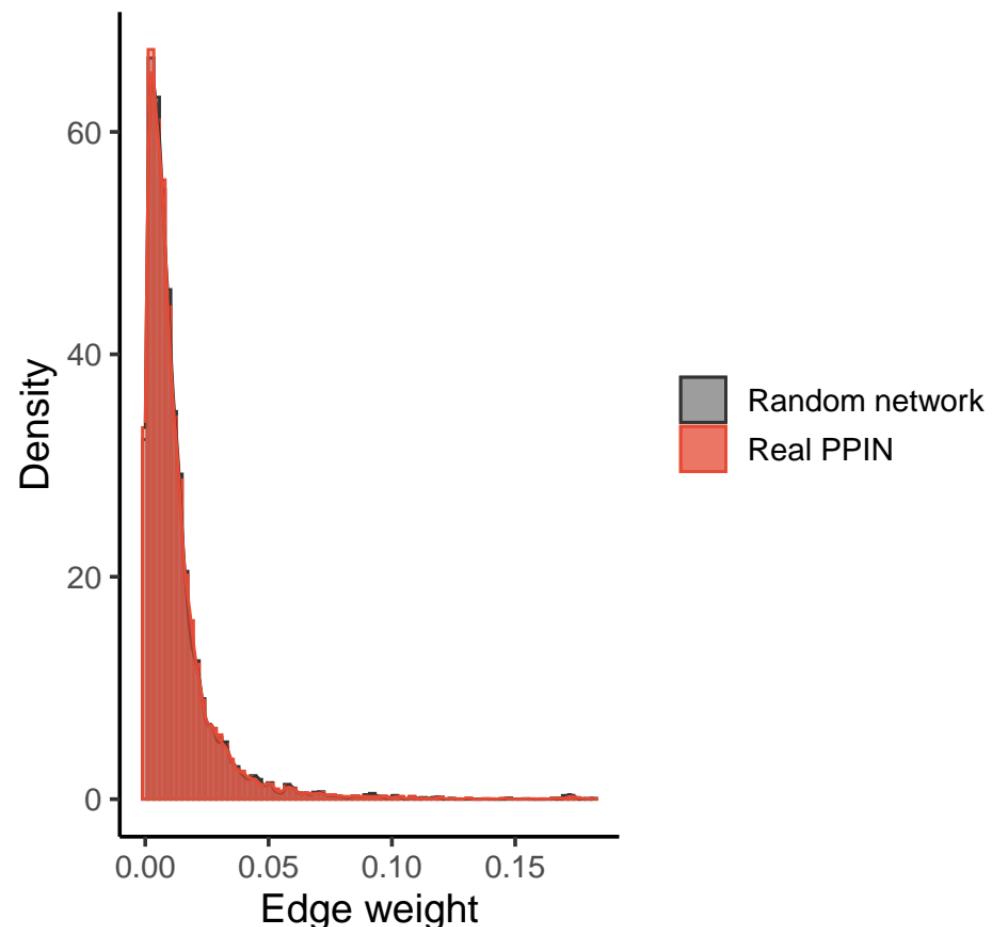

## HiG\_14 fragmentation under targeted-node attack

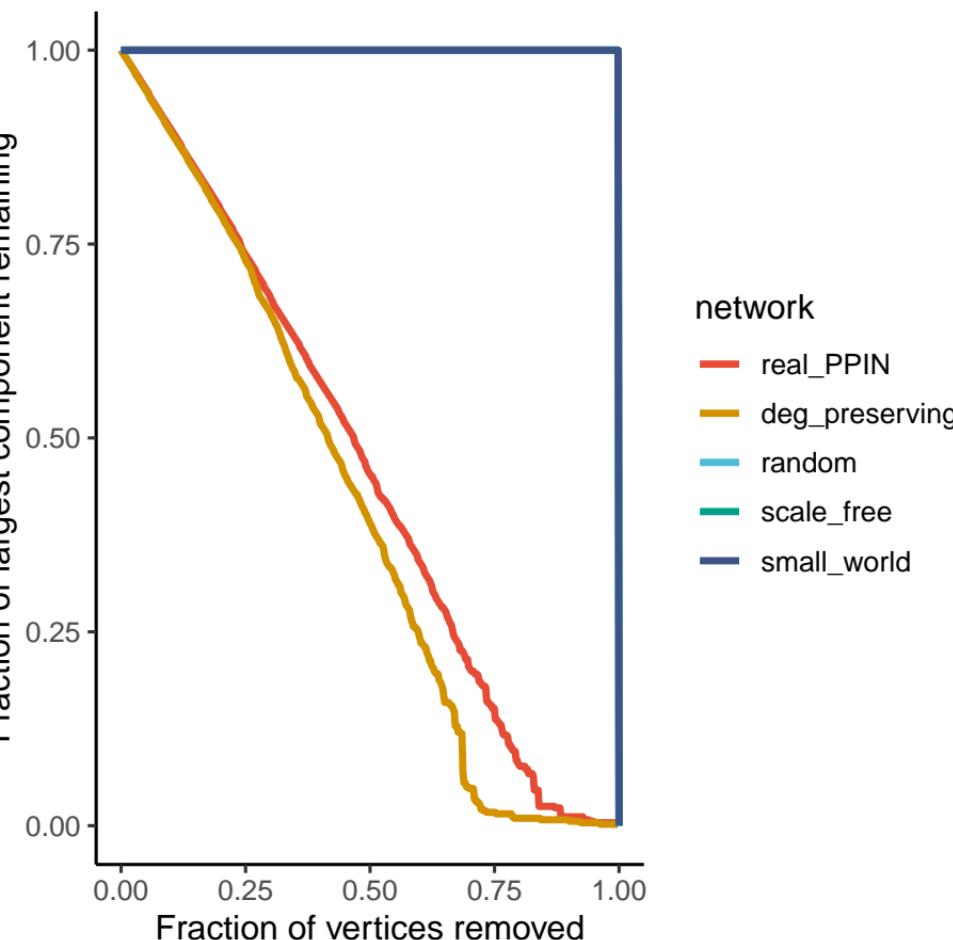

## HiG\_14 resilience (AUC of fragmentation curve)

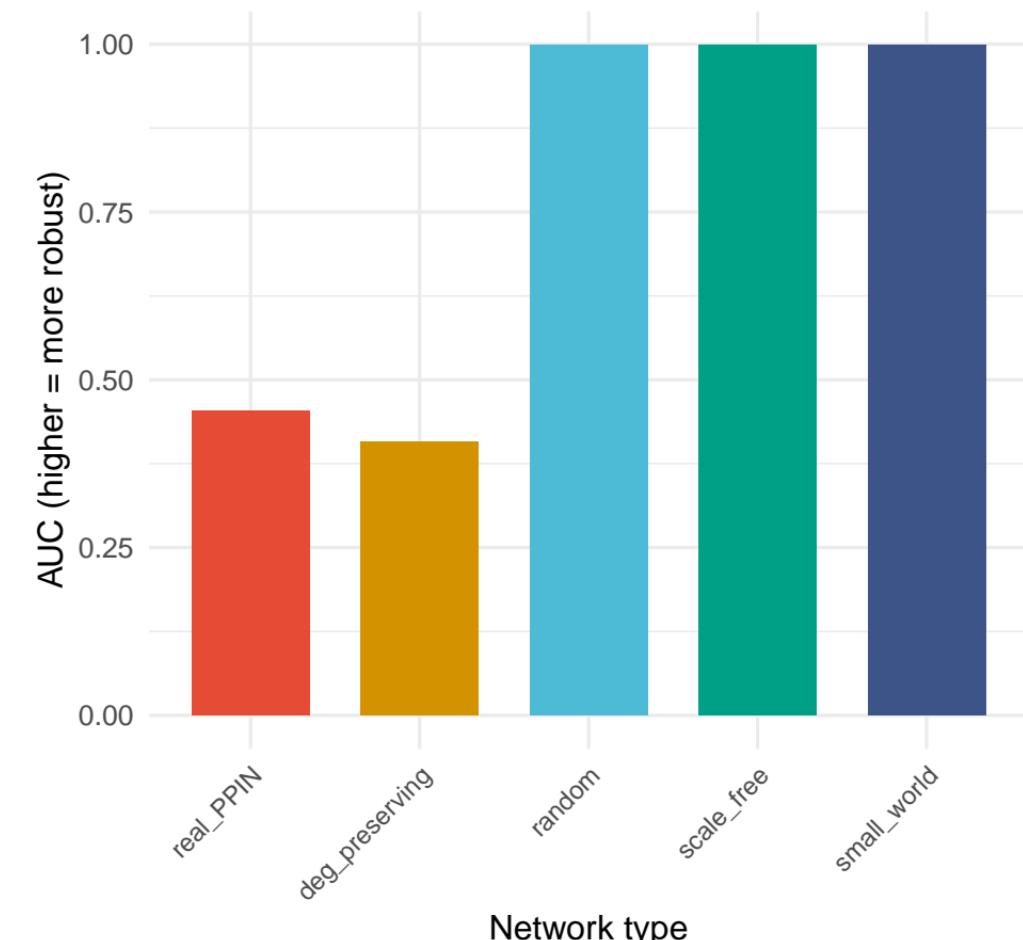

## Edge-weight distribution

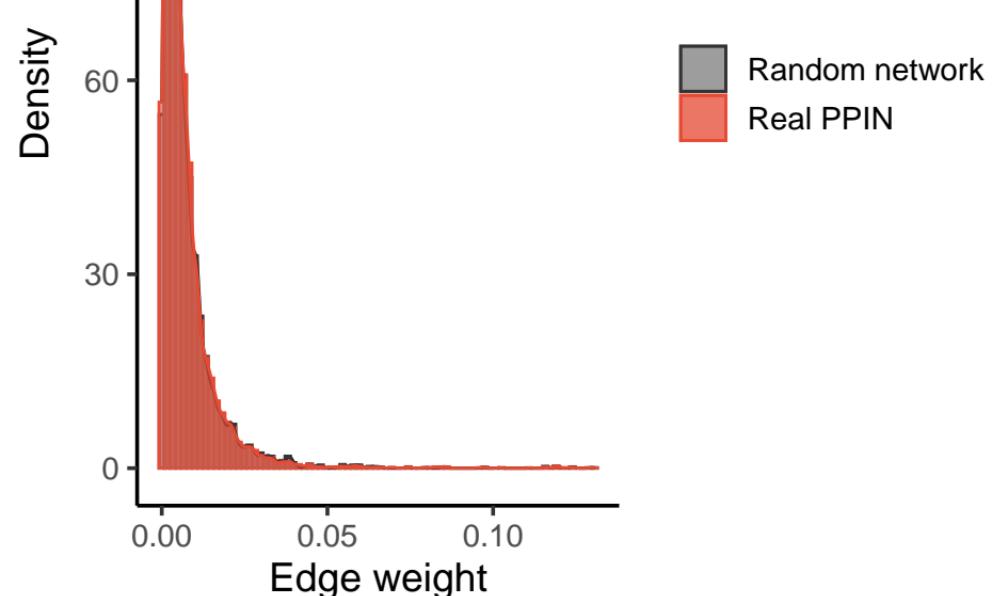

## HiG\_17 fragmentation under targeted-node attack

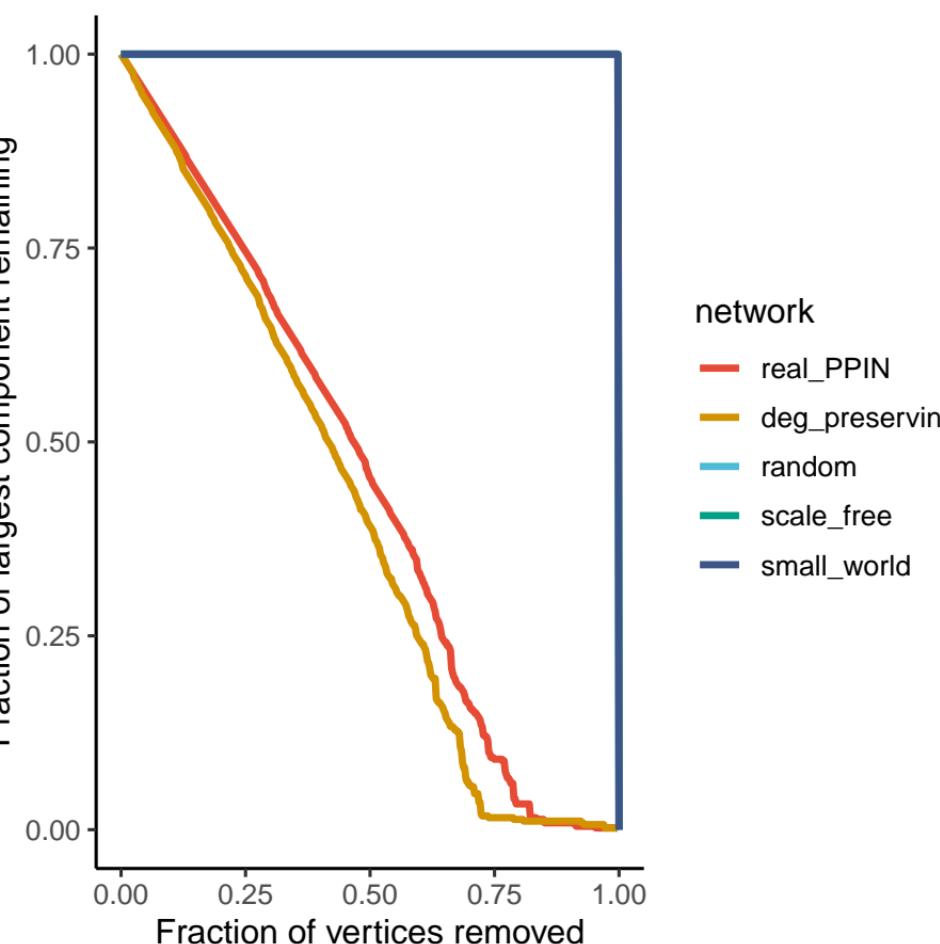

## HiG\_17 resilience (AUC of fragmentation curve)

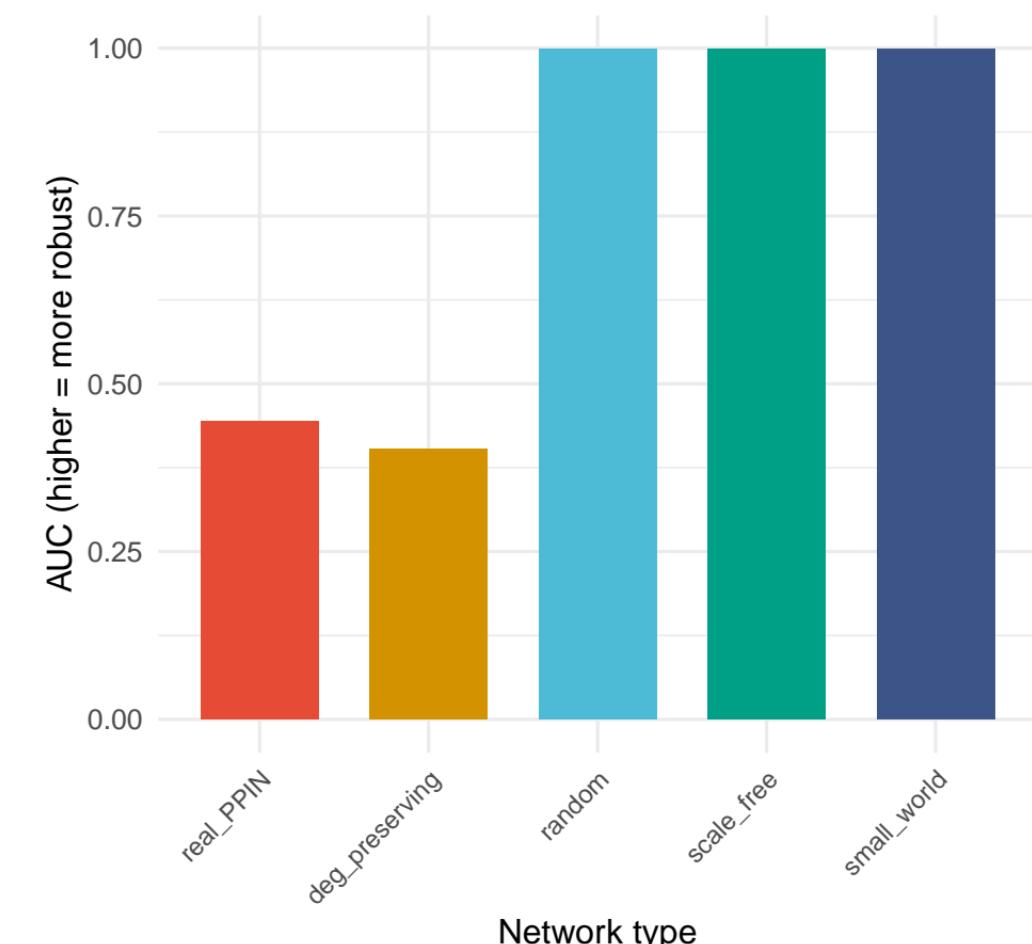

## Edge-weight distribution

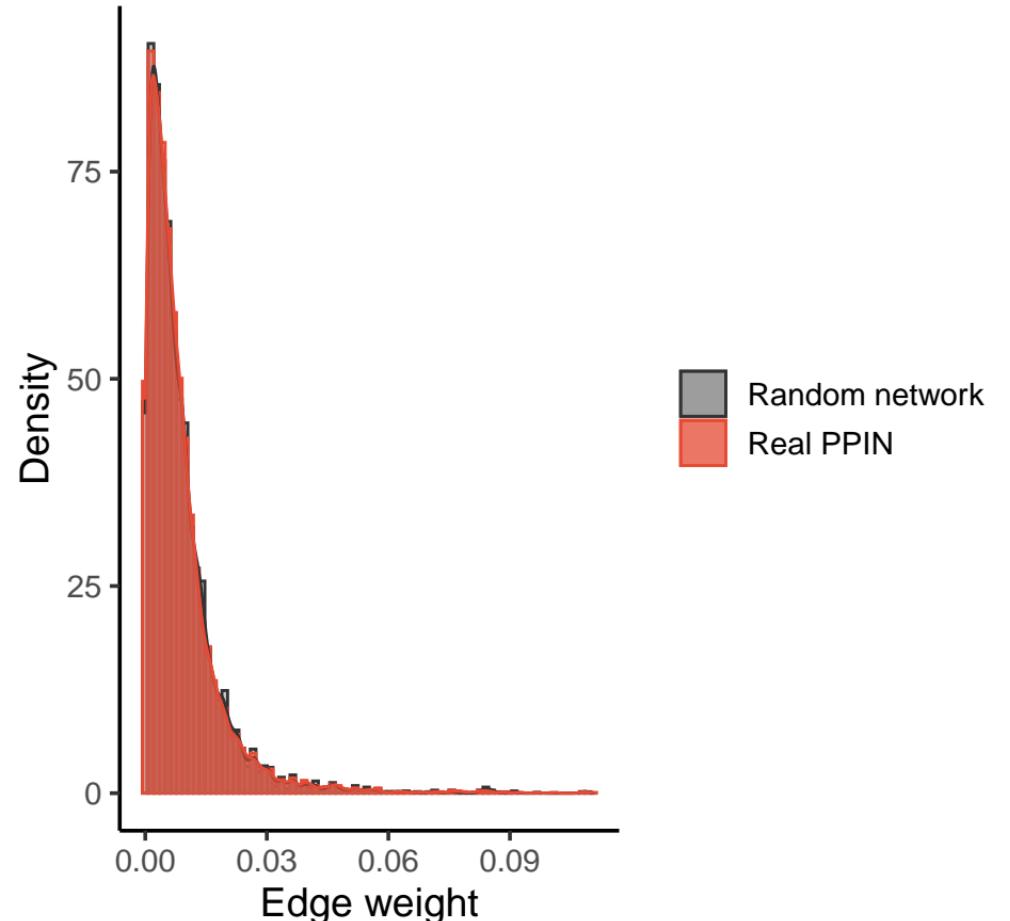

## HiG\_18 fragmentation under targeted-node attack

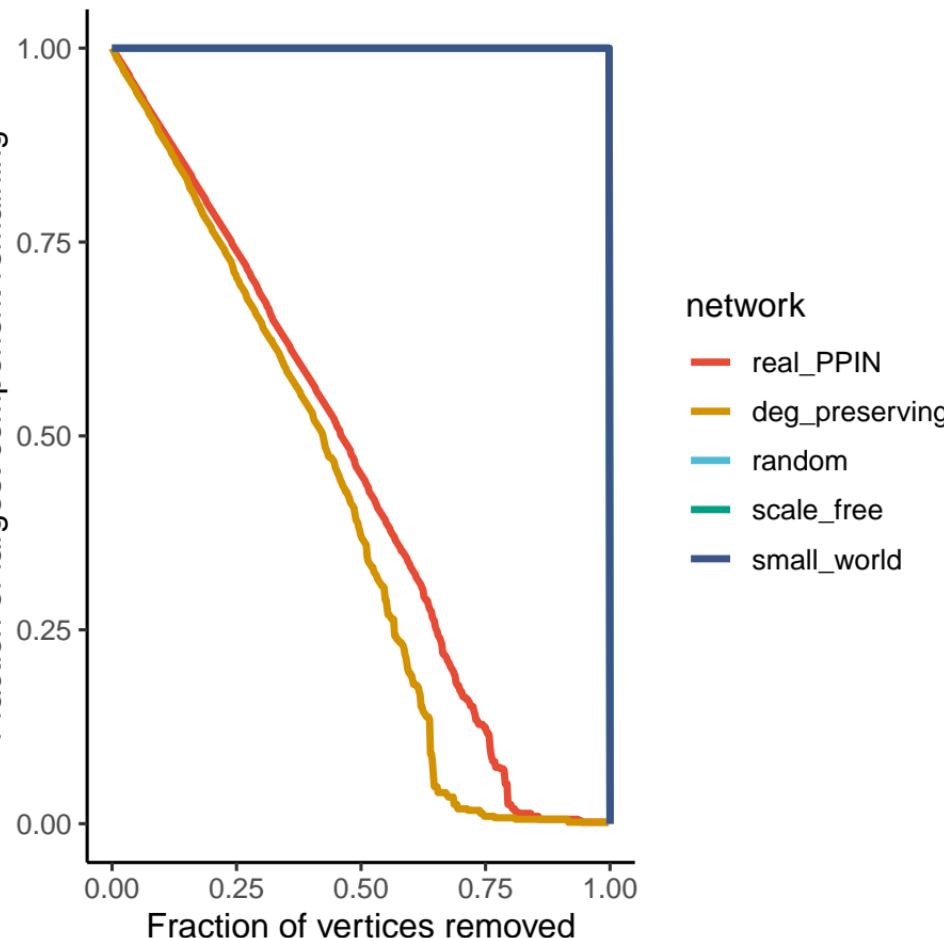

## HiG\_18 resilience (AUC of fragmentation curve)

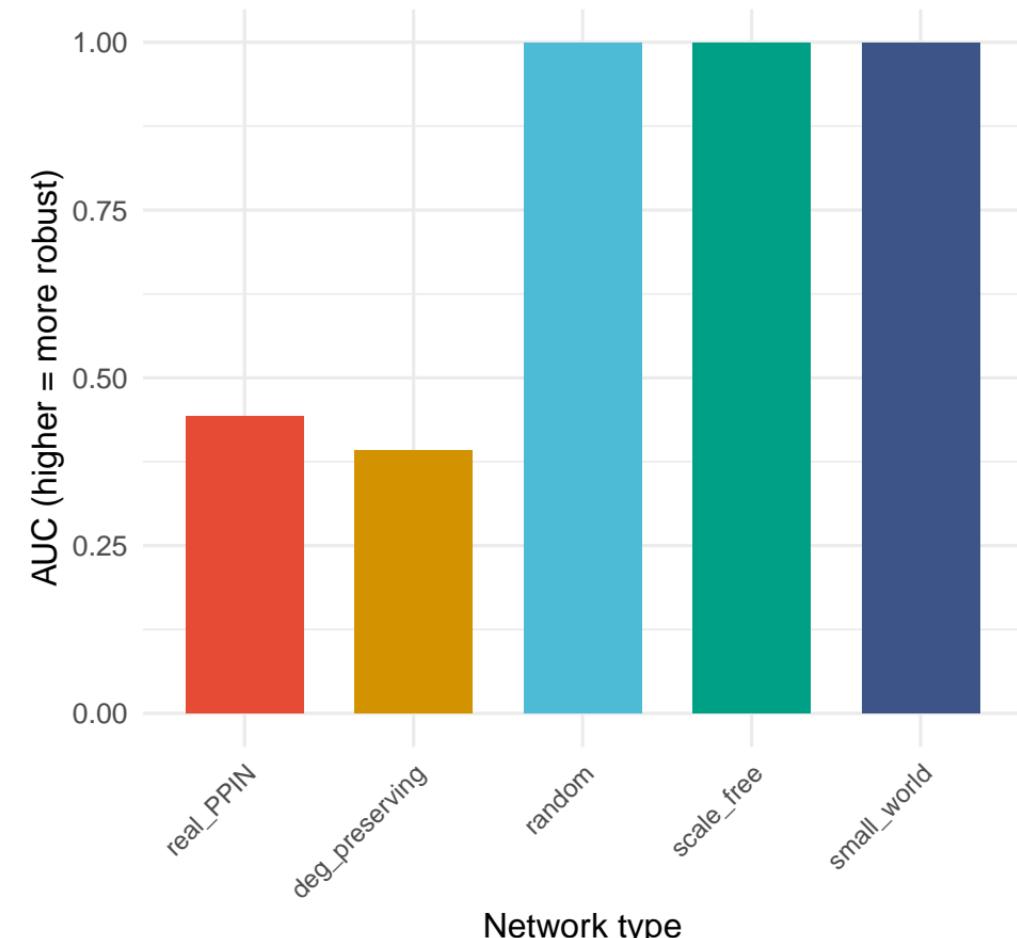

## Edge-weight distribution

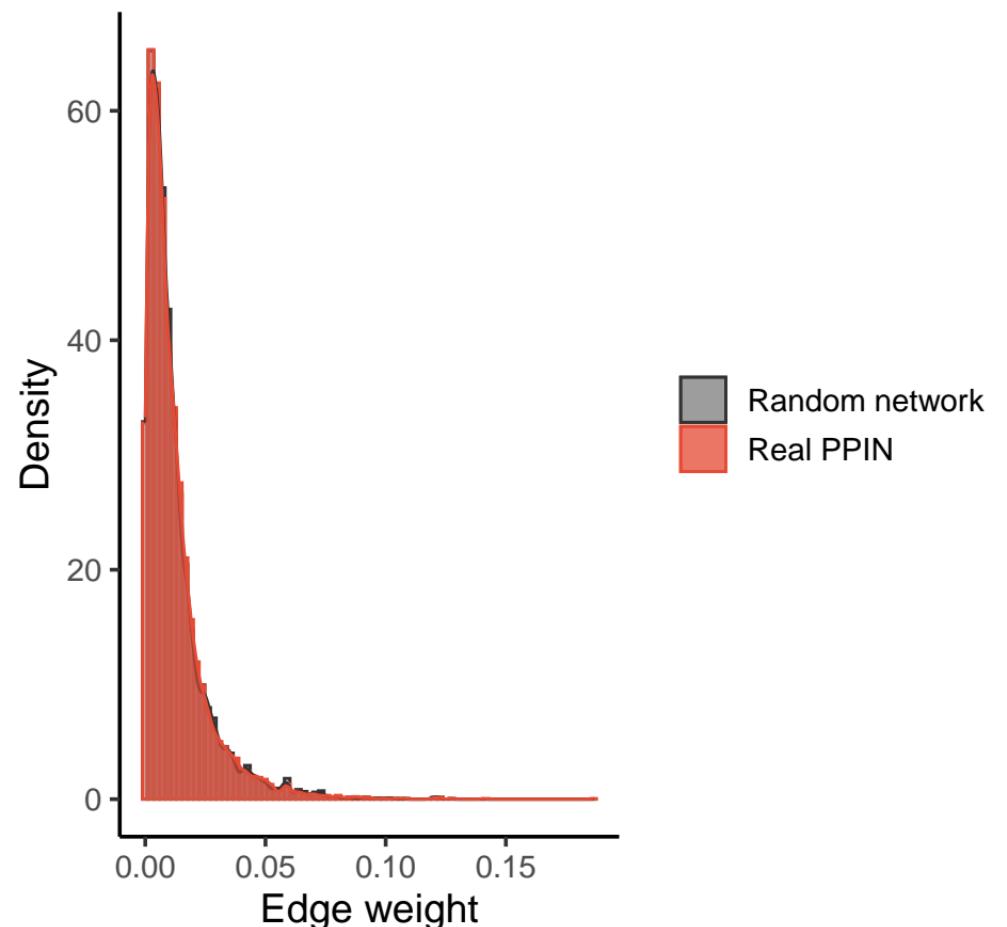

## HiG\_19 fragmentation under targeted-node attack

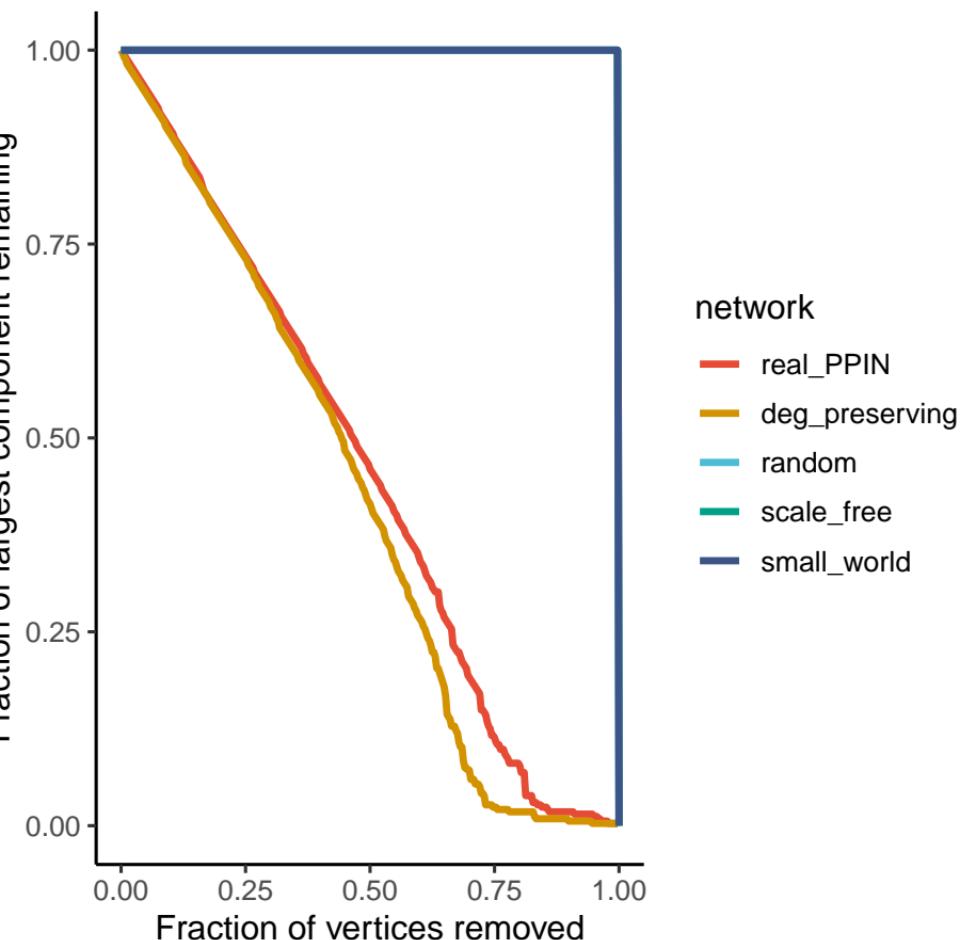

## HiG\_19 resilience (AUC of fragmentation curve)

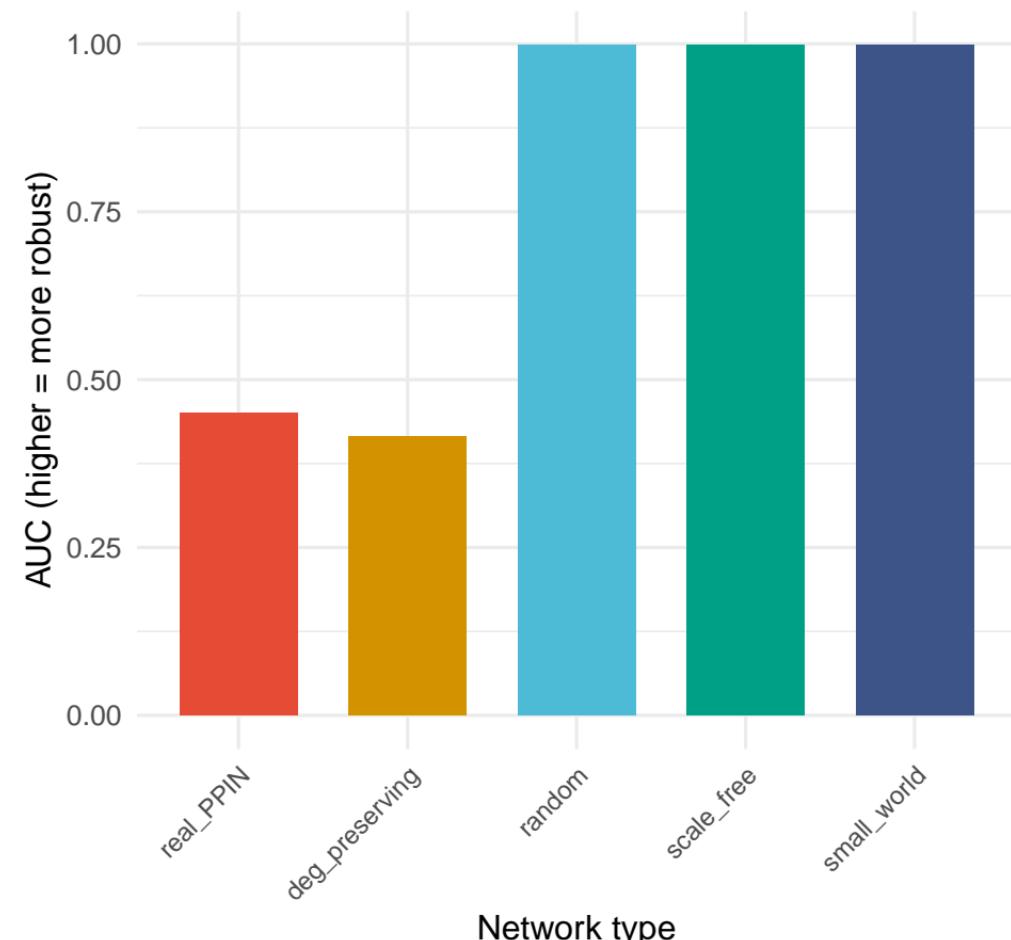

## Edge-weight distribution

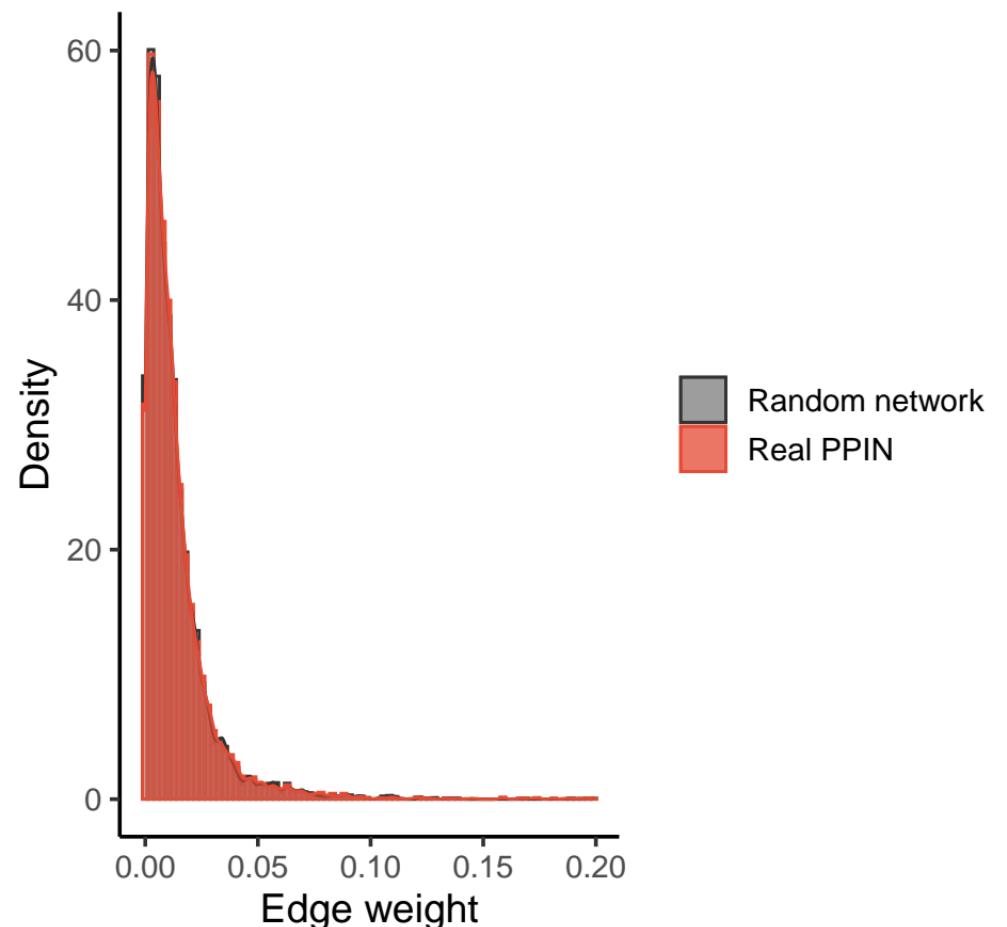

## HiG\_7 fragmentation under targeted-node attack

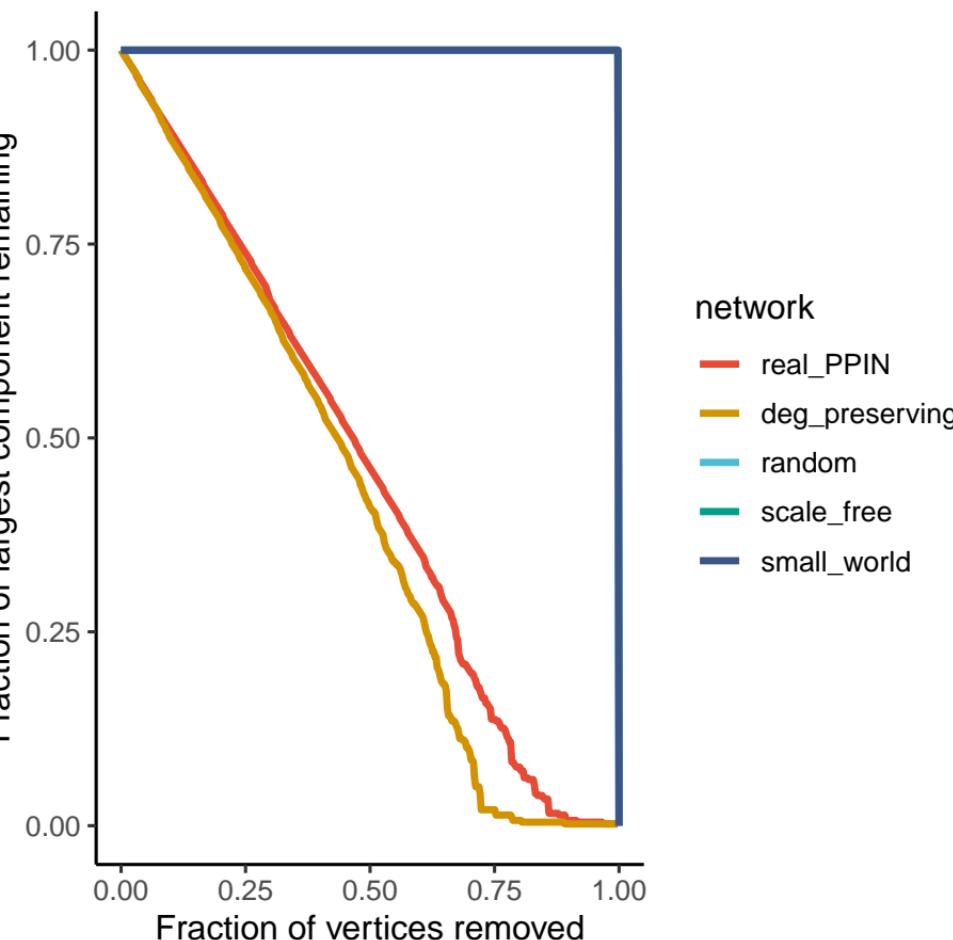

## HiG\_7 resilience (AUC of fragmentation curve)

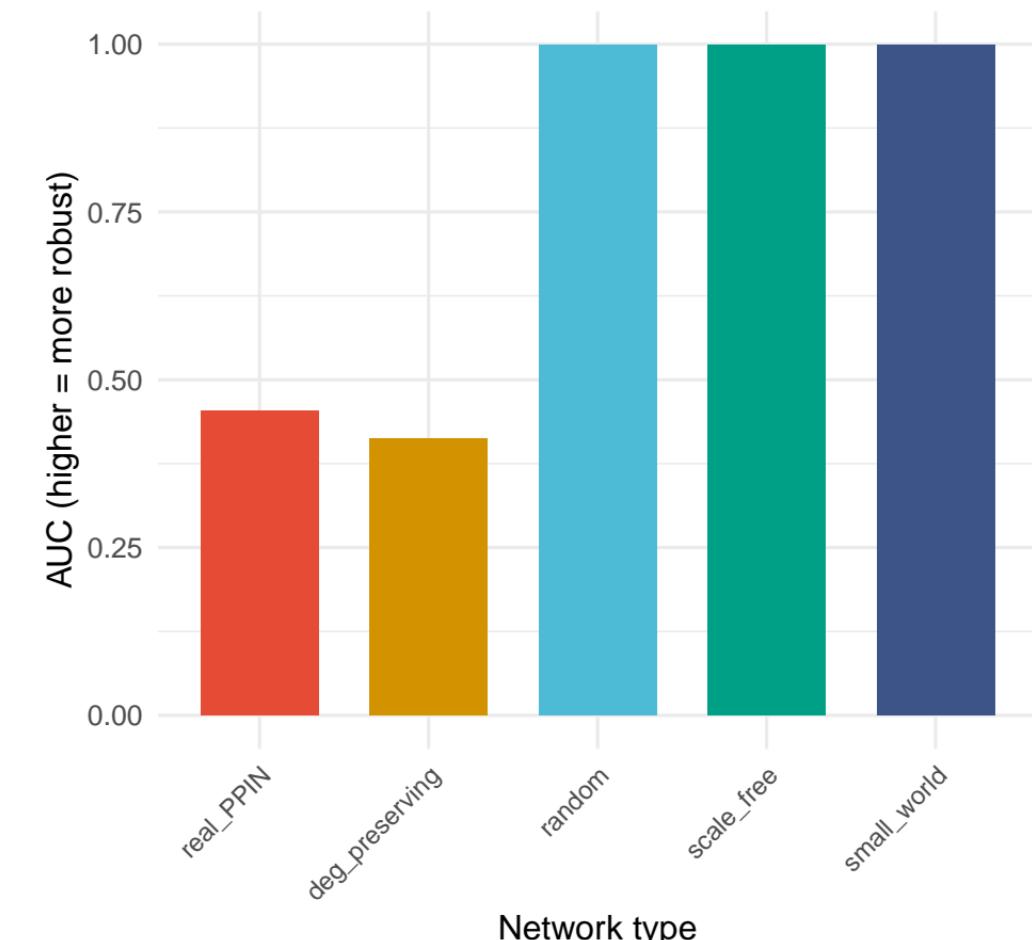

## Edge-weight distribution

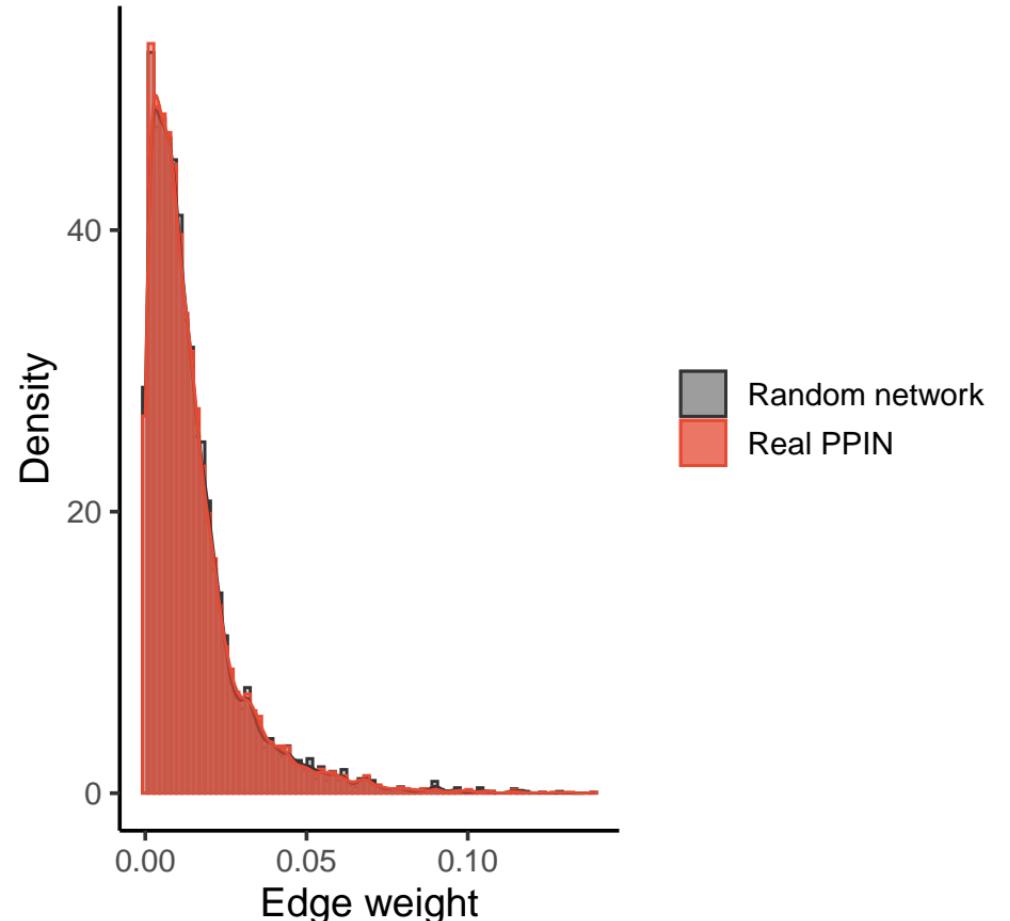

## HiG\_11 fragmentation under targeted-node attack

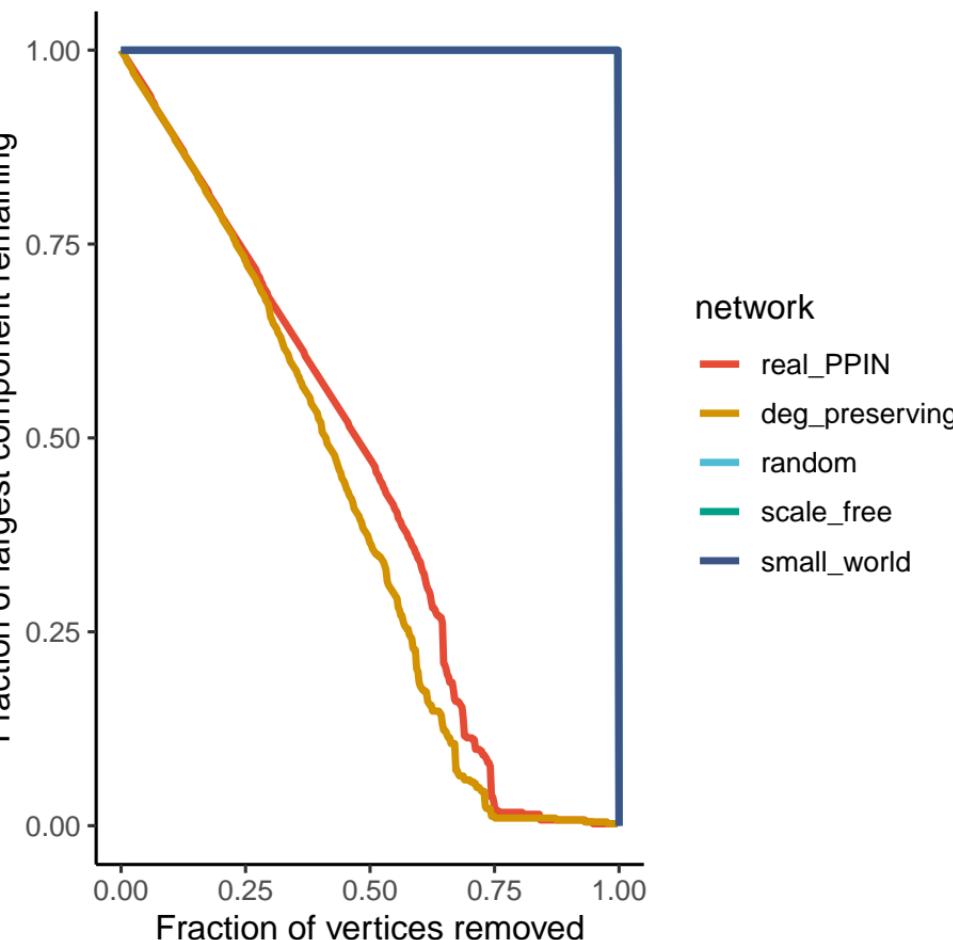

## HiG\_11 resilience (AUC of fragmentation curve)

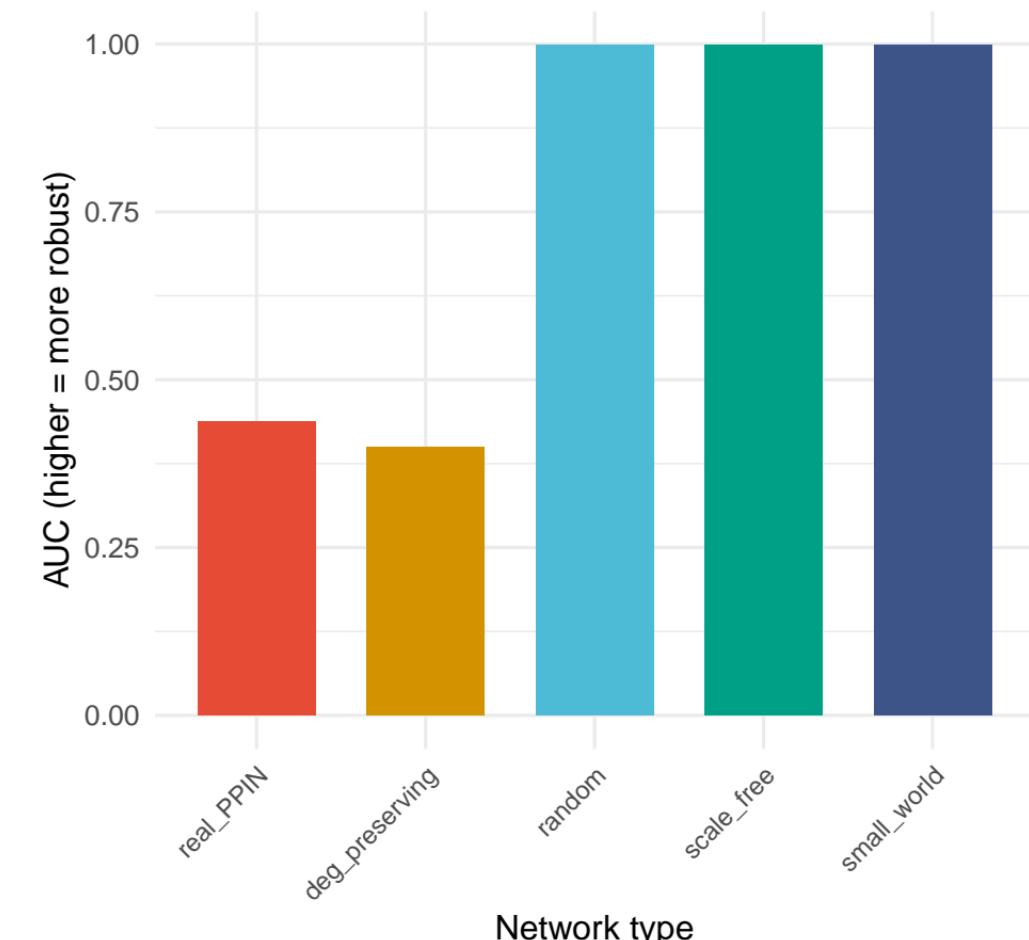

## Edge-weight distribution

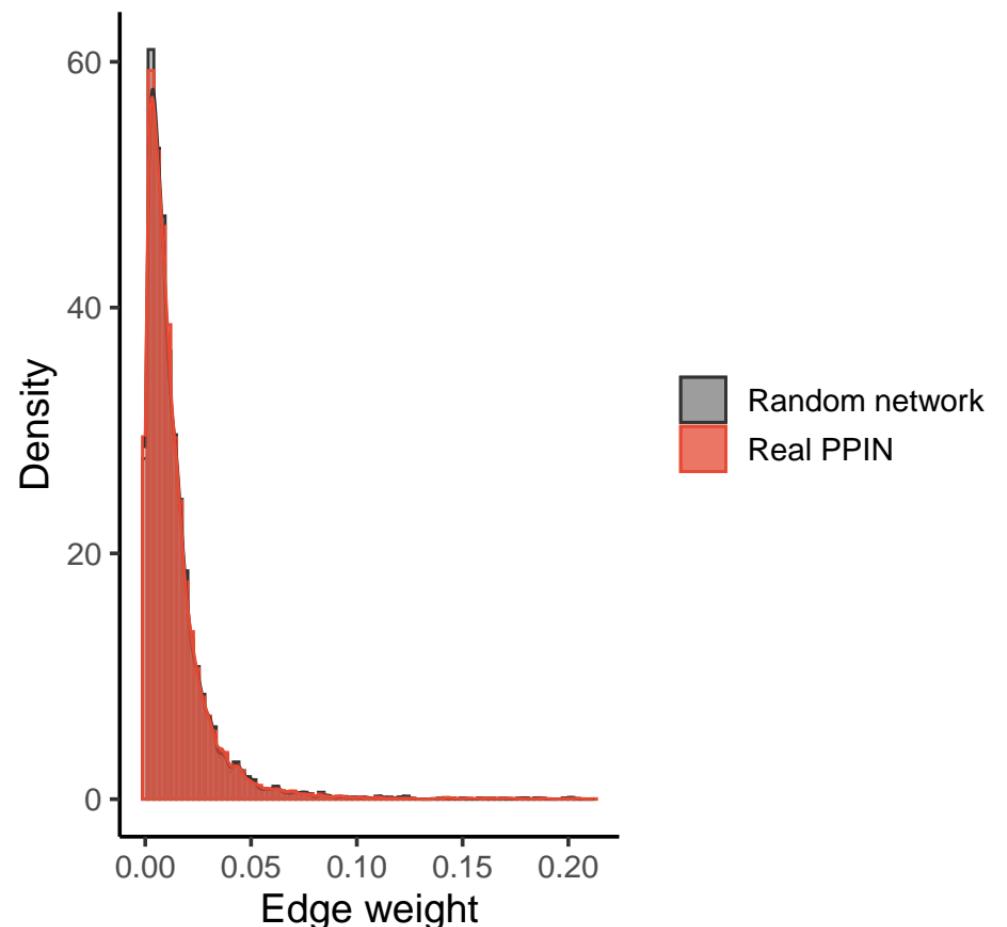

## HiG\_15 fragmentation under targeted-node attack

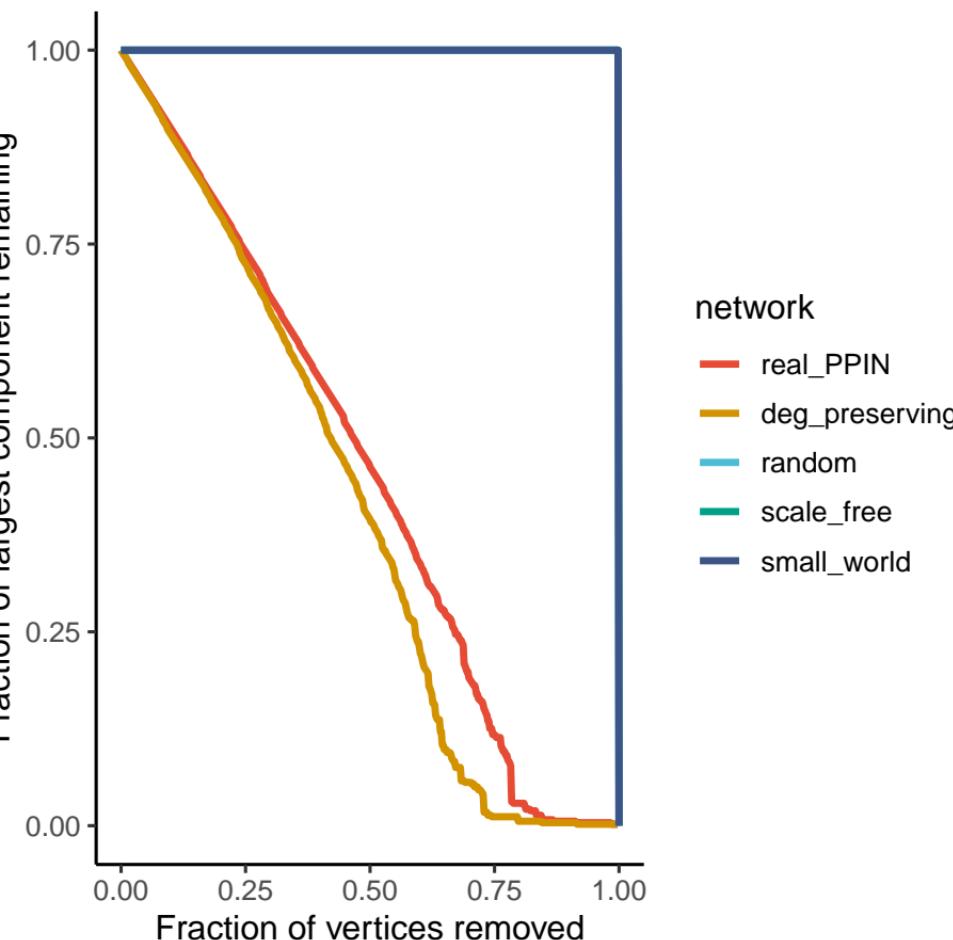

## HiG\_15 resilience (AUC of fragmentation curve)

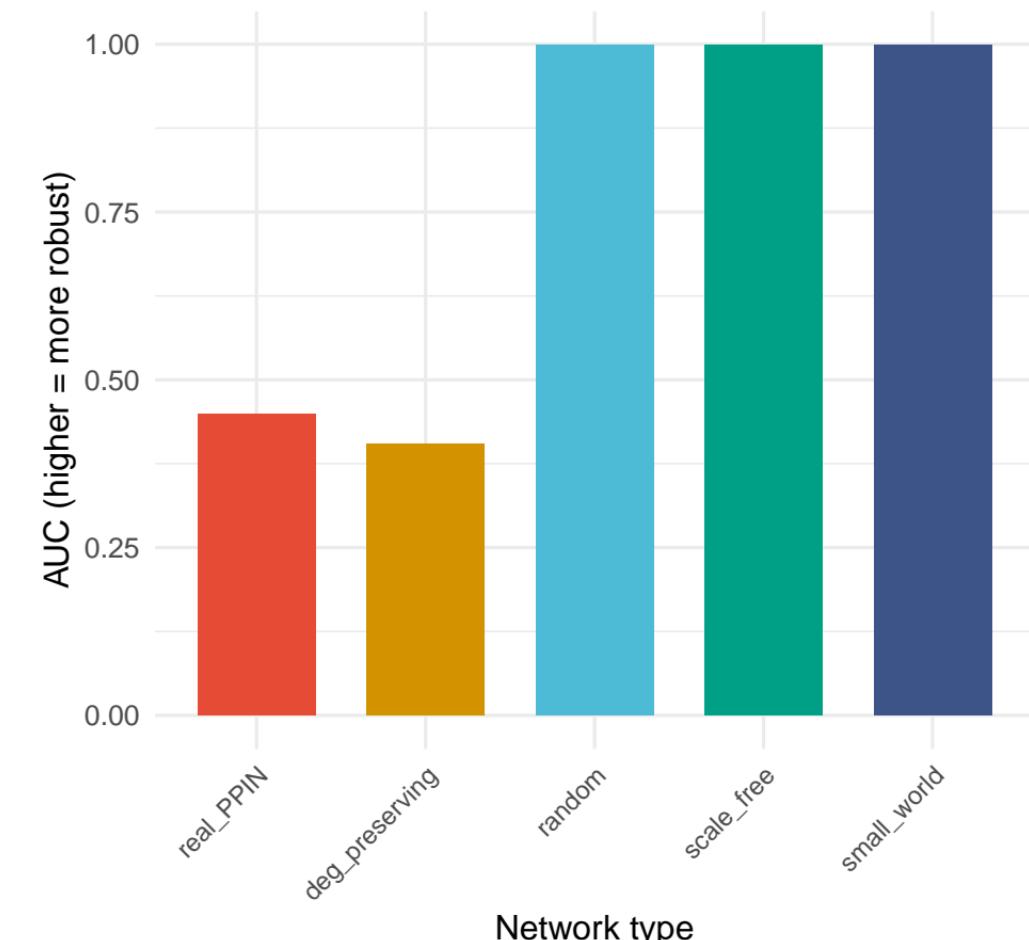

## Edge-weight distribution

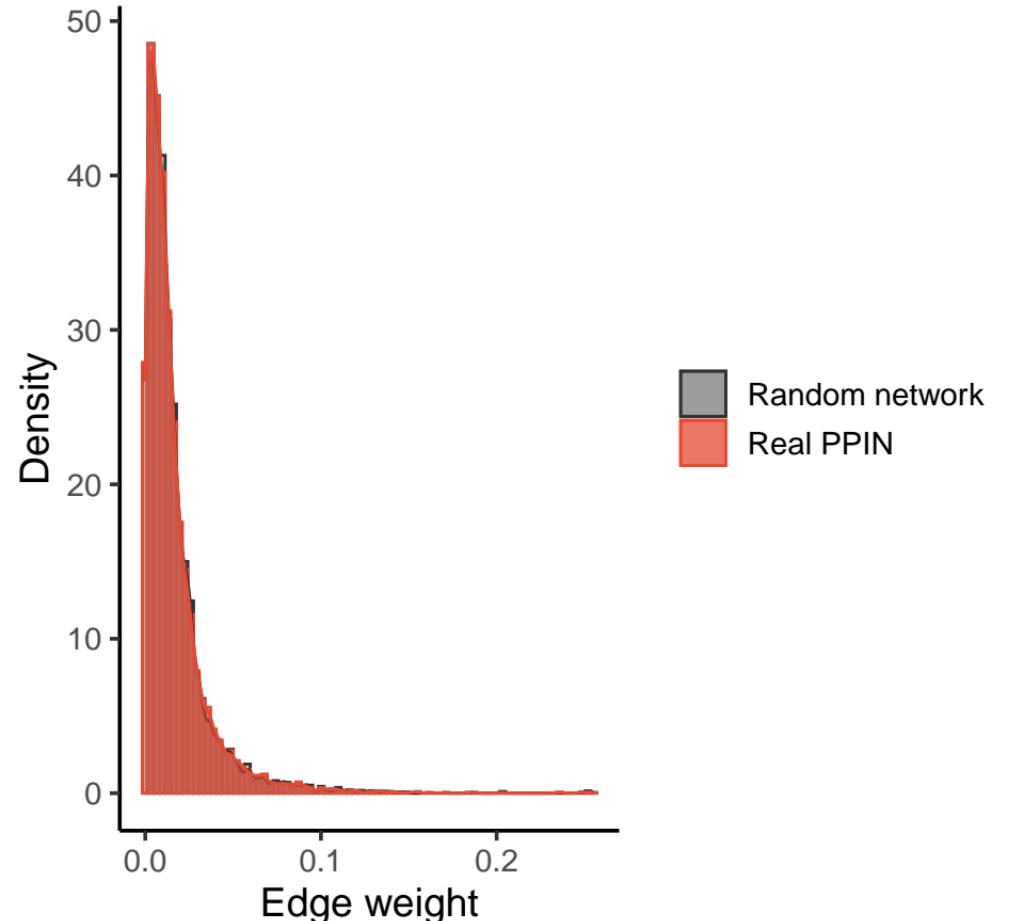

## HiG\_16 fragmentation under targeted-node attack

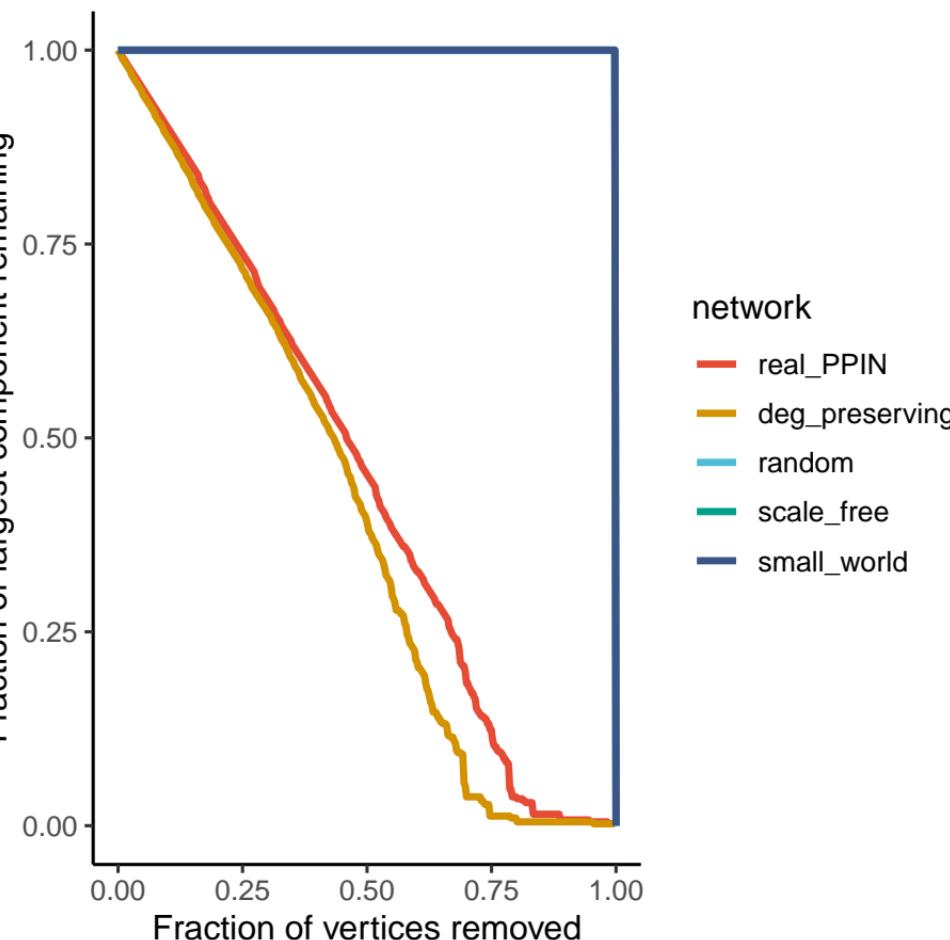

## HiG\_16 resilience (AUC of fragmentation curve)

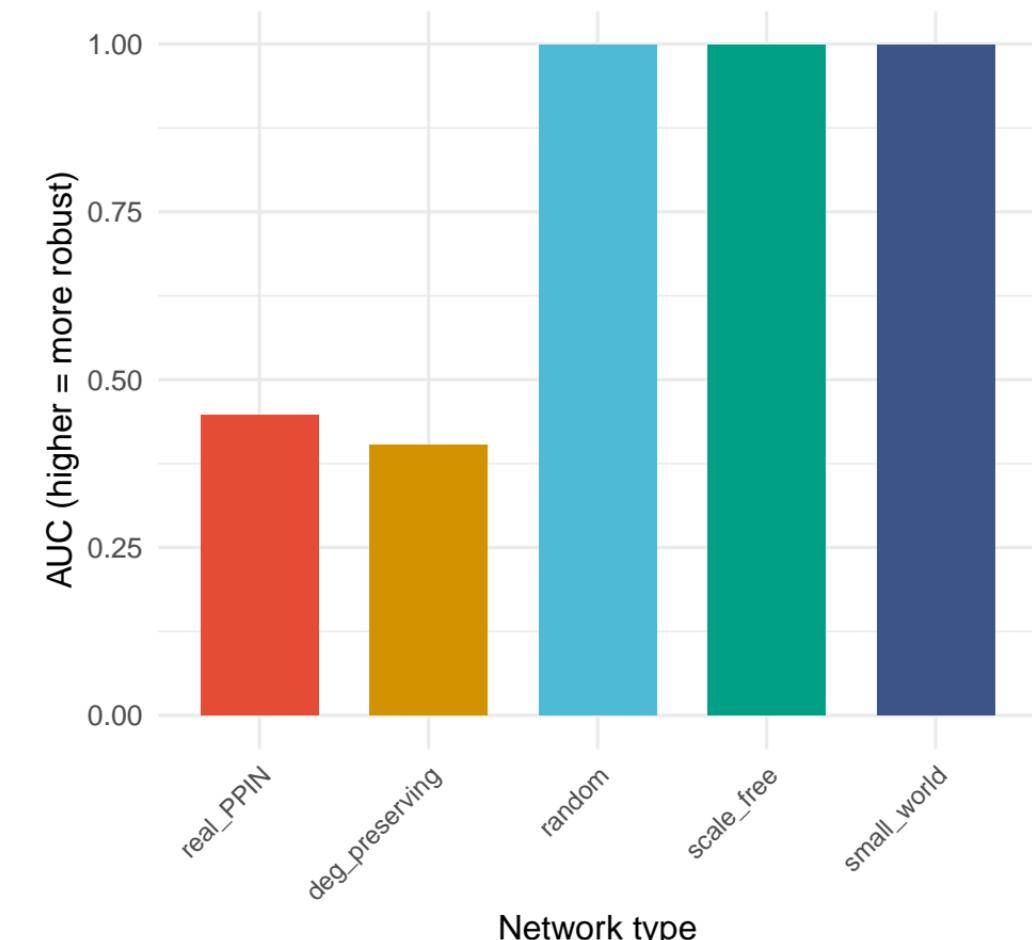

## Edge-weight distribution

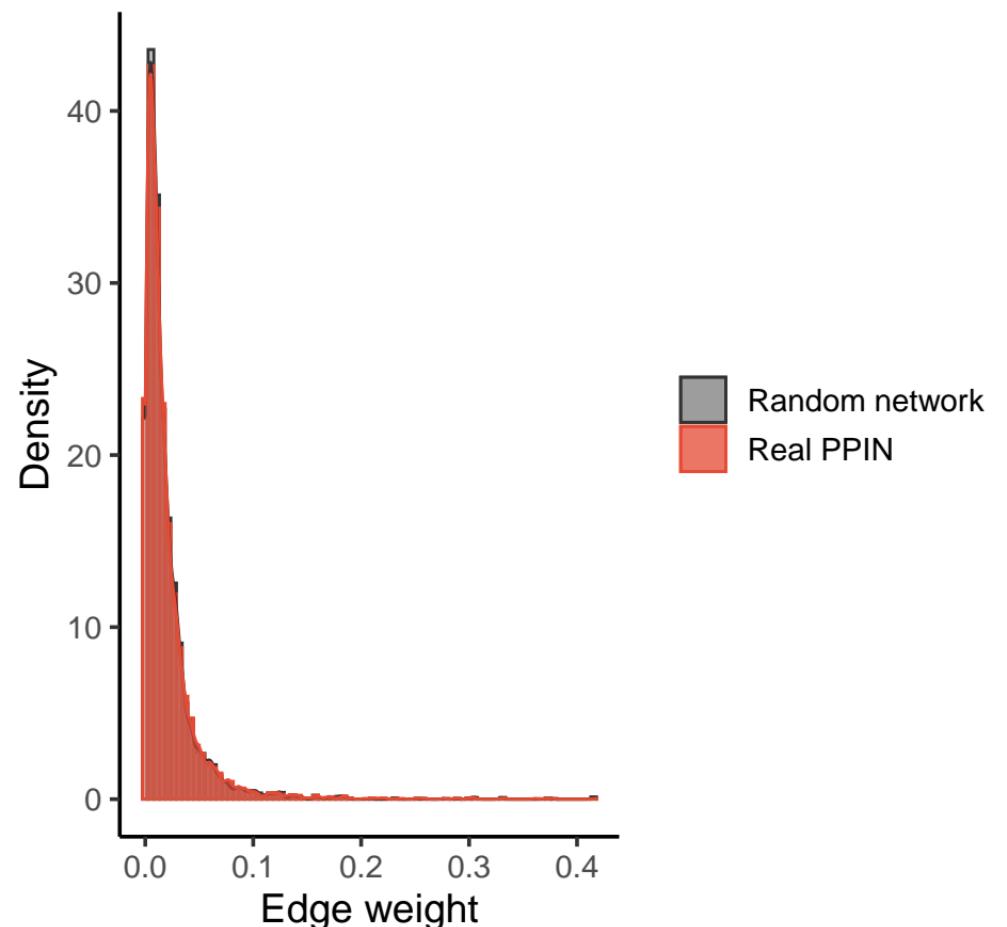

## HiG\_13 fragmentation under targeted-node attack

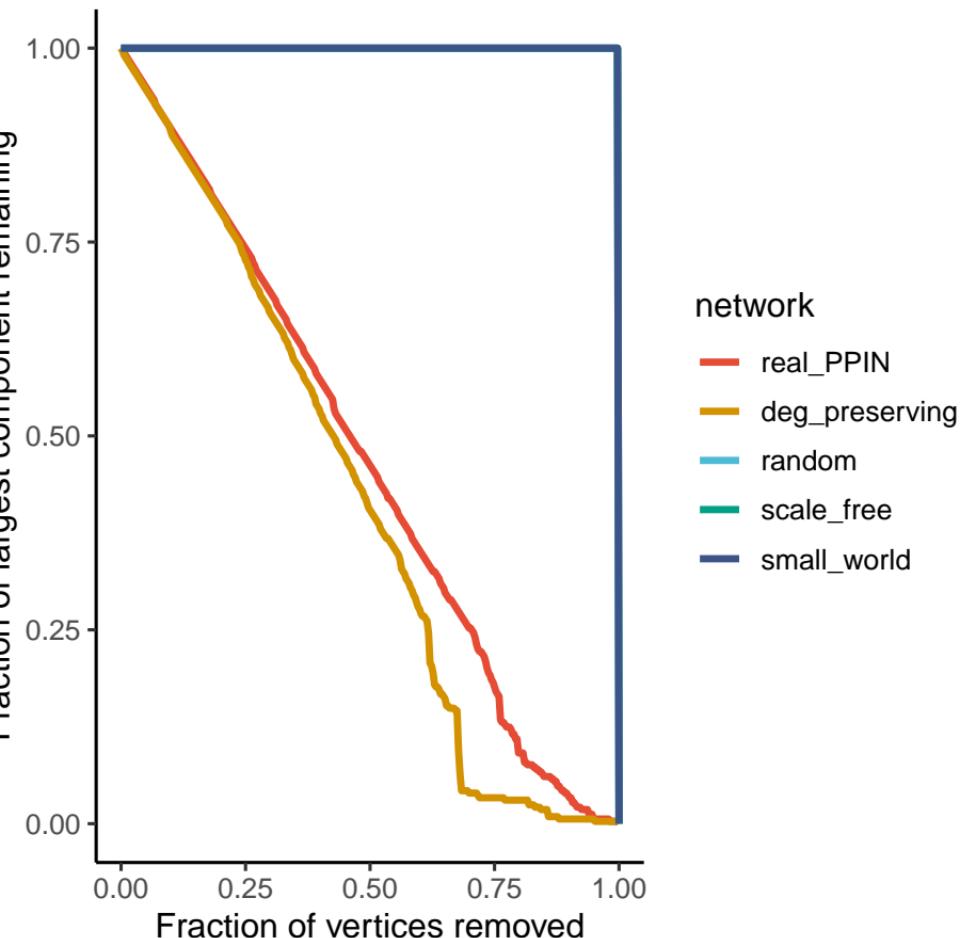

## HiG\_13 resilience (AUC of fragmentation curve)

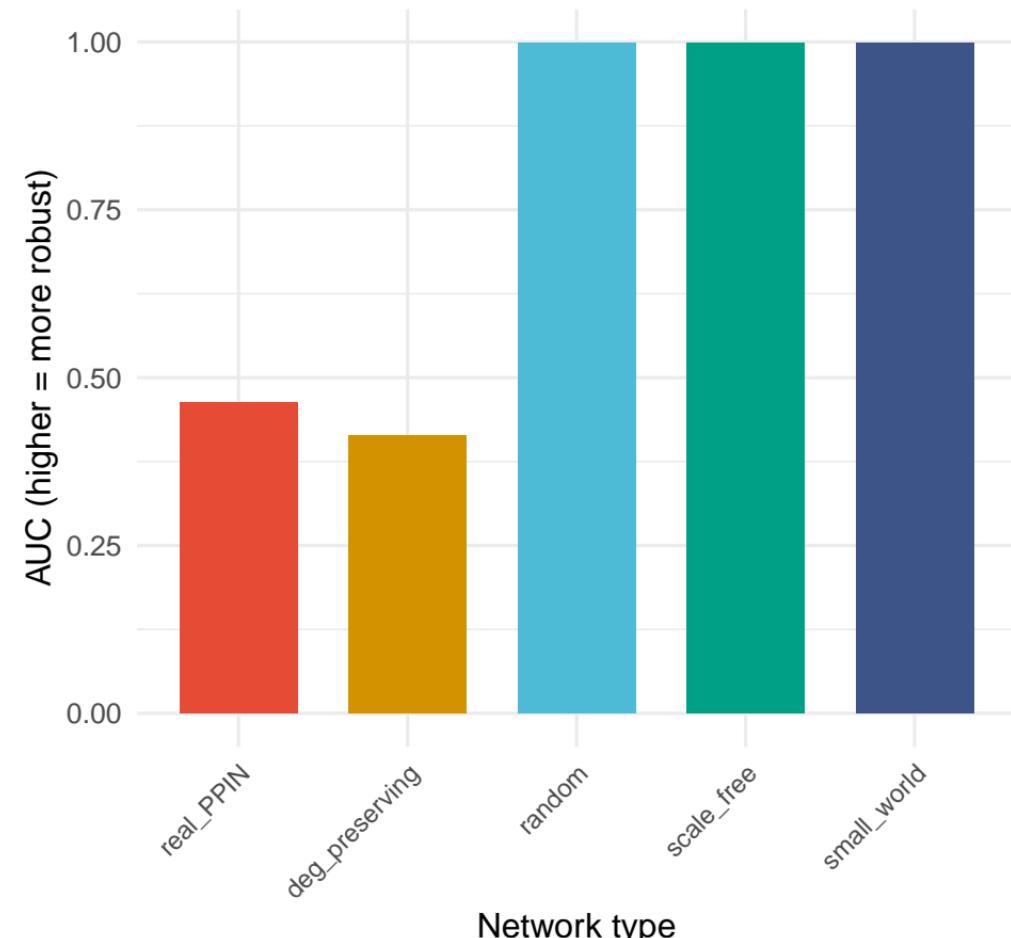

## Edge-weight distribution

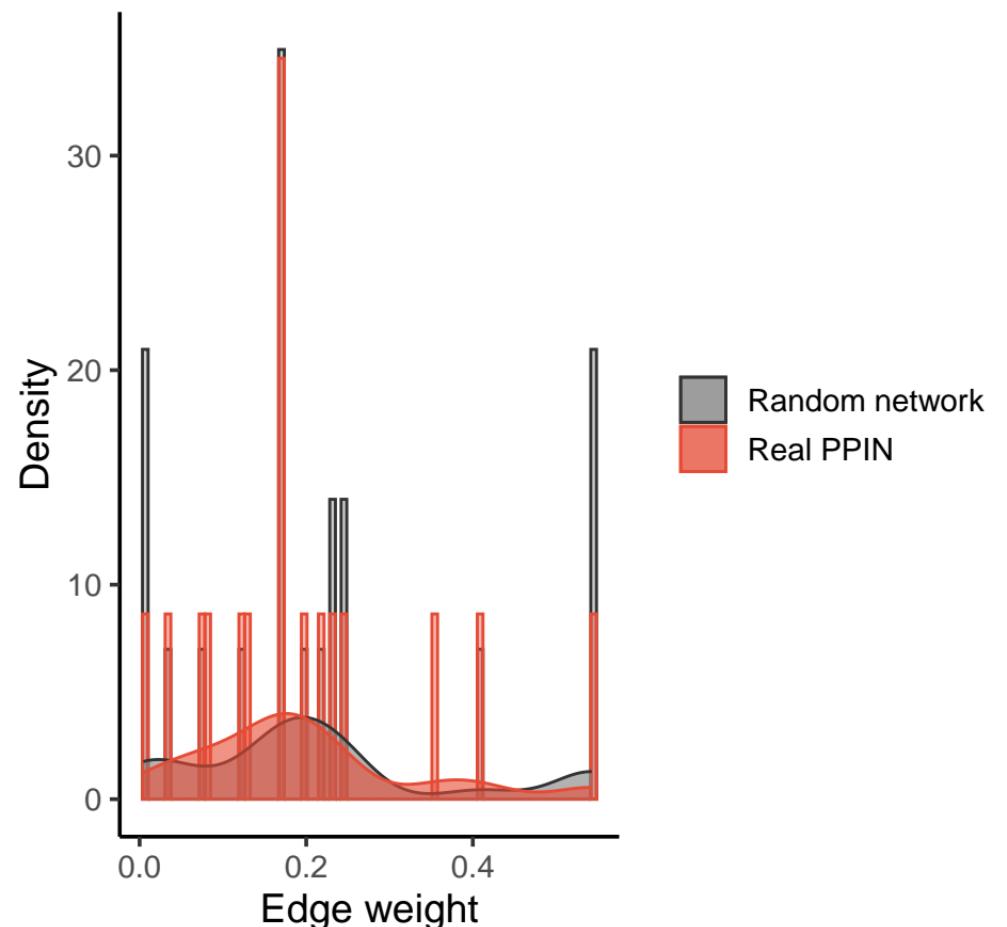

## HiG\_8 fragmentation under targeted-node attack

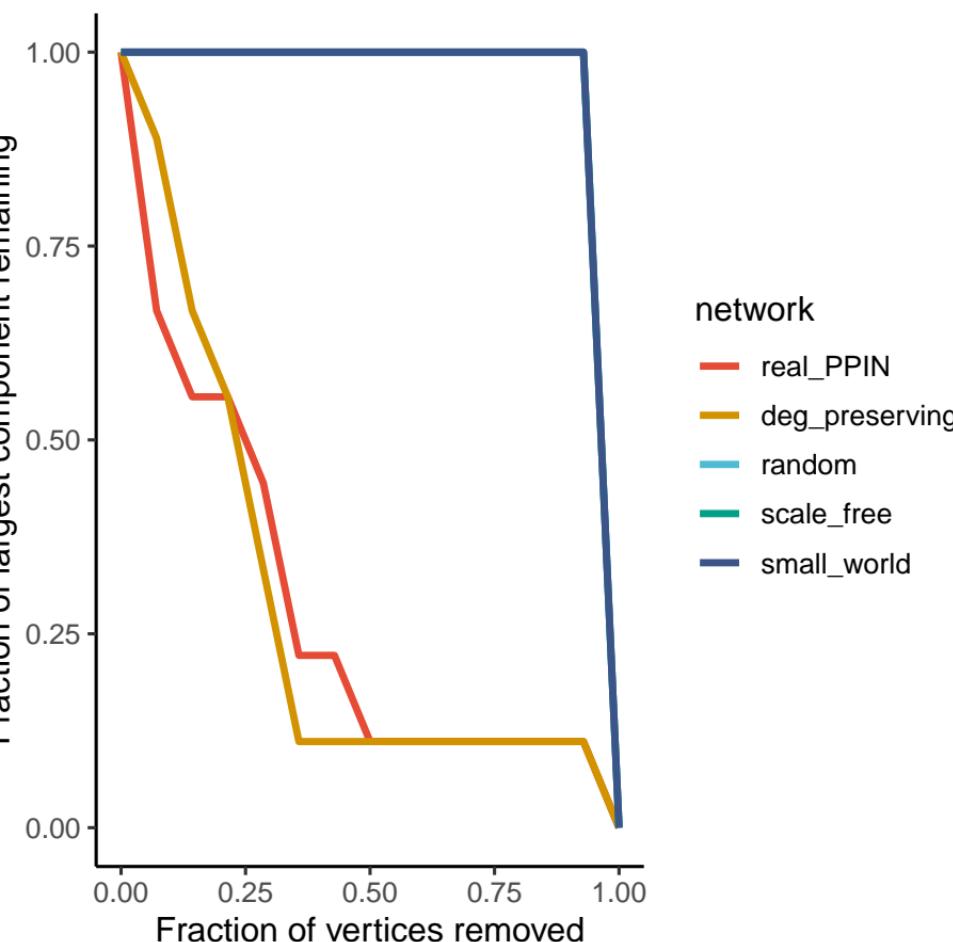

## HiG\_8 resilience (AUC of fragmentation curve)

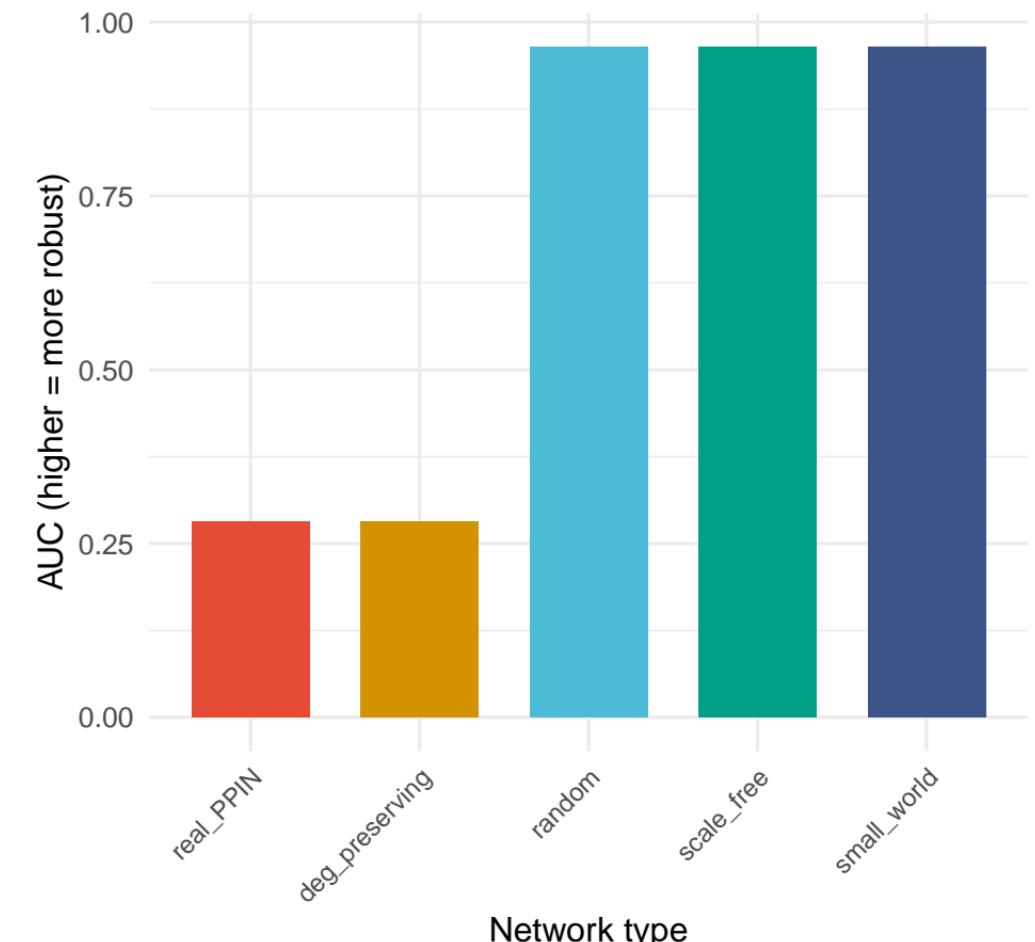

## Edge-weight distribution

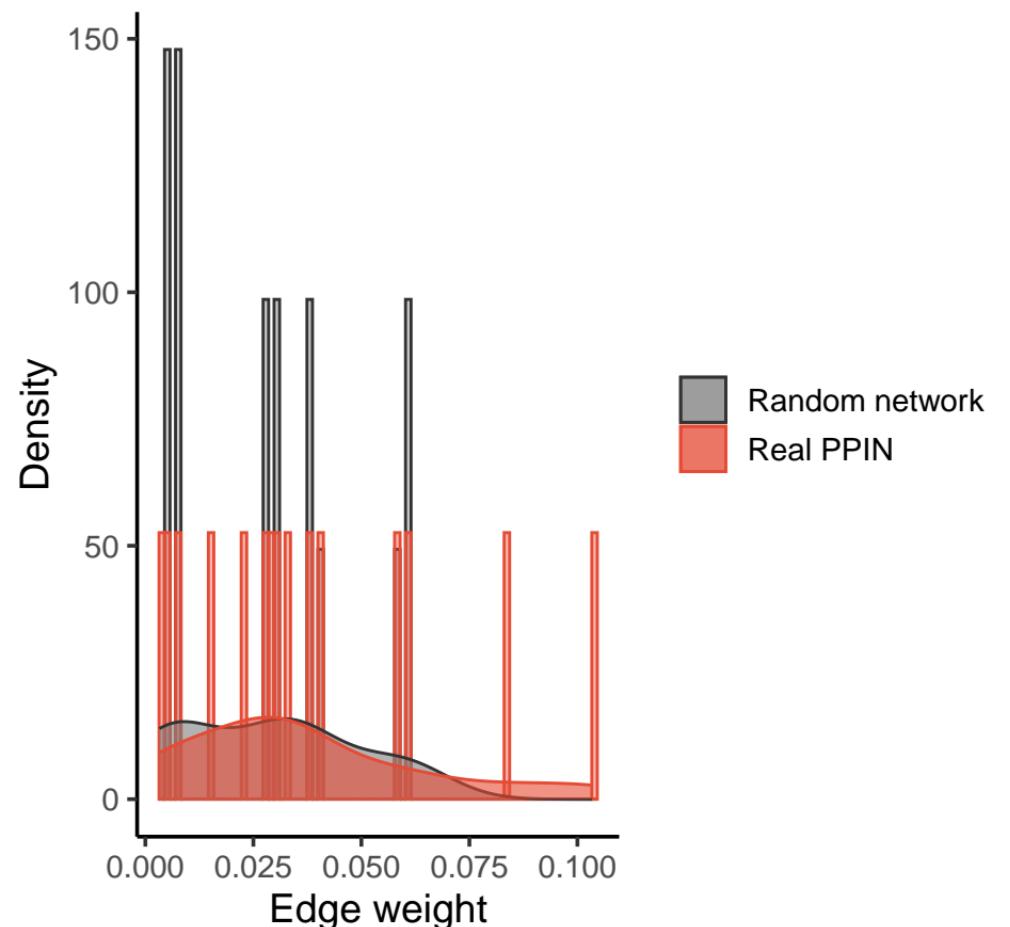

## HiGCTS\_7 fragmentation under targeted-node attack

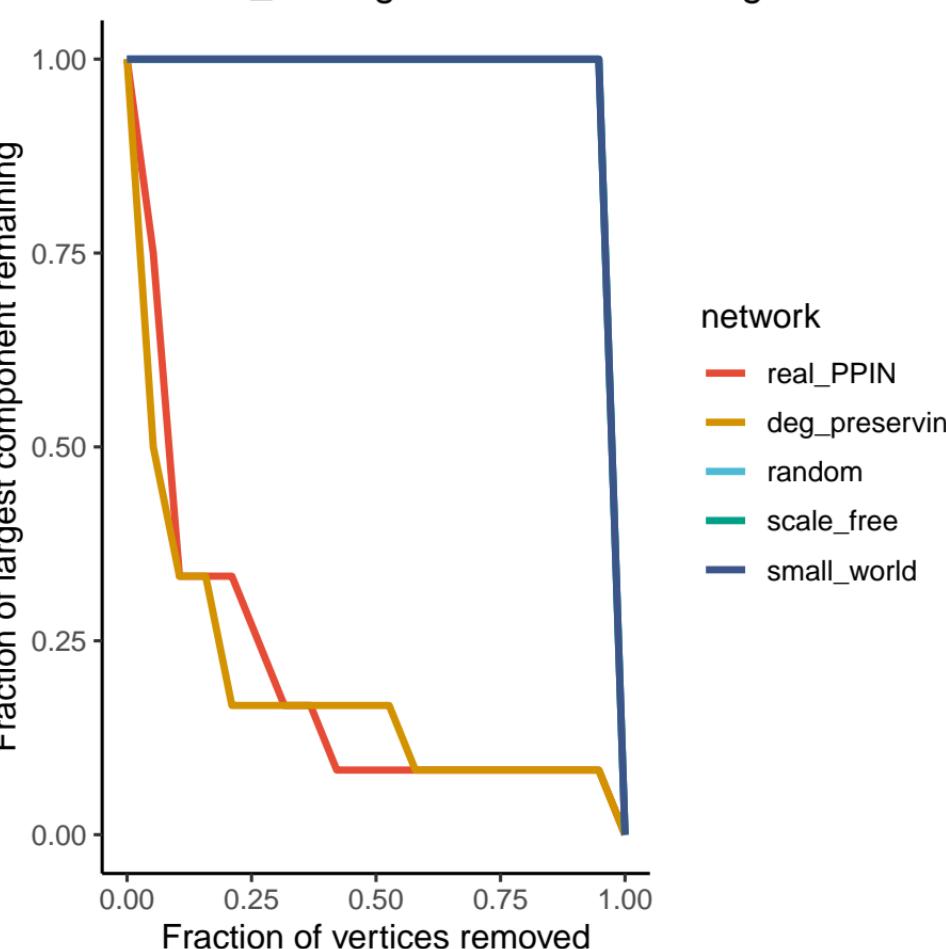

## HiGCTS\_7 resilience (AUC of fragmentation curve)

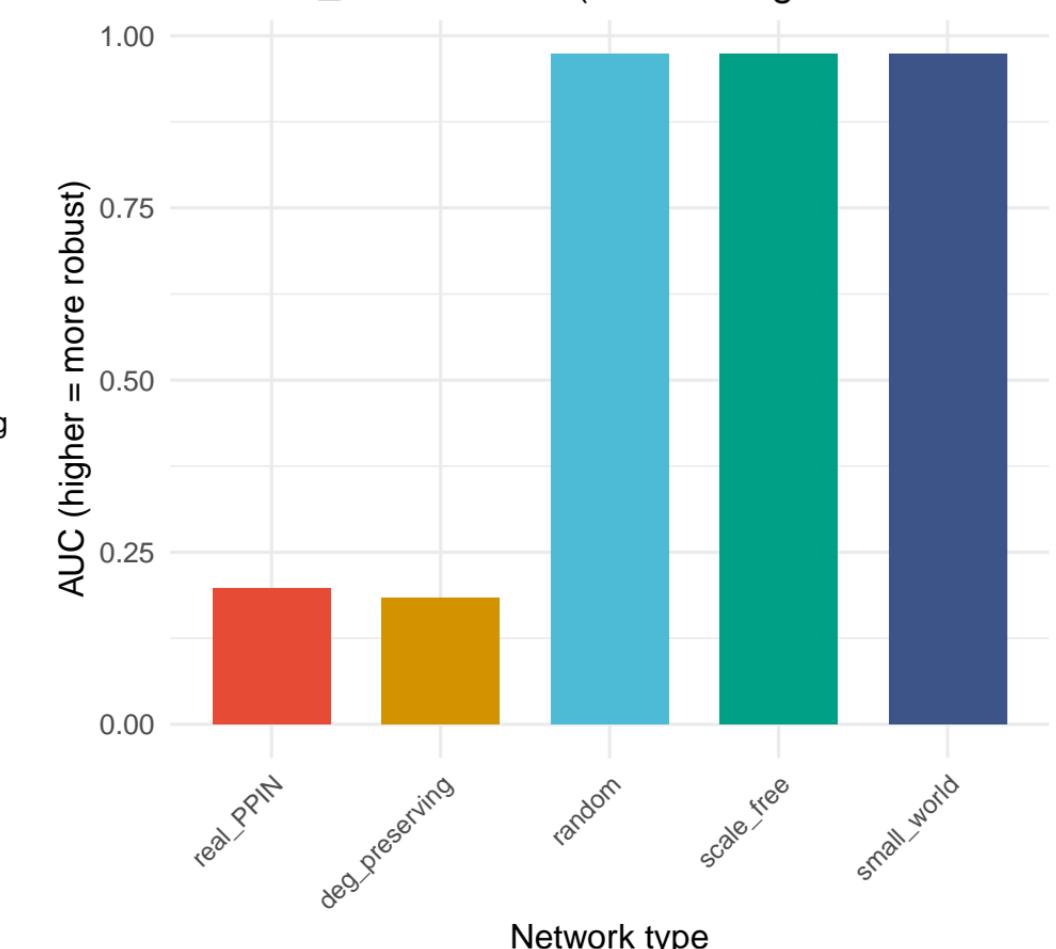

## Edge-weight distribution

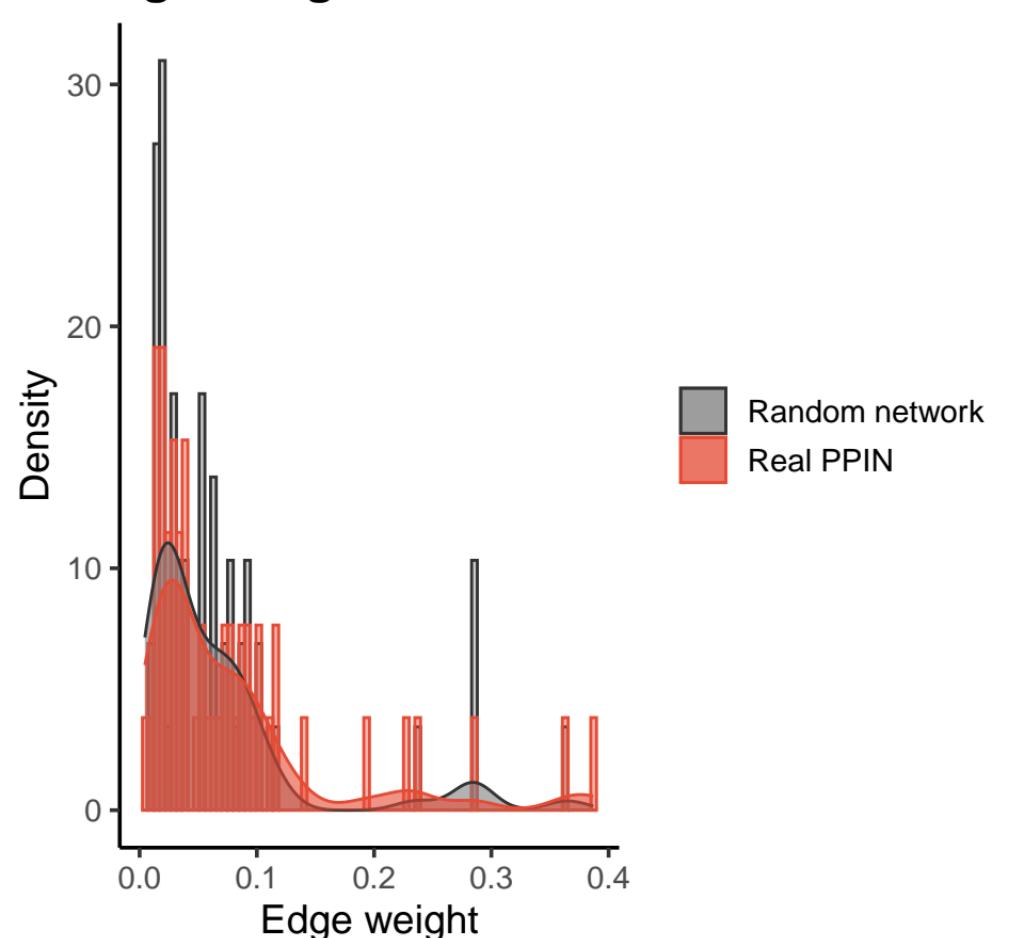

## HiGCTS\_11 fragmentation under targeted-node attack

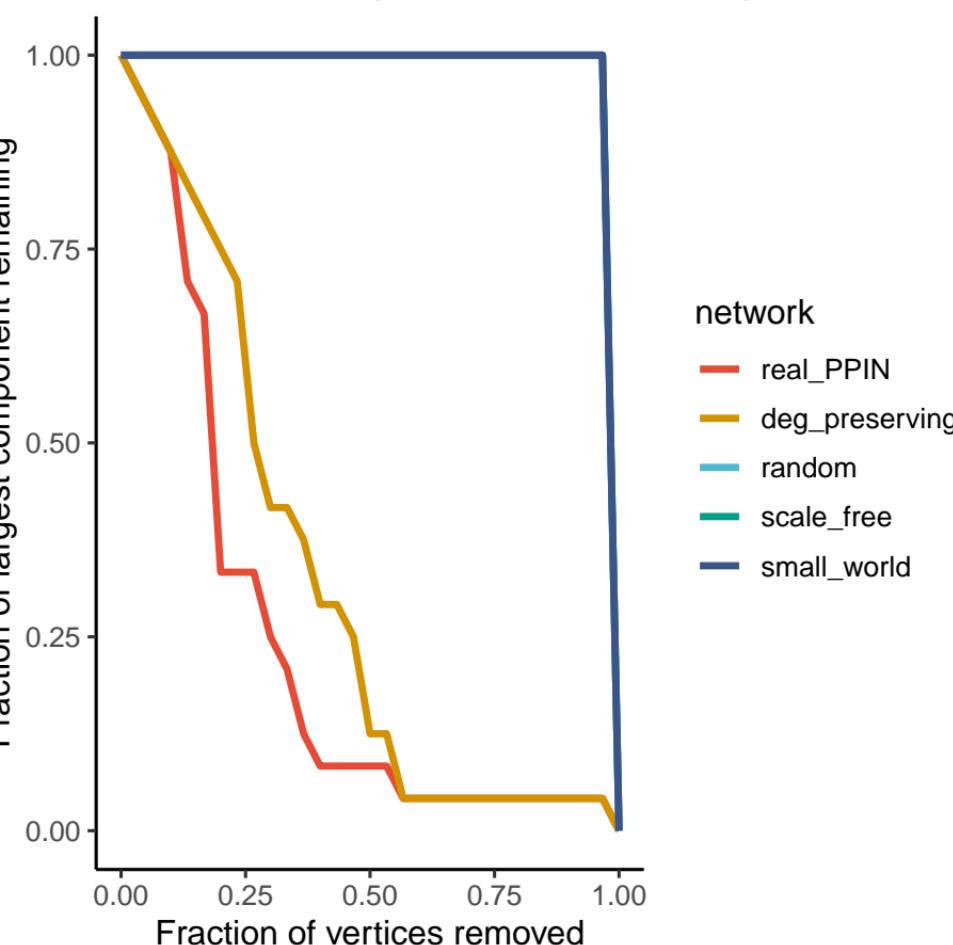

## HiGCTS\_11 resilience (AUC of fragmentation curve)

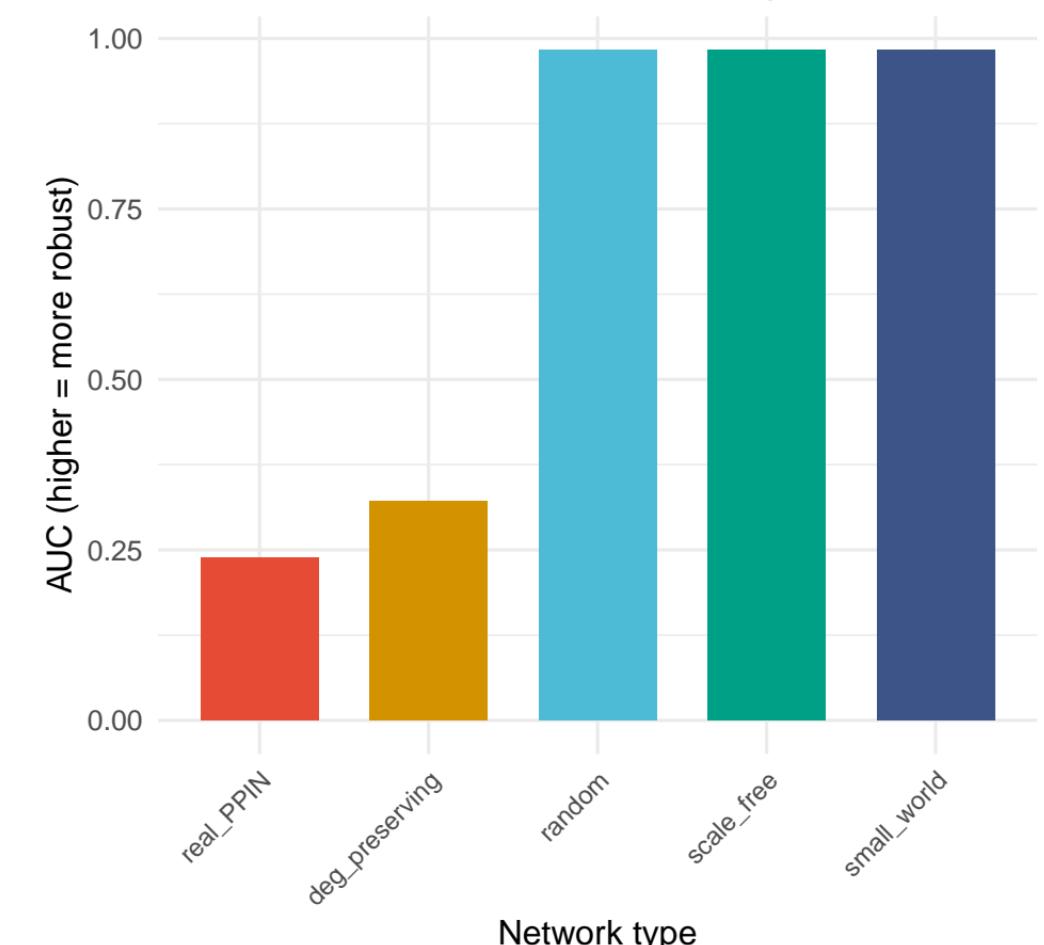

## Edge-weight distribution

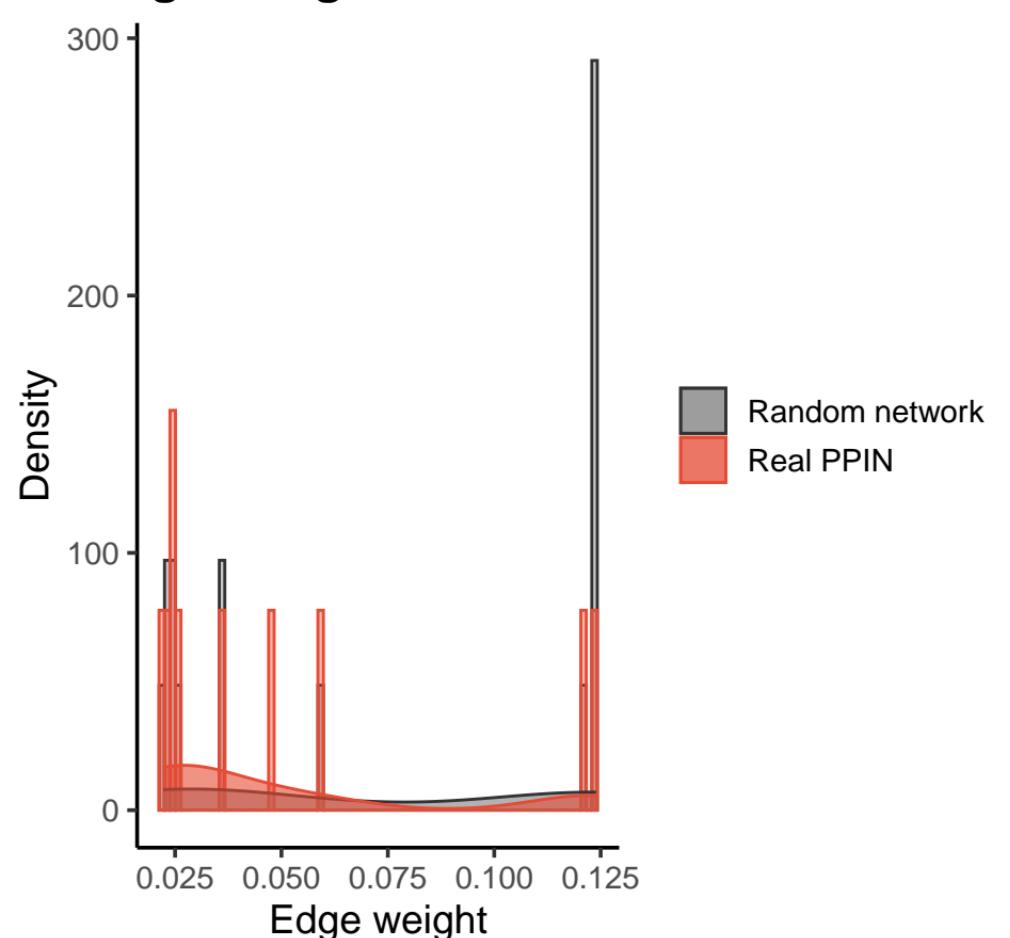

## HiGCTS\_15 fragmentation under targeted-node attack

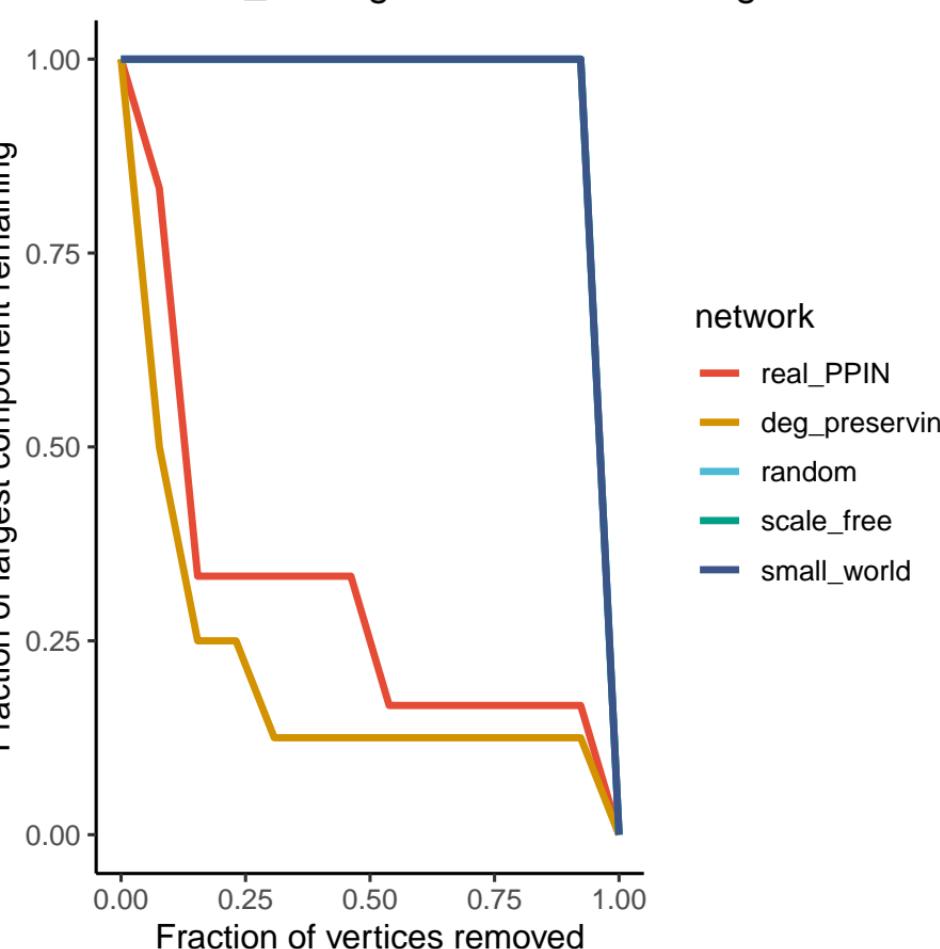

## HiGCTS\_15 resilience (AUC of fragmentation curve)

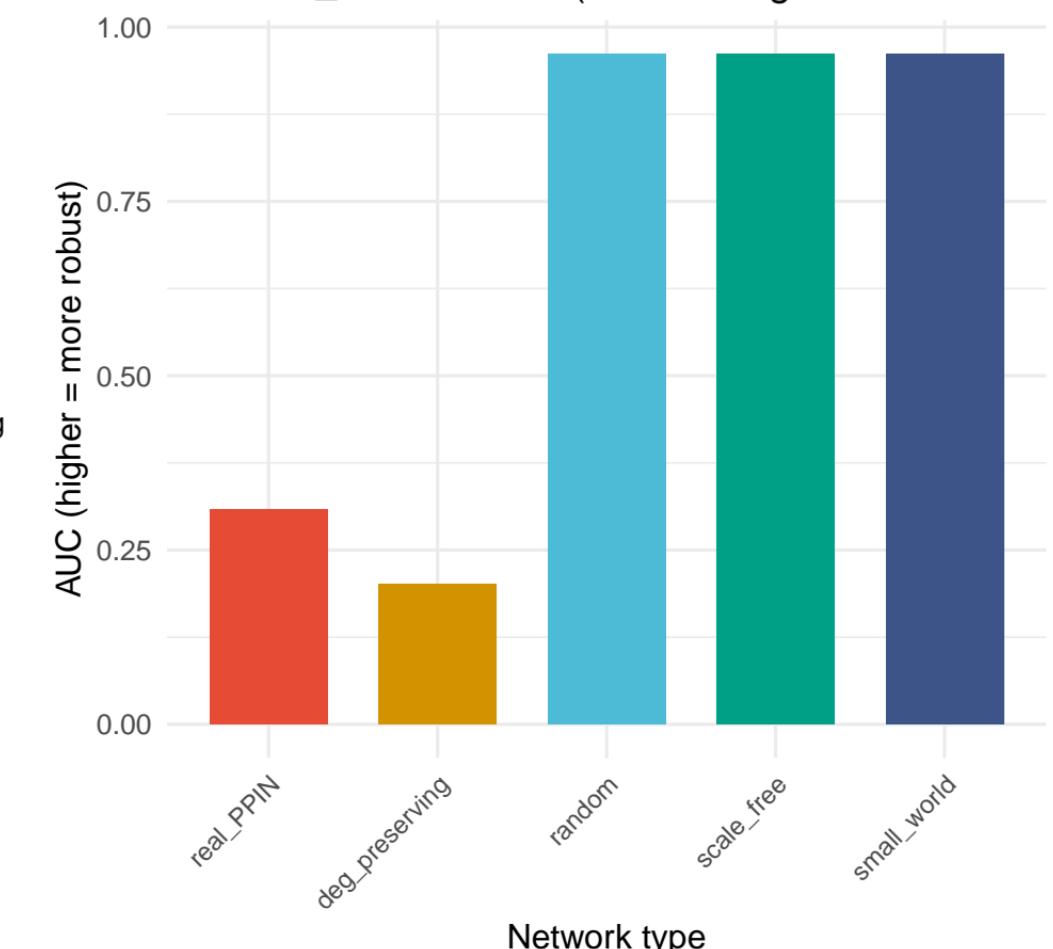

## Edge-weight distribution

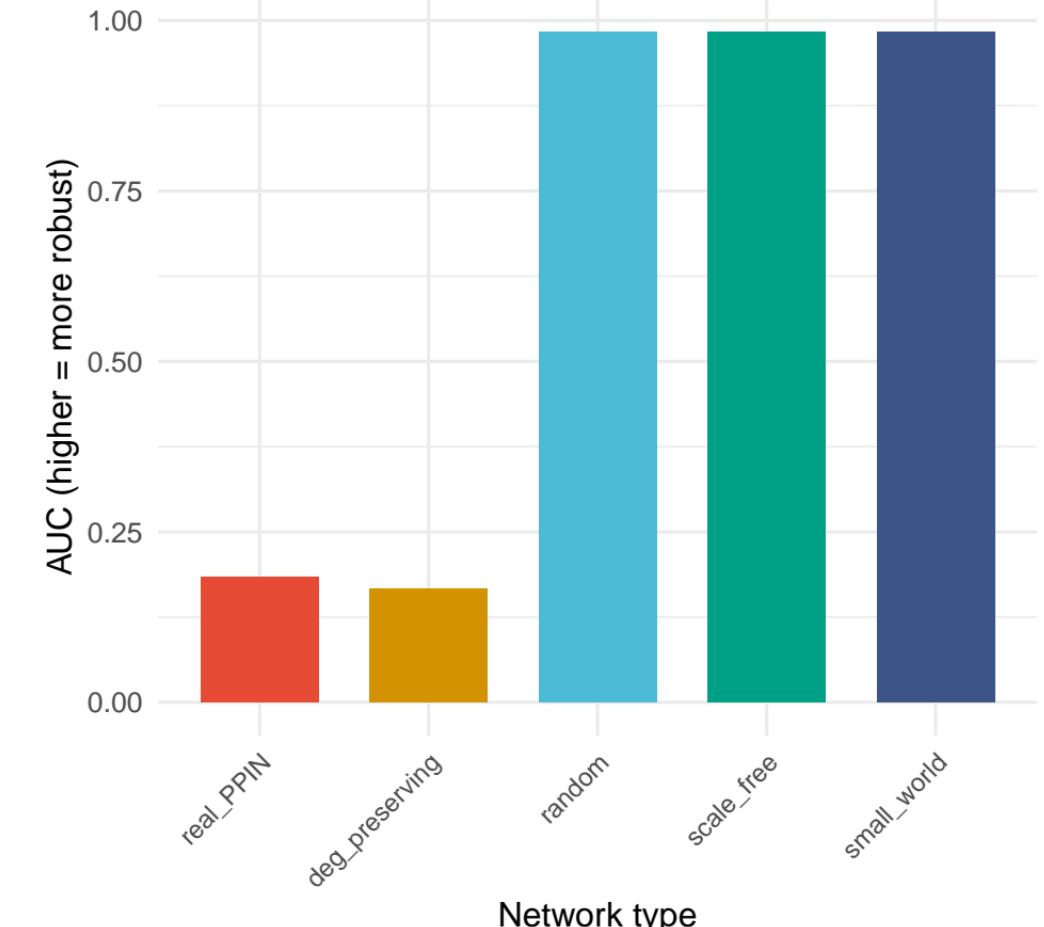

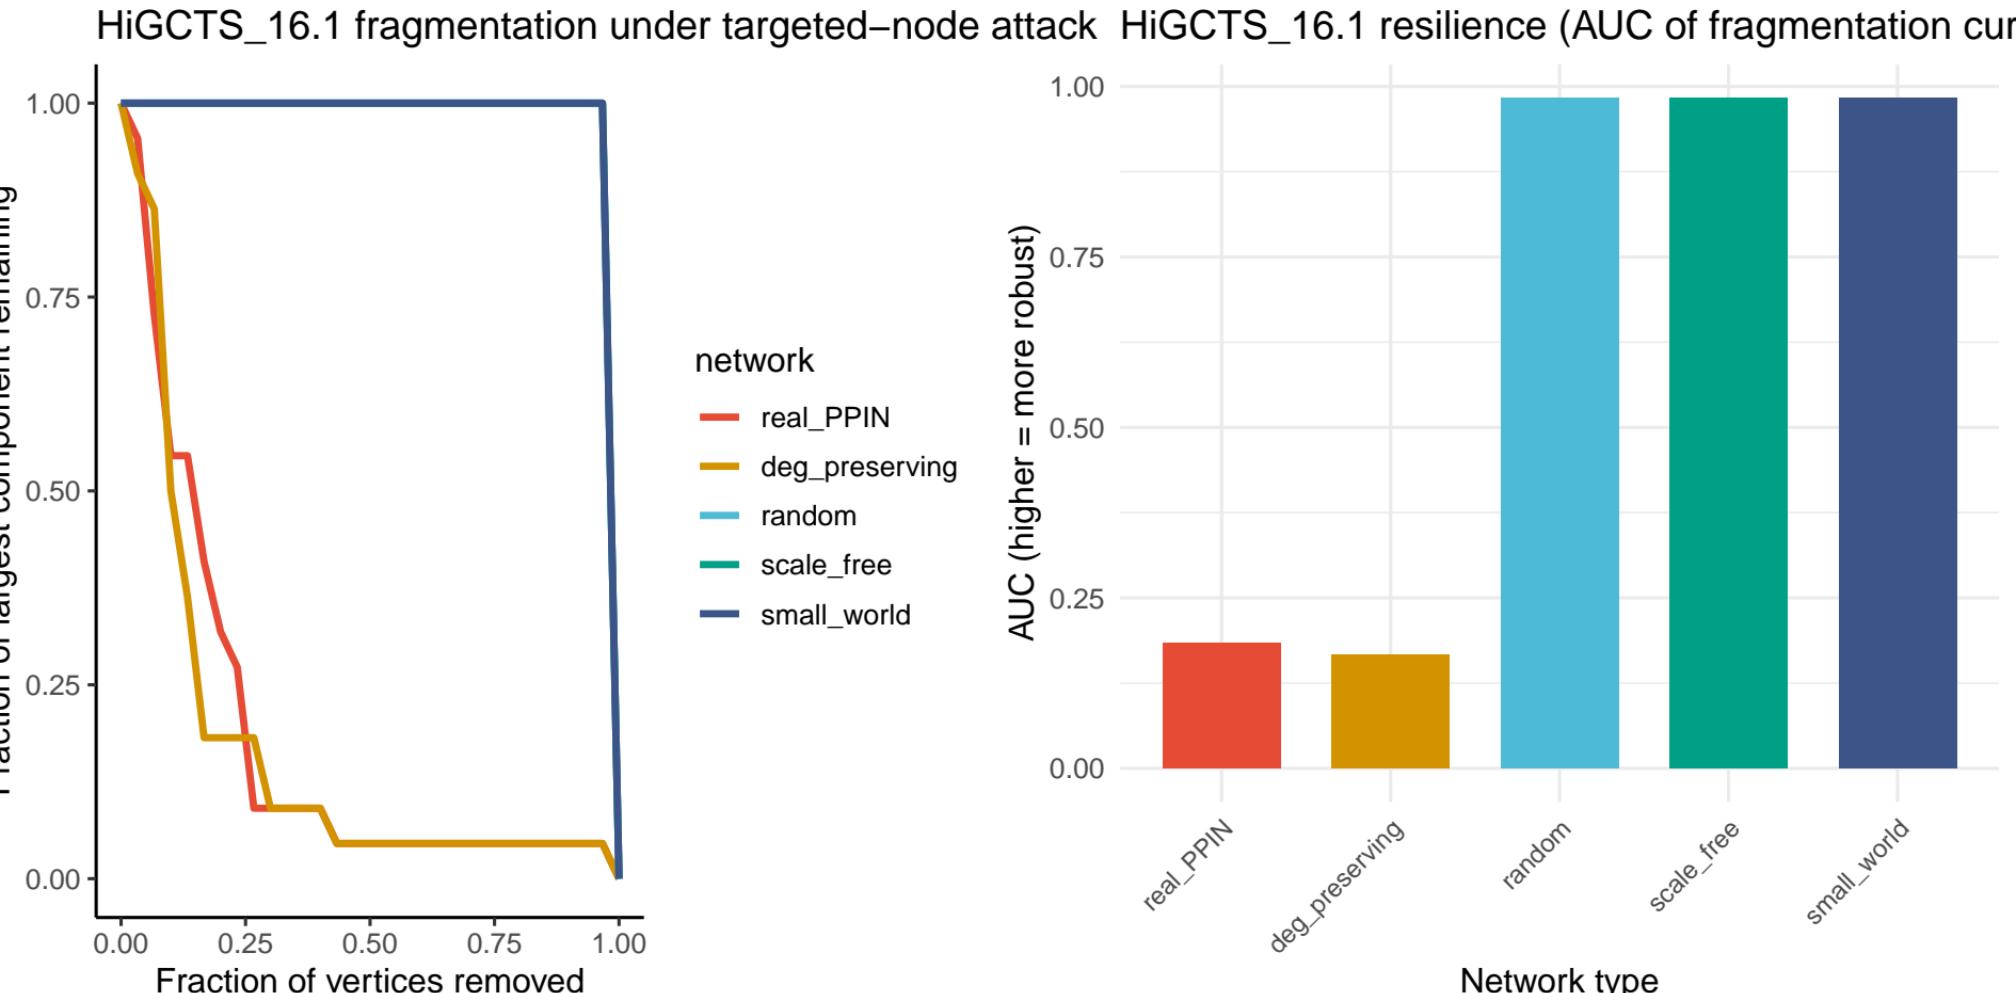

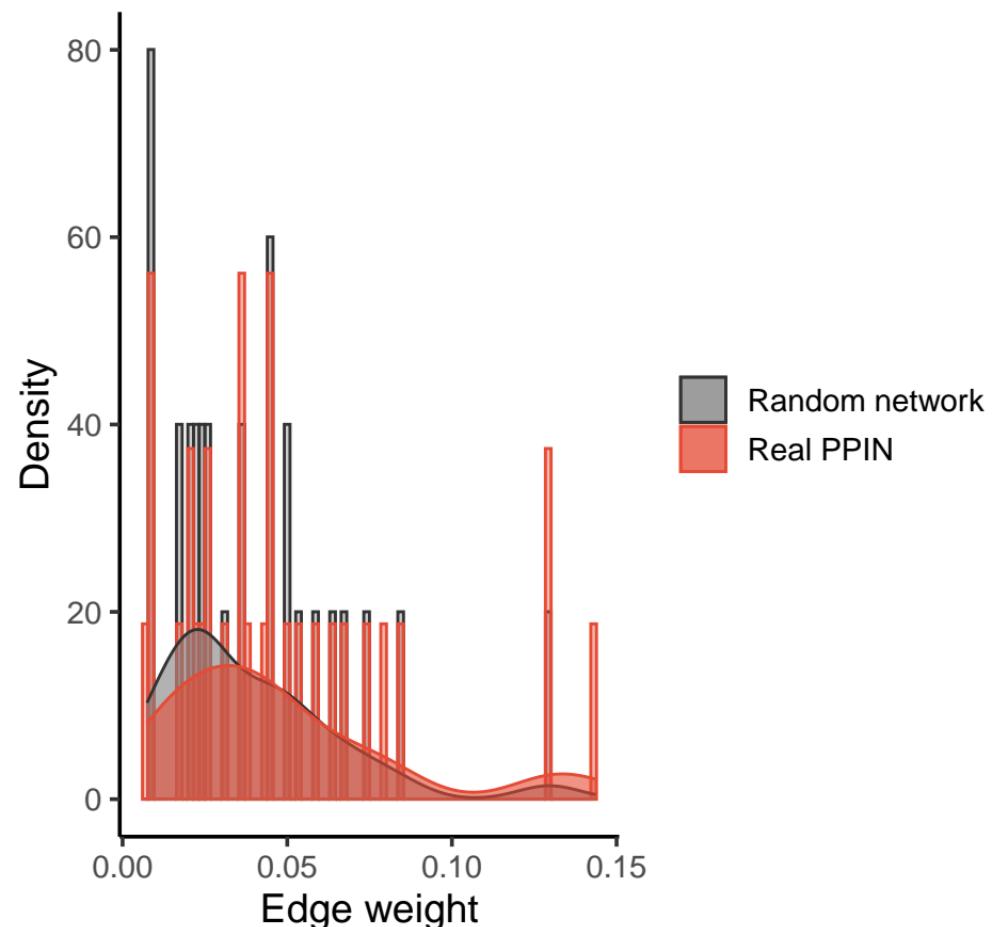

## HiGCTS\_16 fragmentation under targeted-node attack

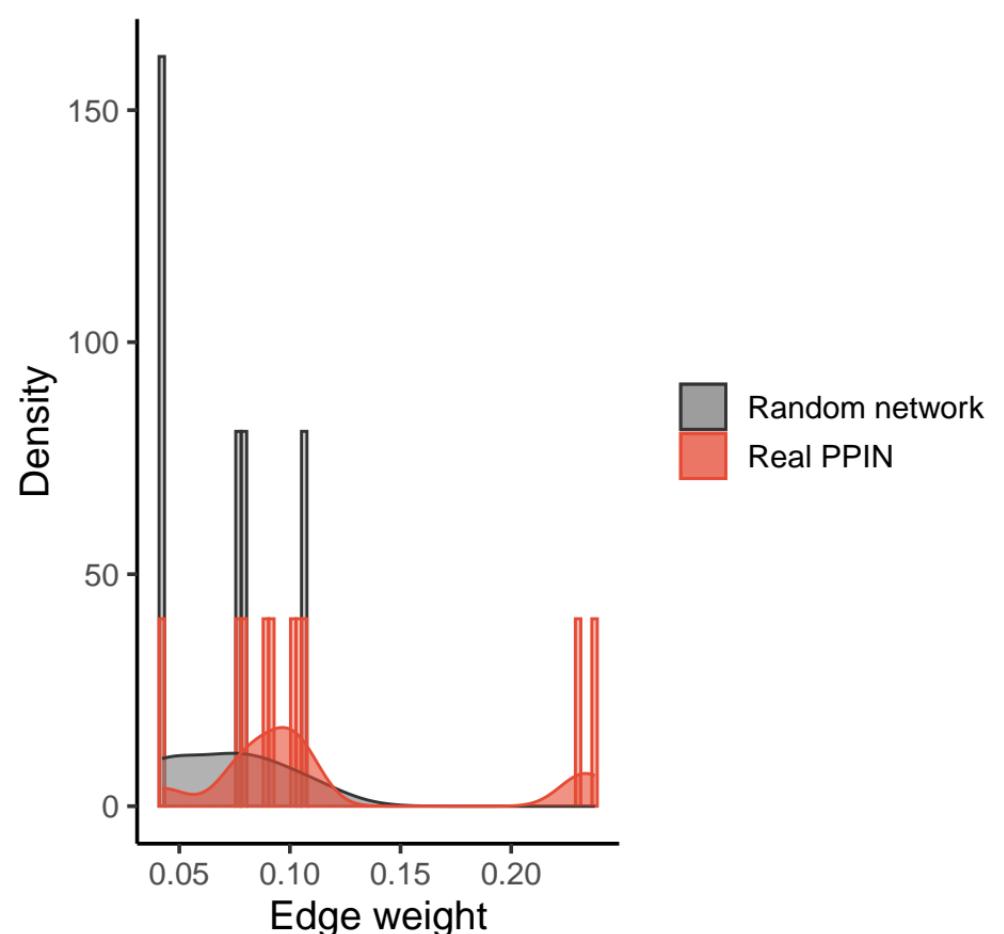

## HiGCTS\_16 resilience (AUC of fragmentation curve)

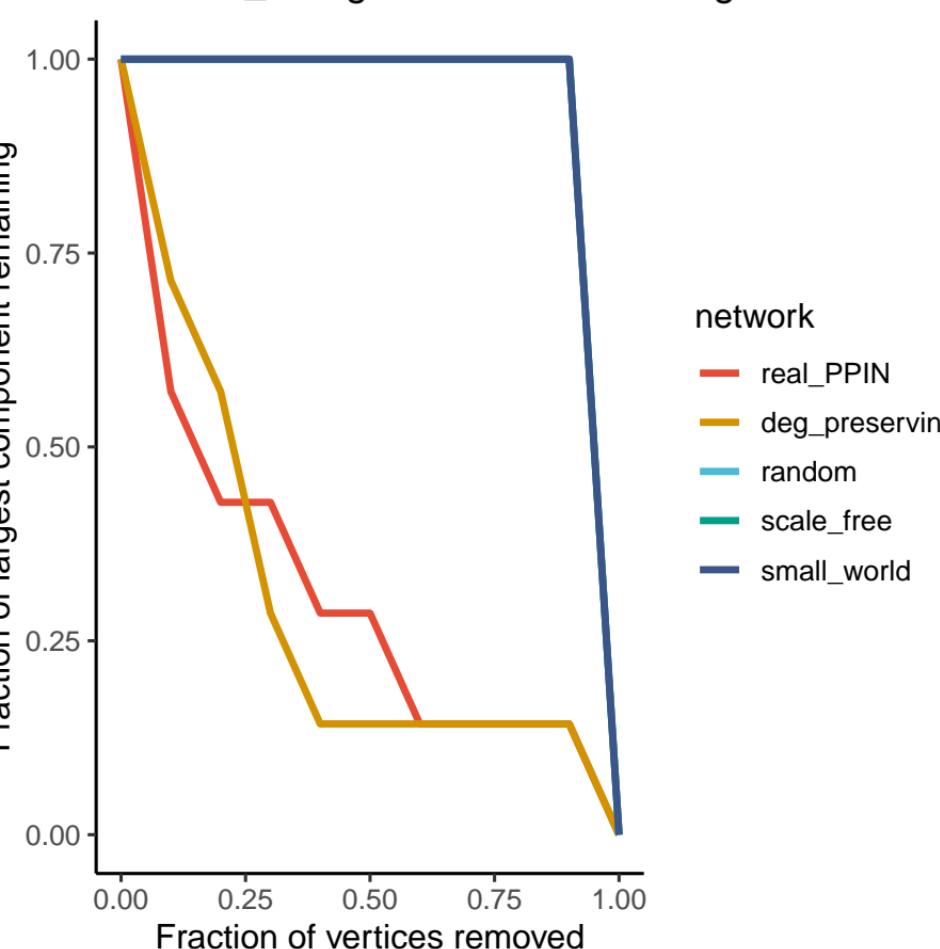

## Edge-weight distribution

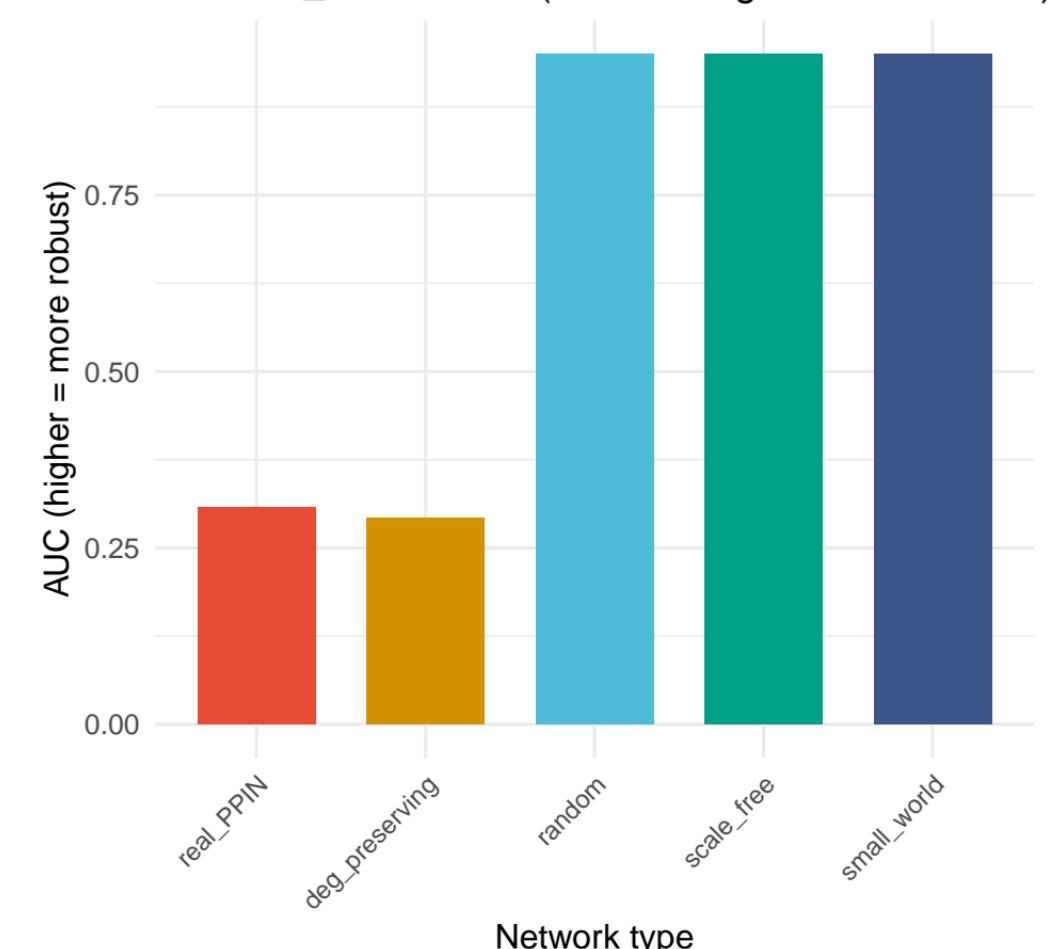

## Edge-weight distribution

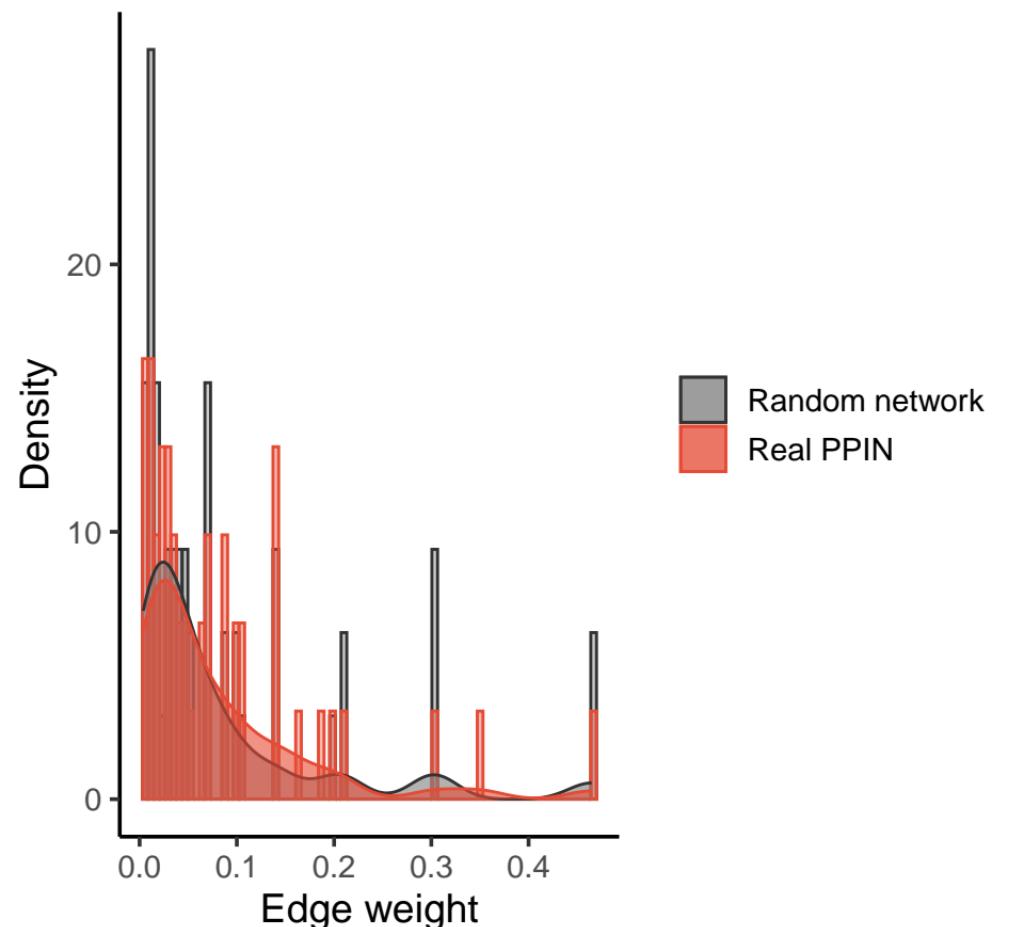

## HiGCTS\_8 fragmentation under targeted-node attack

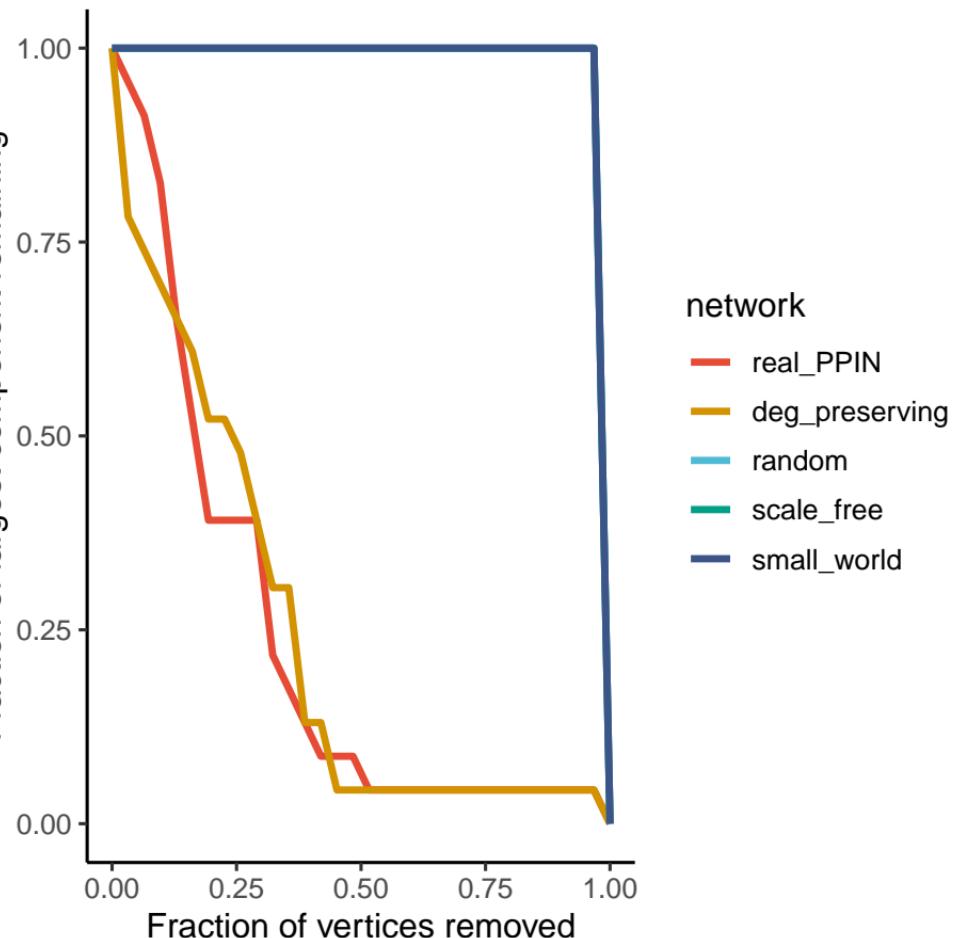

## HiGCTS\_8 resilience (AUC of fragmentation curve)

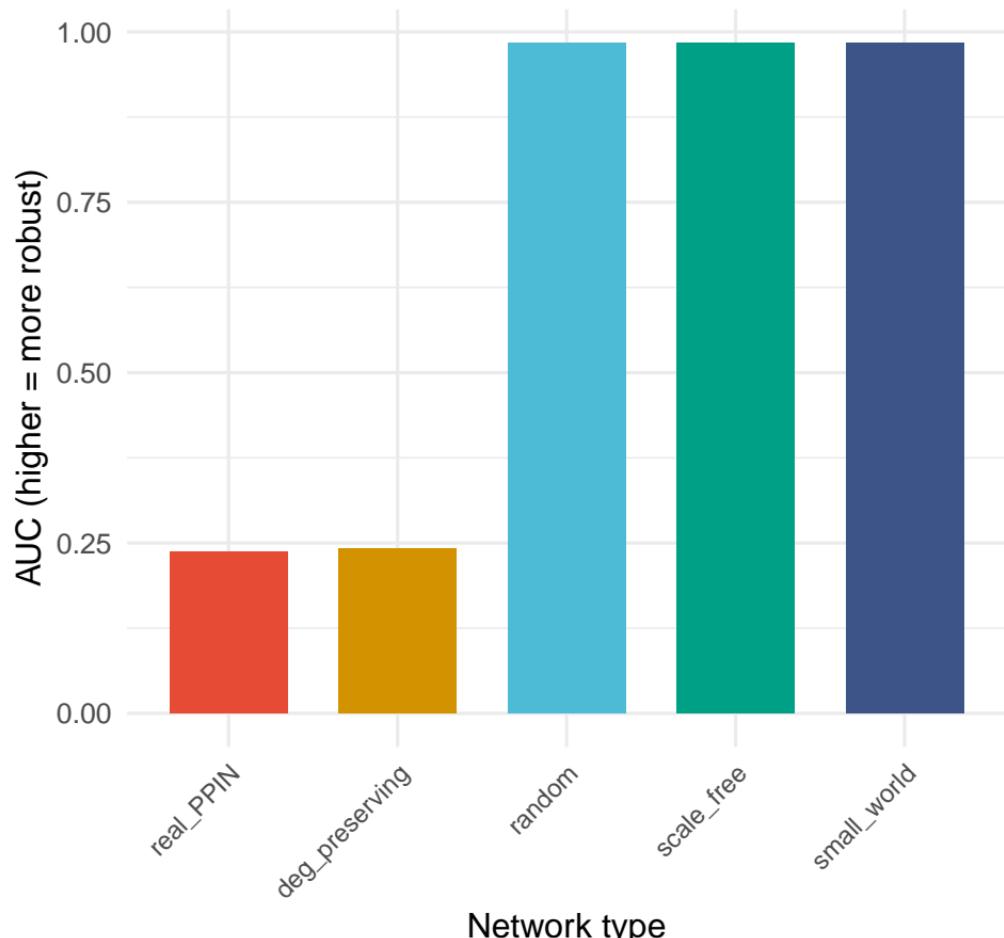

## Edge-weight distribution

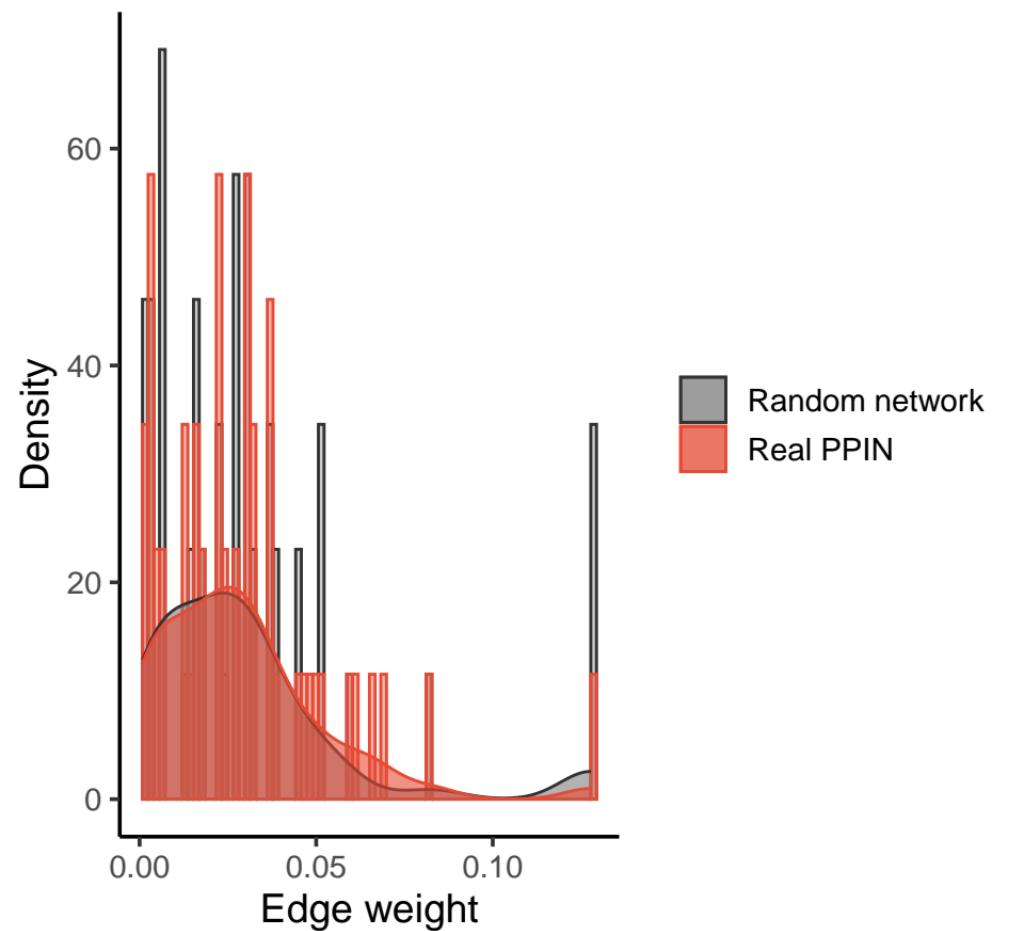

## CTS\_7 fragmentation under targeted-node attack

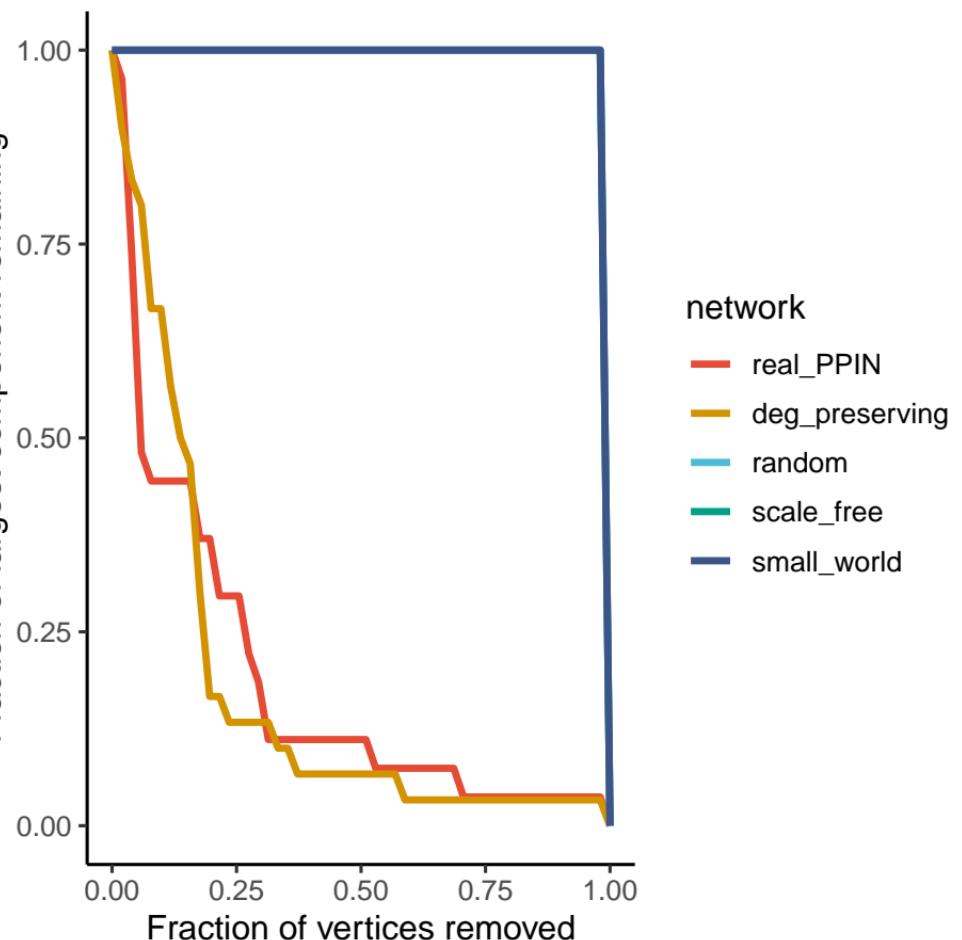

## CTS\_7 resilience (AUC of fragmentation curve)

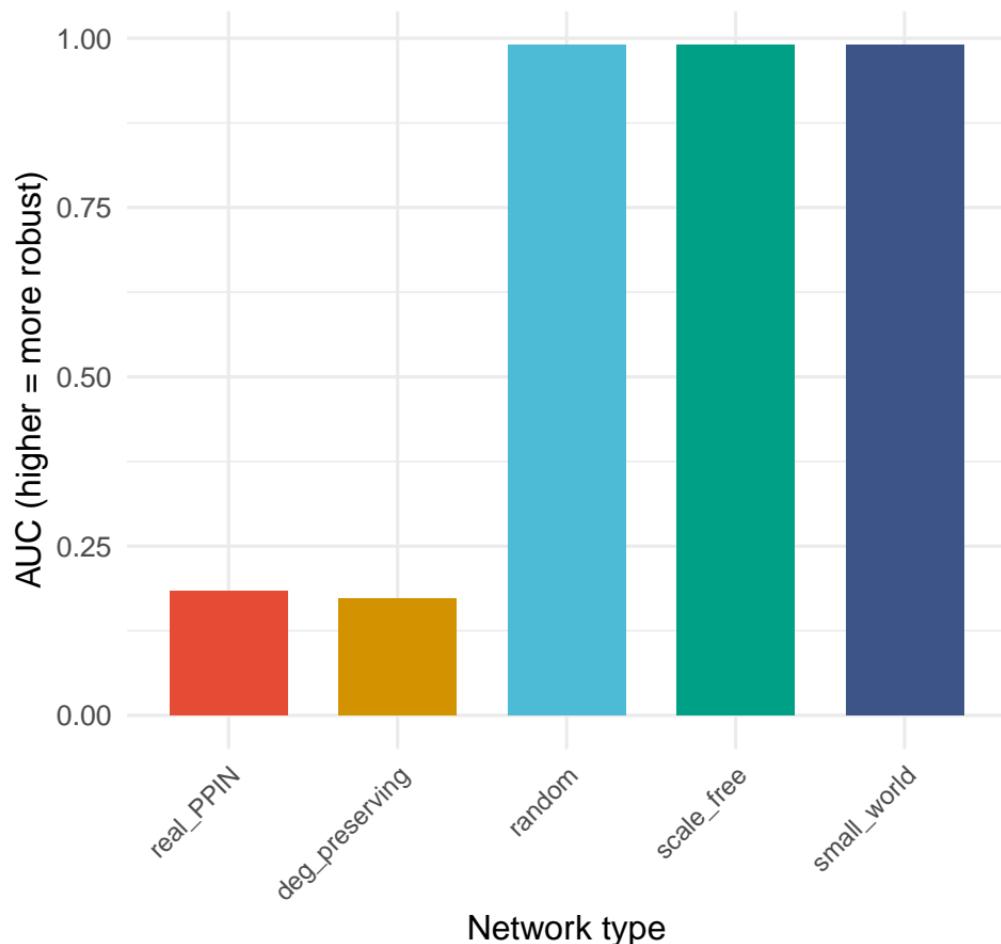

## Edge-weight distribution

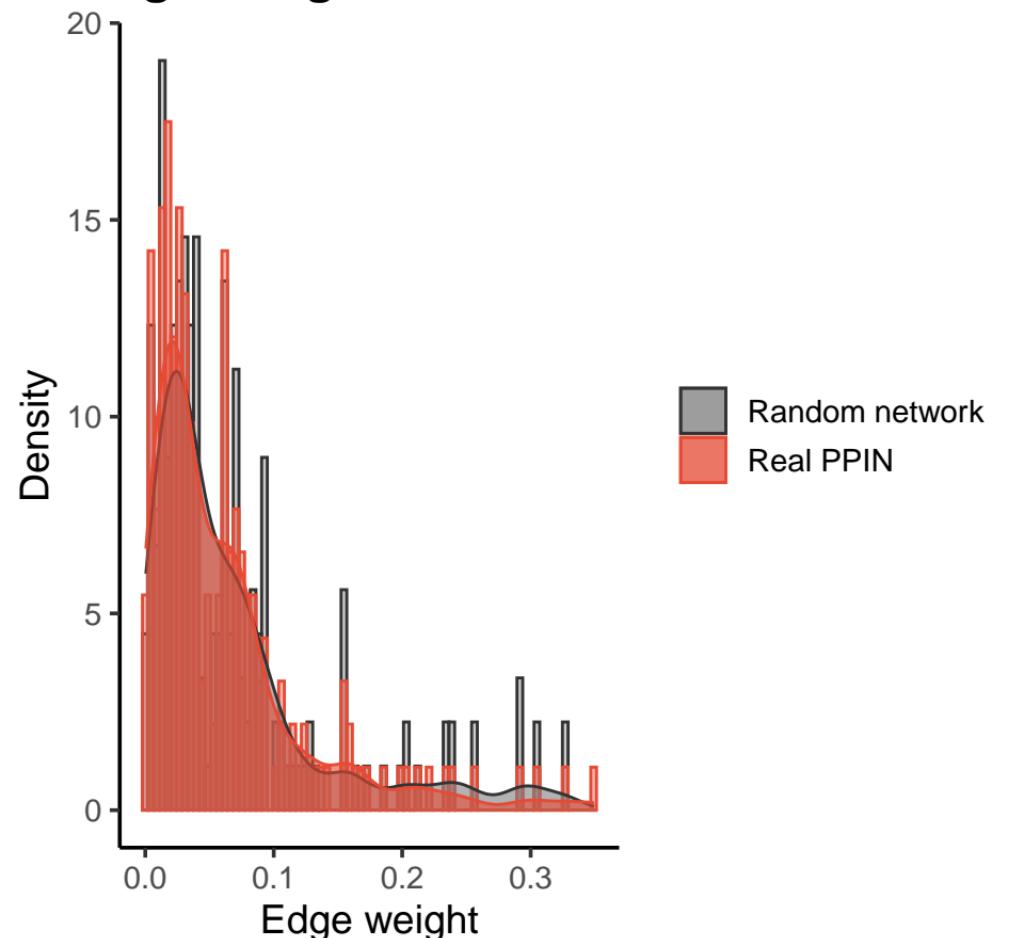

## CTS\_11 fragmentation under targeted-node attack

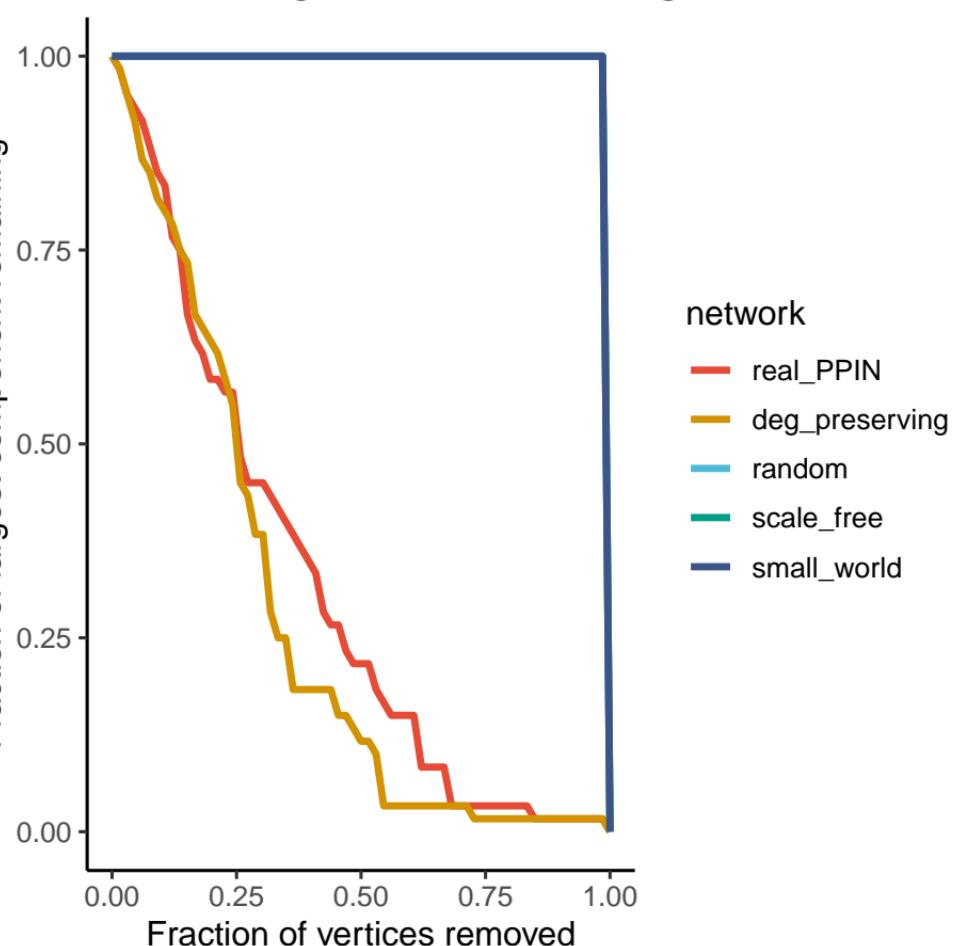

## CTS\_11 resilience (AUC of fragmentation curve)

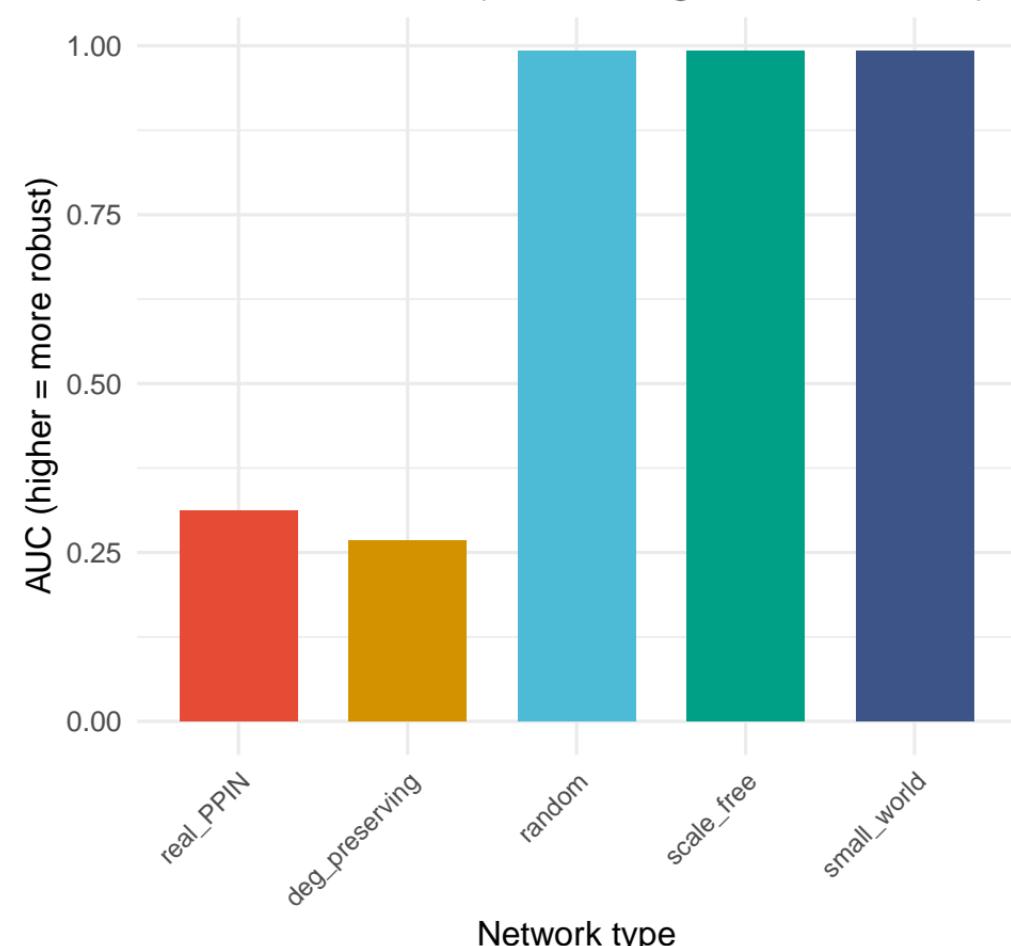

## Edge-weight distribution

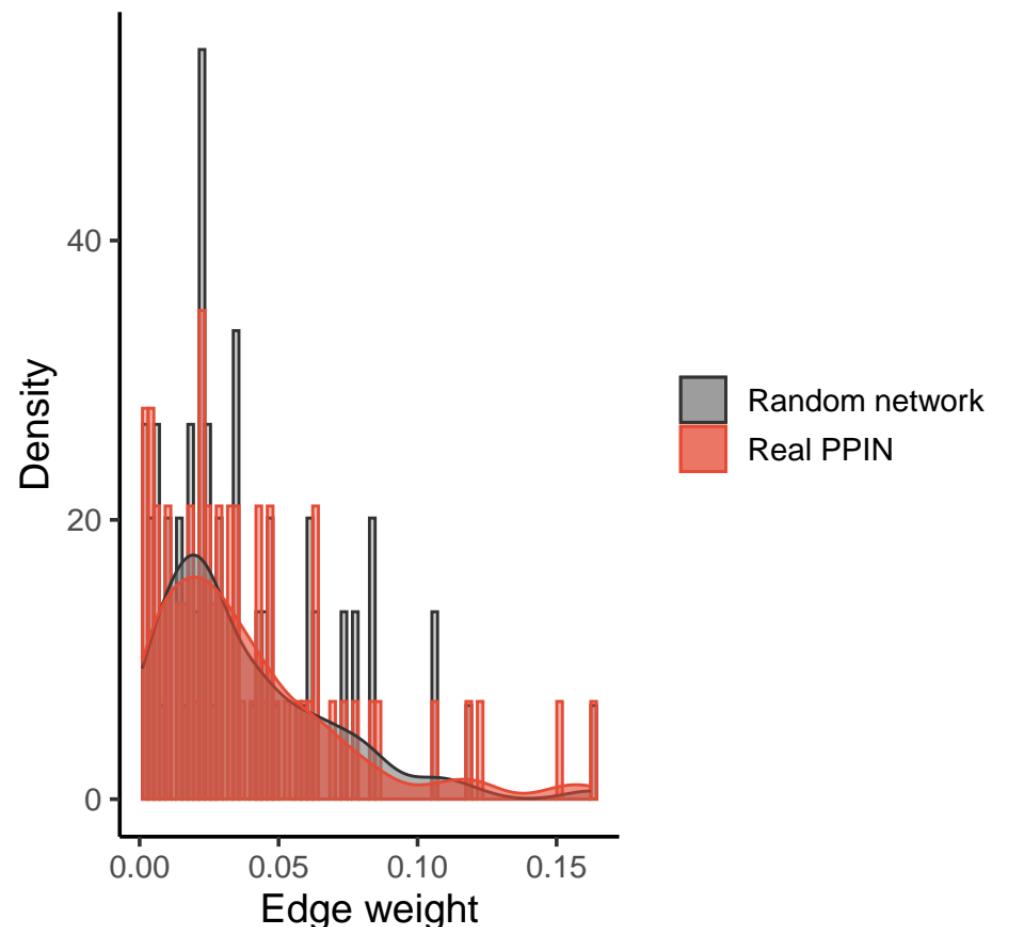

## CTS\_15 fragmentation under targeted-node attack

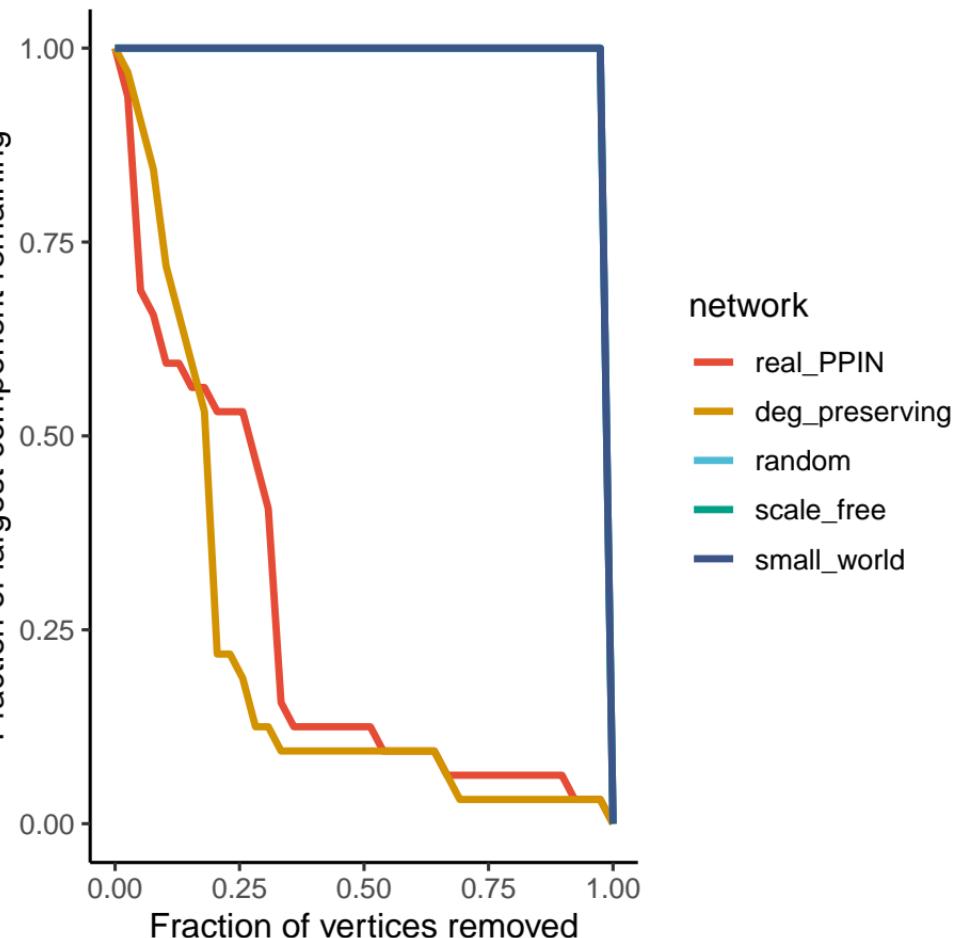

## CTS\_15 resilience (AUC of fragmentation curve)

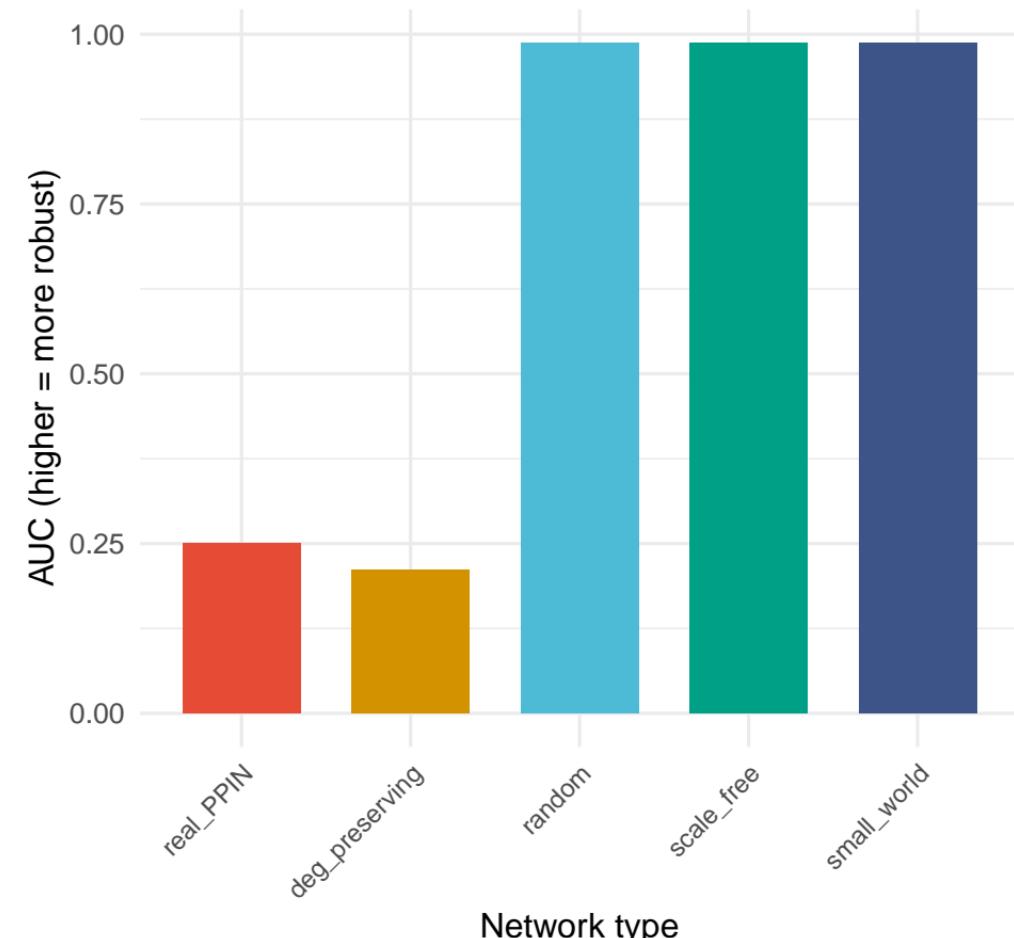

## Edge-weight distribution

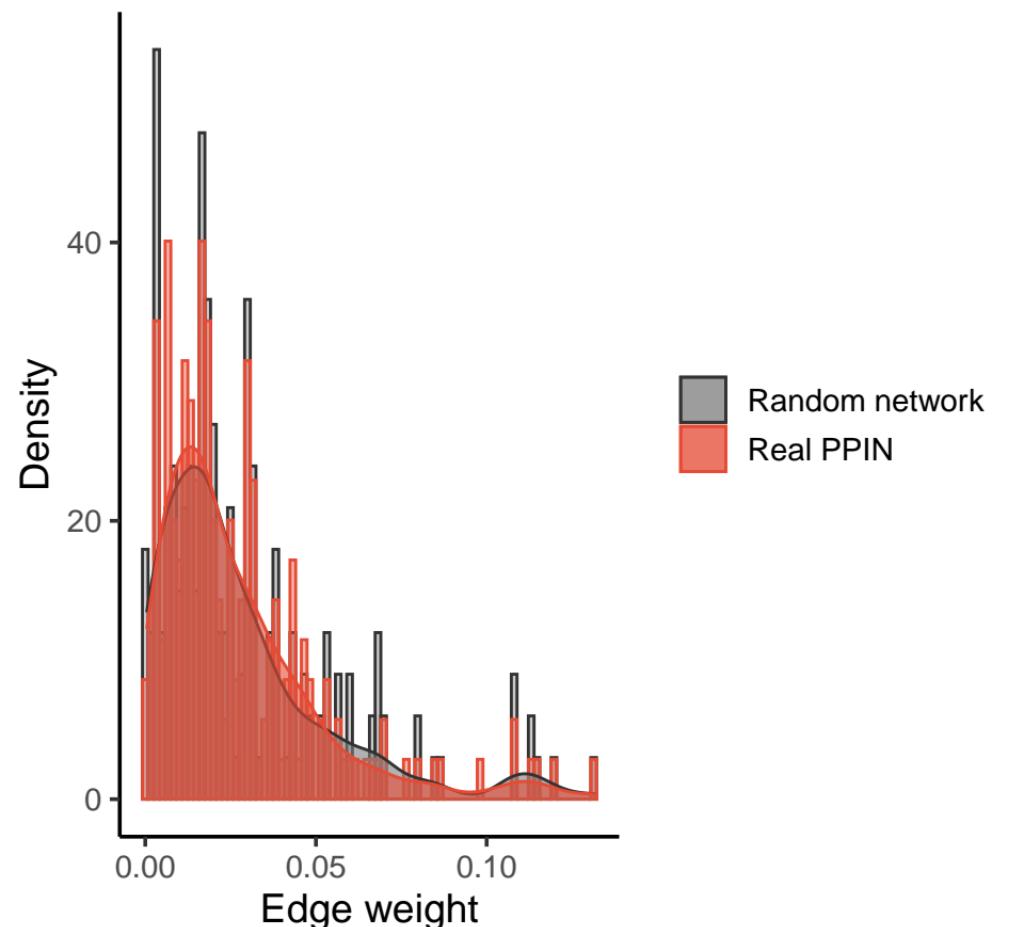

## CTS\_16 fragmentation under targeted-node attack

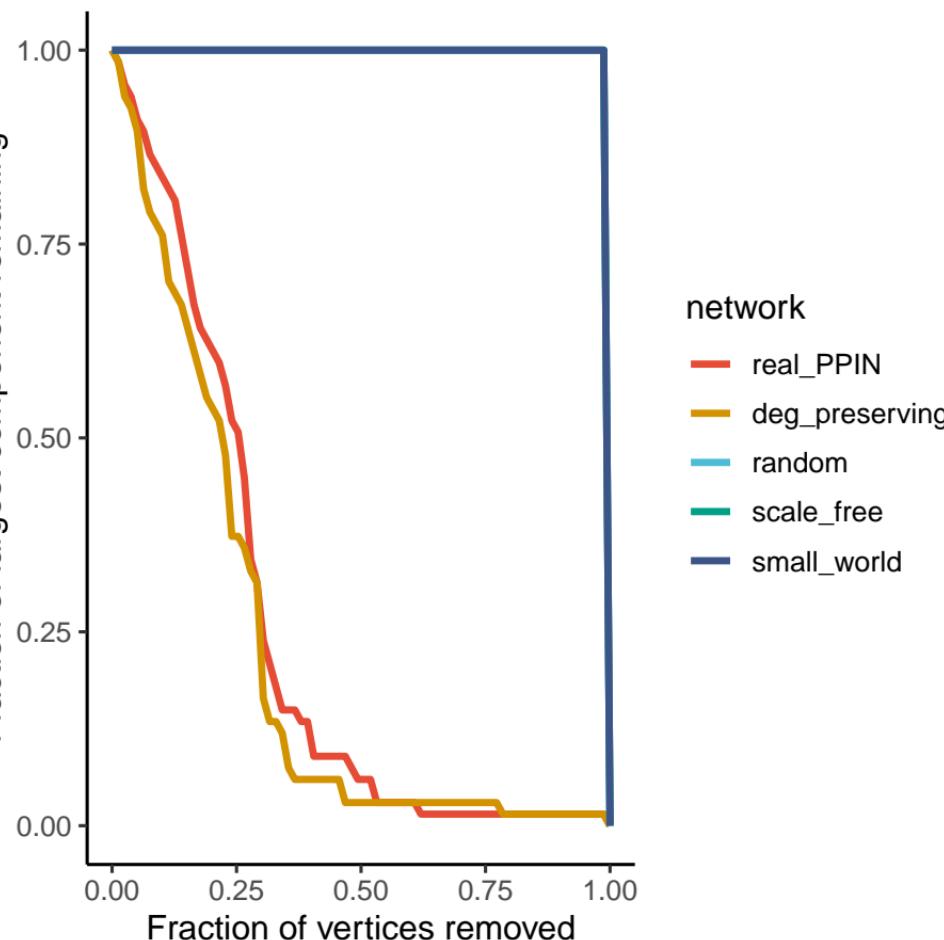

## CTS\_16 resilience (AUC of fragmentation curve)

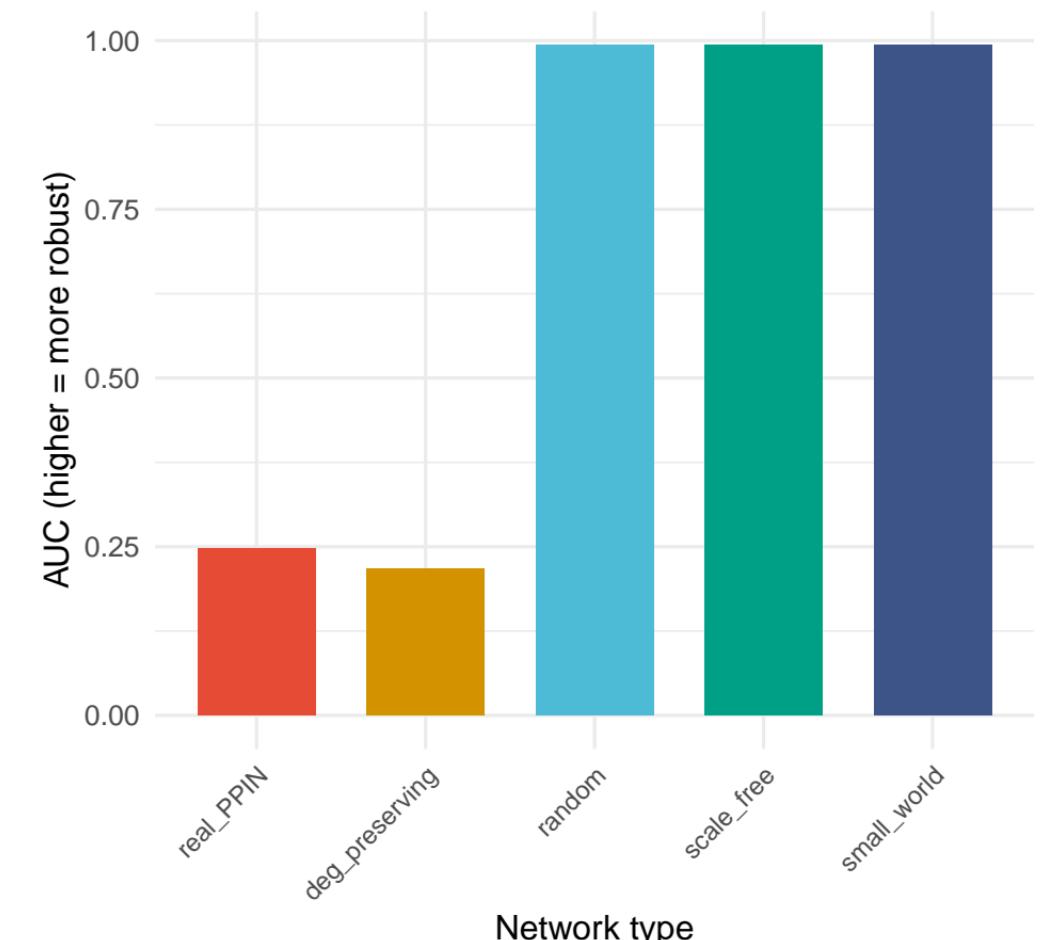

## Edge-weight distribution

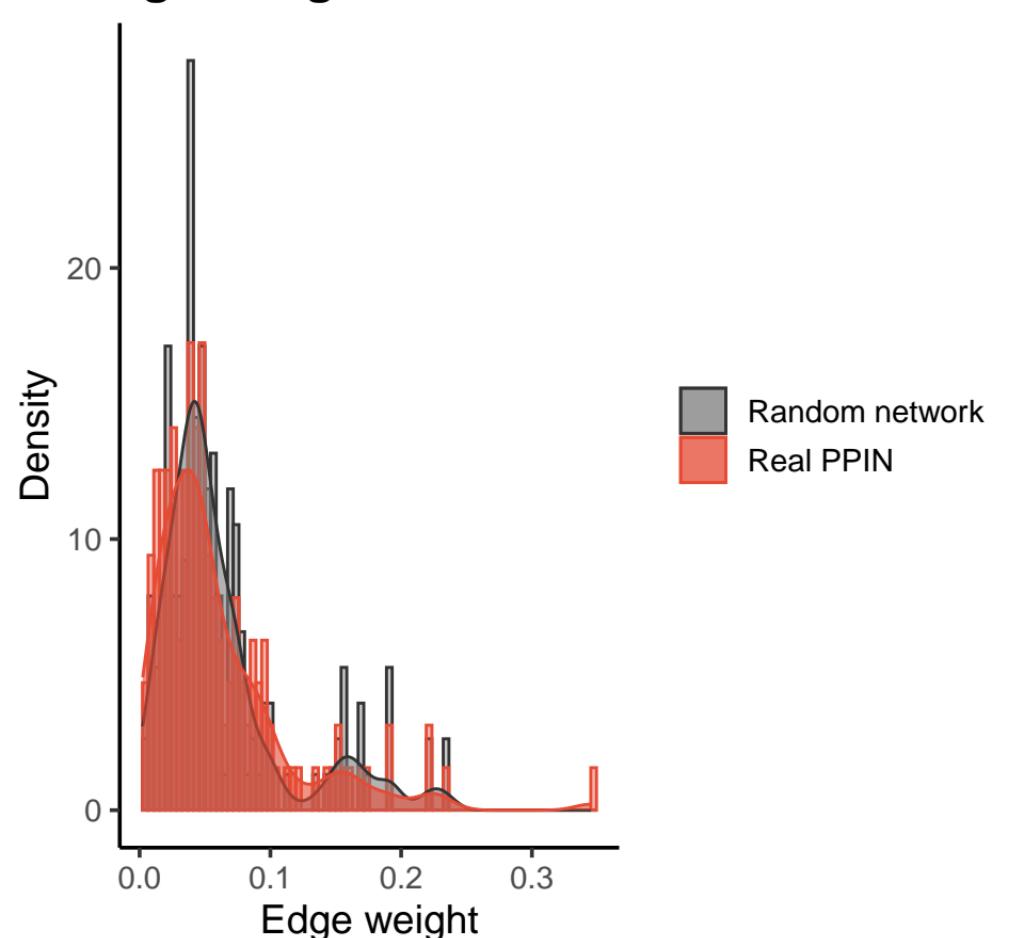

## CTS\_16.1 fragmentation under targeted-node attack

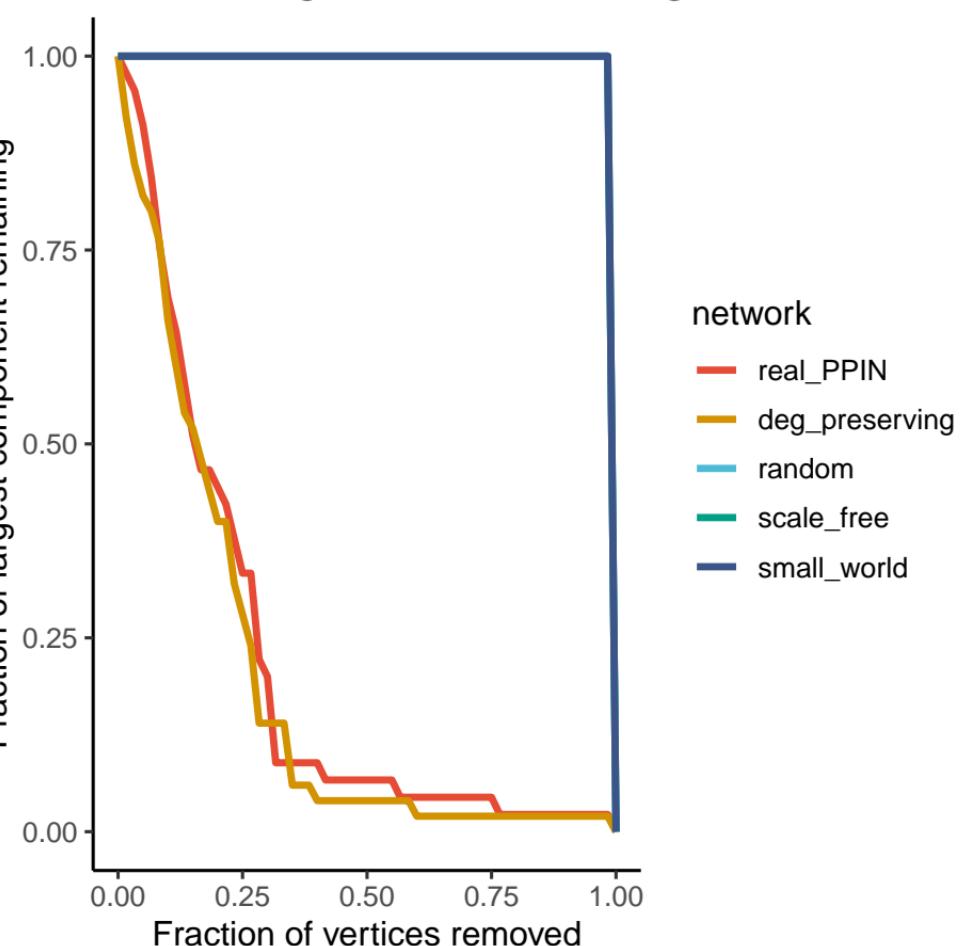

## CTS\_16.1 resilience (AUC of fragmentation curve)

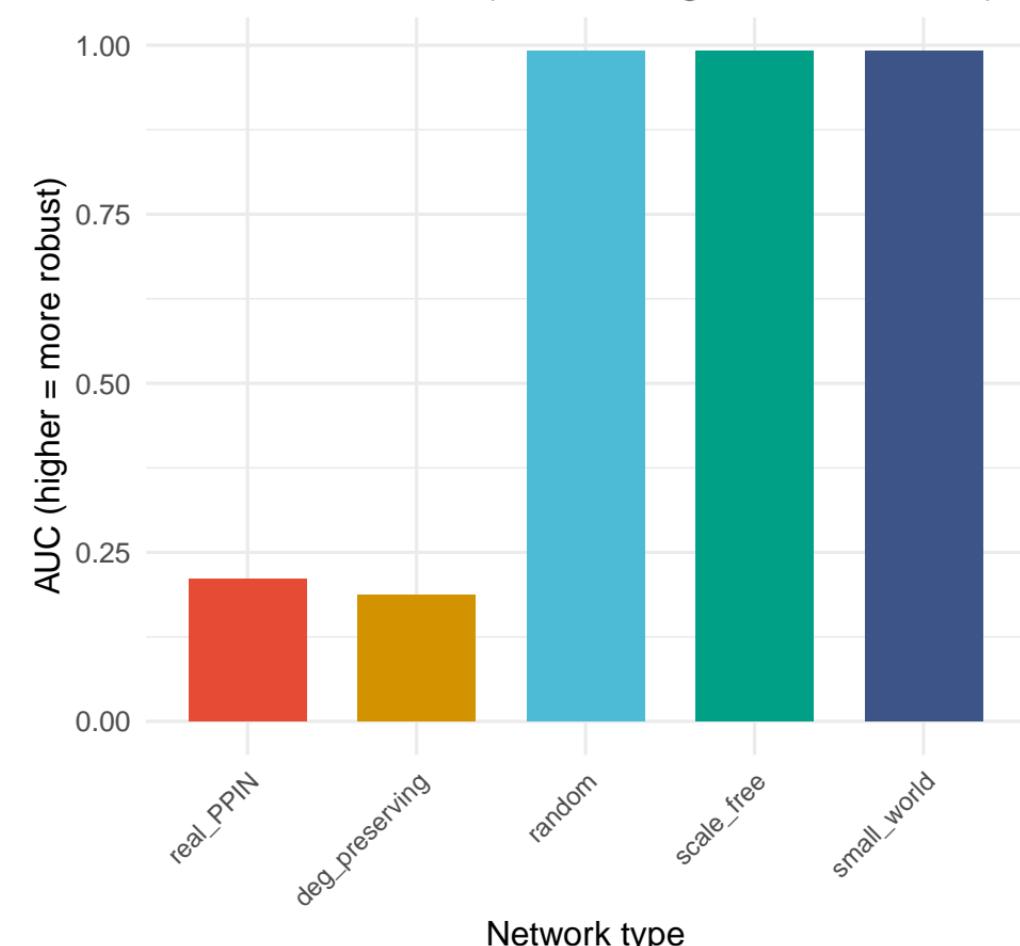

## Edge-weight distribution

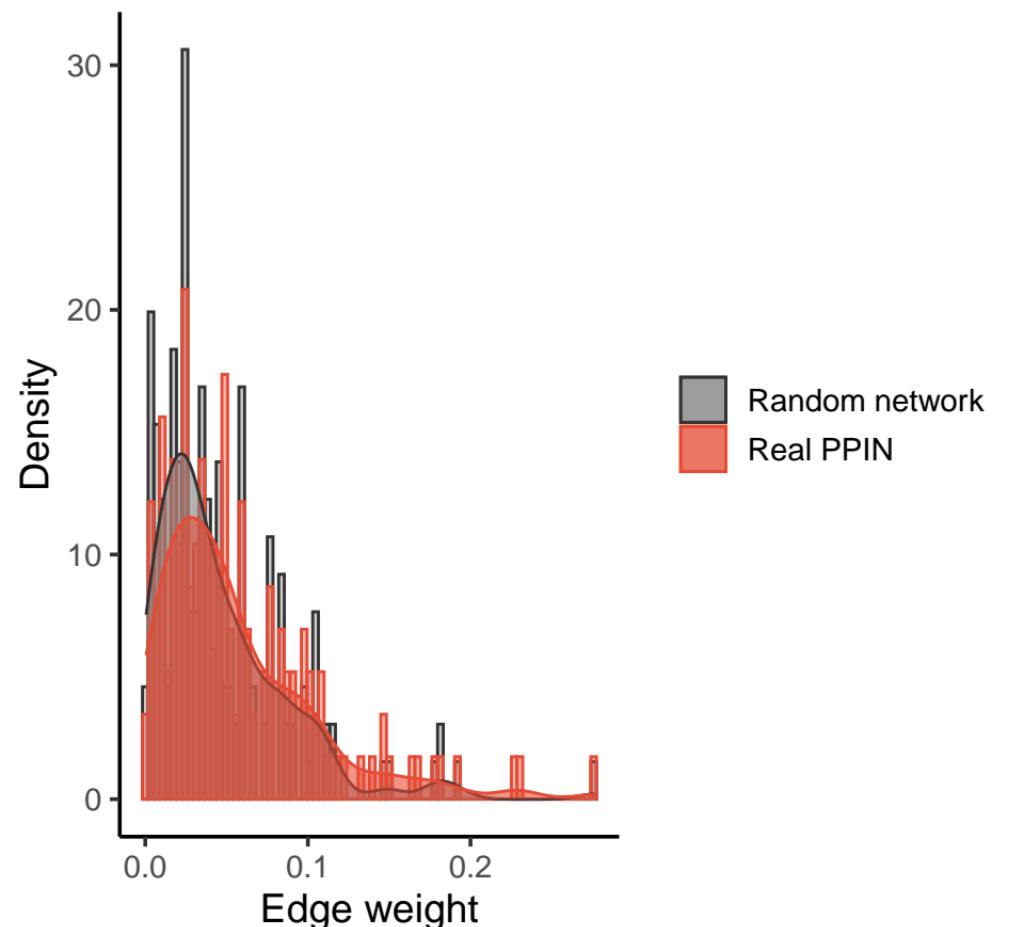

## CTS\_13 fragmentation under targeted-node attack

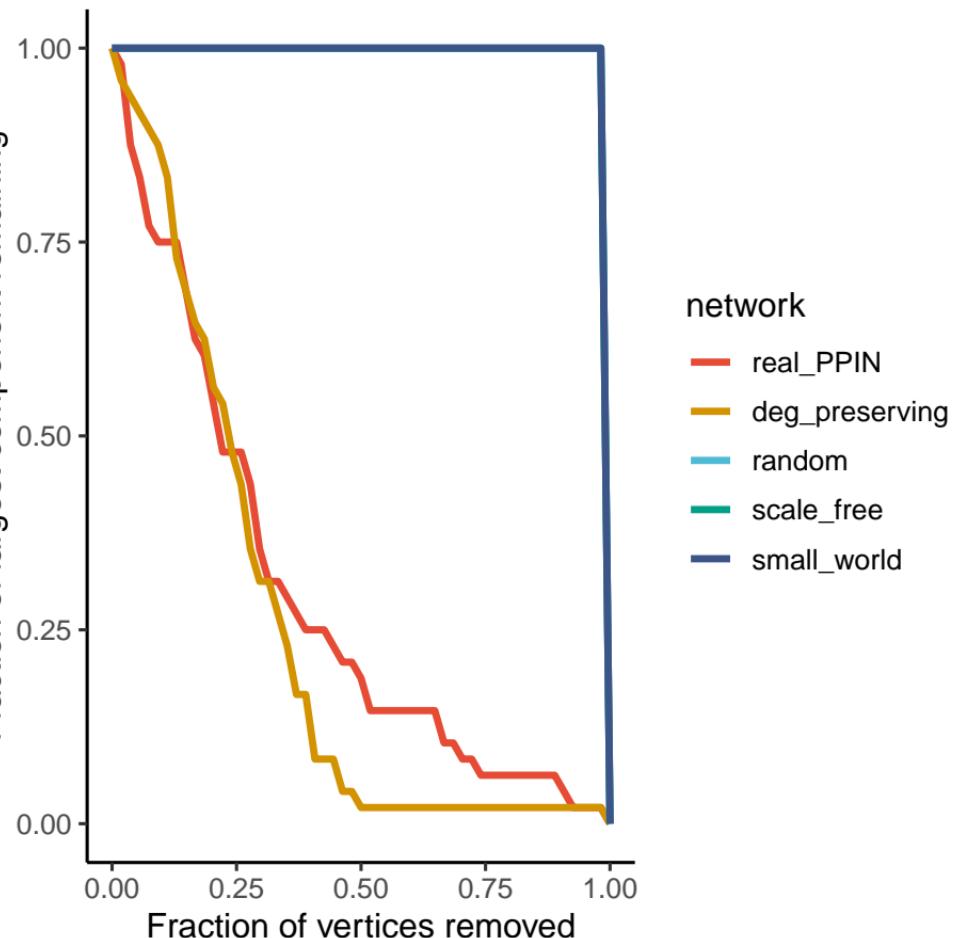

## CTS\_13 resilience (AUC of fragmentation curve)

## Edge-weight distribution

## CTS\_8 fragmentation under targeted-node attack

## CTS\_8 resilience (AUC of fragmentation curve)
